### Eastspring Investments Fund Management Limited Liability Company Statement of the Board of Directors

10<sup>th</sup> Floor, Sun Wah Tower 115 Nguyen Hue Street, Ben Nghe Ward

The Board of Directist of East print Minvestive New Parid Management Limited Liability Company ("the Company") presents this statement and accompanying interim financial statements of the Company for the six-month period ended 30 June 2020.

The Board of Directors is responsible for the preparation and fair presentation of the interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for investment fund management companies and the other relevant statutory requirements applicable to interim financial reporting. In the opinion of the Board of Directors:

- (a) the interim financial statements set out on pages 5 to 36 give a true and fair view of the financial position of the Company as at 30 June 2020, and of its results of operations and its cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for investment fund management companies and the other relevant statutory requirements applicable to interim financial reporting; and
- (b) at the date of this statement, there are no reasons to believe that the Company will not be able to pay its debts as and when they fall due. The interim financial statements have been prepared on a going concern basis.

The Board of Directors has, on the date of this statement, authorised these interim financial statements for issue.

### INTERIM FINANCIAL STATEMENTS REVIEW REPORT

### To the Investor Eastspring Investments Fund Management Limited Liability Company

We have reviewed the accompanying interim financial statements of Eastspring Investments Fund Management Limited Liability Company ("the Company"), which comprise the balance sheet as at 30 June 2020, the statements of income and cash flows for the six-month period then ended and the explanatory notes thereto which were authorised for issue by the Company's Board of Directors on 11 August 2020, as set out on pages 5 to 36.

### Management's Responsibility

The Company's Board of Directors is responsible for the preparation and fair presentation of these interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for investment fund management companies and the other relevant statutory requirements applicable to interim financial reporting, and for such internal control as the Board of Directors determines is necessary to enable the preparation of interim financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express a conclusion on these interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 – Review of interim financial information performed by the independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Auditor's Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view, in all material respects, of the financial position of Eastspring Investments Fund Management Limited Liability Company as at 30 June 2019 and of its results of operations and its cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for investment fund management companies and the other relevant statutory requirements applicable to interim financial reporting.

Approved by:

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

These notes form an integral part of and should be read in conjunction with the accompanying interim financial statements.

### 1. Reporting entity

### (a) Ownership structure

Eastspring Investments Fund Management Limited Liability Company ("the Company") is a limited liability company licenced and incorporated in the Socialist Republic of Vietnam.

### (b) Principal activities

The principal activities of the Company are to establish and manage securities investment funds, to provide portfolio management services and to provide financial consultancy and securities investment consultancy under the Fund Management Establishment and Operation Licence and its amendments.

The charter capital of the Company as stipulated in the Fund Management Establishment and Operation Licence is VND25 billion.

As at 30 June 2020, the Company had 20 employees (31/12/2019: 21 employees) of which one (1) is management personnel. During the period, there was one (1) employee resigning and no disciplinary action was taken against any of the employees. As at 30 June 2020, the Company had 9 employees (31/12/2019: 9 employees) who were qualified for fund and assets management.

### 2. Basis of preparation

### (a) Statement of compliance

The interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for investment fund management companies and the relevant statutory requirements applicable to interim financial reporting. These standards and relevant statutory requirements may differ in some material respects from International Financial Reporting Standards and the generally accepted accounting principles and standards of other countries. Accordingly, the accompanying interim financial statements are not intended to present the financial position and results of operations and cash flows in accordance with generally accepted accounting principles and practices in countries or jurisdictions other than Vietnam. Furthermore, their utilisation is not designed for those who are not informed about Vietnam's accounting principles, procedures and practices applicable to fund management companies.

H. 1. C. ... ... ... 1. ...

(

į

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (b) Basis of measurement

The interim financial statements, except for the statement of cash flows, are prepared on the accrual basis using the historical cost concept. The statement of cash flows is prepared using the direct method.

### (c) Annual accounting period

The annual accounting period of the Company is from 1 January to 31 December. The interim financial statements are prepared for the six-month period ended 30 June 2020.

### (d) Accounting and presentation currency

The Company's accounting currency is Vietnam Dong ("VND"), which is also the currency used for financial statement presentation purpose, rounded to the nearest thousand ("VND'000").

### 3. Summary of significant accounting policies

The following significant accounting policies have been adopted by the Company in the preparation of these interim financial statements.

The accounting policies that have been adopted by the Company in the preparation of these interim financial statements are consistent with those adopted in the preparation of the latest annual financial statements.

### (a) Foreign currency transactions

Transactions in currencies other than VND during the period have been translated into VND at rate approximating actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer buying rate at the end of the accounting period quoted by the commercial bank where the Company most frequently conducts transactions.

All foreign exchange differences are recorded in the statement of income.

### (b) Cash and cash equivalents

Cash comprises cash balances and call deposits. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

W. W. H.

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (c) Investments

### **Held-to-maturity investments**

Held-to-maturity investments are those that the Company's Board of Directors has the intention and ability to hold until maturity. Held-to-maturity investments comprise term deposit at banks with term to maturity of more than three months to one year. These investments are stated at cost less allowance for doubtful debts.

### (d) Accounts receivable

Accounts receivable from fund management activities and other receivables are stated at cost less allowance for doubtful debts.

### (e) Tangible fixed assets

### (i) Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after tangible fixed assets have been put into operation, such as repairs, maintenance and overhaul costs, are charged to the statement of income in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditures are capitalised as additional costs of tangible fixed assets.

### (ii) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

renovation costs

3 years

• office equipment

3 - 4 years

### (f) Intangible fixed assets

### Software

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible fixed asset. Software cost is amortised on a straight-line basis over 4 years.

1

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (g) Accounts payable to suppliers and other payables

Accounts payable to suppliers and other payables are stated at their cost.

### (h) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

### Severance allowance

Under the Vietnamese Labour Code, when employees who have worked for 12 months or more ("eligible employees") voluntarily terminates his/her labour contract, the employer is required to pay the eligible employees severance allowance calculated based on years of service and employees' compensation at termination. Provision for severance allowance has been provided based on employees' years of service and their average salary for the six-month period prior to the end of the accounting period. For the purpose of determining the number of years of service by an employee, the period for which the employee participated in and contributed to unemployment insurance in accordance with prevailing laws and regulations and the period for which severance allowance has been paid by the Company are excluded.

### (i) Long-term incentive bonus

The long-term incentive bonus is a cash award scheme granted to employees over a period of three years. It is recognised as an expense in the statement of income, with a corresponding increase in liability, over the period that the employees become entitled to the awards ("vesting period"). The amount recognised as an expense is adjusted annually to reflect the increase/decrease by reference to the profitability of total Eastspring Investments business in Asia during the vesting period.

### (j) Portfolio management contracts

The Company receives money from clients and uses the money to invest in securities on behalf of the clients in accordance with the terms of the portfolio management contracts. Investments in securities on behalf of clients under portfolio management contracts together with assets and liabilities in relation to such contracts are recorded off balance sheet in accordance with the guidance in Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance.

### (k) Contributed capital

Contributed capital is recognised on the contribution date at the actual amount contributed less any directly attributable transaction costs.

Ì

1

1

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (l) Statutory reserves

According to Circular No. 146/2014/TT-BTC dated 6 October 2014 issued by the Ministry of Finance providing guidance on the financial regime for securities companies and investment fund management companies, the Company is required to make the following allocations:

	Annual allocation	Maximum balance
Financial reserve	5% of profit after tax	10% of charter capital
Supplement charter capital reserve	5% of profit after tax	10% of charter capital

The purpose of the financial reserve is to compensate for loss incurred in the course of business, net of amount of loss that is compensated for by insurance companies or individuals causing such loss.

Supplement charter capital reserve is allocated from annual profit after tax and is to supplement charter capital of the Company.

The Company is not allowed to use financial reserve and supplement charter capital reserve to pay dividends.

### (m) Classification of financial instruments

Solely for the purpose of providing disclosures about the significance of financial instruments to the Company's financial position and results of operations and the nature and extent of risk arising from financial instruments, the Company classifies its financial instruments as follows:

### (i) Financial assets

Financial assets at fair value through profit or loss

A financial asset at fair value through profit or loss is a financial asset that meets either of the following conditions:

- It is considered by the Board of Directors as held for trading. A financial asset is considered as held for trading if:
  - it is acquired principally for the purpose of selling it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Company as at fair value through profit or loss.

(i , )

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that the Company has the positive intention and ability to hold to maturity, other than:

- those that the Company upon initial recognition designates as at fair value through profit or loss;
- those that the Company designates as available-for-sale; and
- those that meet the definition of loans and receivables.

### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than those:

- that the Company intends to sell immediately or in the near term, which are classified as held for trading, and those that the Company on initial recognition designates as at fair value through profit or loss;
- that the Company upon initial recognition designates as available-for-sale; or
- for which the Company may not recover substantially all of its initial investment, other than because of credit deterioration, which are classified as available-for-sale.

### Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale or that are not classified as:

- financial assets at fair value through profit or loss;
- held-to-maturity investments; or
- loans and receivables.

### (ii) Financial liabilities

Financial liabilities at fair value through profit or loss

A financial liability at fair value through profit or loss is a financial liability that meets either of the following conditions:

- It is considered by the Board of Directors as held for trading. A financial liability is considered as held for trading if:
  - it is incurred principally for the purpose of repurchasing it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Company as at fair value through profit or loss.

N

;

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

Financial liabilities carried at amortised cost

Financial liabilities which are not classified as financial liabilities at fair value through profit or loss are classified as financial liabilities carried at amortised cost.

The above described classification of financial instruments is solely for presentation and disclosure purpose and is not intended to be a description of how the instruments are measured. Accounting policies for measurement of financial instruments are disclosed in other relevant notes.

### (n) Taxation

Income tax on the profit or loss for the period comprises current and deferred tax. Income tax is recognised in the statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the accounting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at the end of the accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

### (o) Revenue and other income

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

### (i) Services rendered

Fund and portfolio management fees, administration fees and asset allocation service fee are recognised in the statement of income when earned. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due.

11

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (ii) Interest income

Interest income is recognised on a time proportion basis with reference to the principal outstanding and the applicable interest rate.

### (p) Operating lease payments

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease expense.

### (q) Related parties

Parties are considered to be related to the Company if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Company and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

Related companies refer to the parent company, its ultimate parent company and their subsidiaries and associates. Related parties also include funds managed by the Company.

### (r) Nil balances

Items or balances required by Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on the promulgation of accounting guidance for investment fund management companies and the Vietnamese Accounting System for enterprises that are not shown in these interim financial statements indicate nil balances.

### (s) Segment reporting

The Company operates as one segment, which is investment management and one geographical segment, which is Vietnam.

1.7 ... 63/01/

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (t) Seasonality of operation

The Company's result of operation is not affected by seasonality or cyclical factors except for the following items:

### (i) Employee's bonus

The Company has temporarily accrued for employee's bonus based on the Group's financial budget for 2020 in these interim financial statements. However, the accrued bonus will be finalised at the end of the annual accounting period based on the Group's actual financial performance for the year ending 31 December 2020.

### (ii) Corporate income tax

In accordance with the prevailing tax regulations, corporate income tax is computed and finalised at the year-end. The corporate income tax for the six-month period ended 30 June 2020 is temporarily calculated at 20% of the Company's profit for the six-month period ended 30 June 2020.

### (iii) Statutory reserves

In accordance with the regulations, statutory reserves are computed at the year-end.

### (u) Change in accounting estimate

In preparing these interim financial statements, the Board of Director of the Company has made several accounting estimates. Actual results may differ from these estimates. There were no significant changes in accounting estimates compared to those made in the most recent annual financial statements or those made in the same interim period of the prior year.

### (v) Unusual items

There were no unusual items which affect the Company's interim financial statements for the sixmonth period ended 30 June 2020.

### (w) Changes in the composition of the Company

There were no changes in the composition of the Company since the end of the most recent annual accounting period which affect the interim financial statements of the Company for the six-month period ended 30 June 2020.

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### 4. Cash and cash equivalents

	30/6/2020 VND'000	31/12/2019 VND'000
Cash at banks  Deutsche Bank AG – Ho Chi Minh City Branch	8,144,474	2,792,987
<ul> <li>HSBC Bank (Vietnam) Ltd.</li> </ul>	469,410	1,241,058

### 25. Financial risk management

### Overview

The Company has exposure to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Company's Members' Council oversees how the Board of Directors monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

### (a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation, and arises principally from cash in banks and cash equivalents, held-to-maturity investments and accounts receivable.

### Exposure to credit risk

The total of carrying amounts of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	Note	30/6/2020 VND'000	31/12/2019 VND'000
Cash and cash equivalents Held-to-maturity investments Accounts receivable	(i) (i) (ii)	133,713,884 80,000,000 47,059,814	110,034,045 65,000,000 41,754,426
		260,773,698	216,788,471

### (i) Cash and cash equivalents and held-to-maturity investments

Cash and cash equivalents and held-to-maturity investments of the Company are mainly held with well-known financial institutions. The Board of Directors does not foresee any significant credit risks from these deposits and does not expect that these financial institutions may default and cause losses to the Company.

### (ii) Accounts receivable

Accounts receivable mainly include management fees receivable. Credit risk in relation to management fees receivable is considered minimal as these are receivables from related parties and funds under management of the Company who have good collection track records with the Company.

# Liquidity risk **e**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. At the reporting date, the financial liabilities with fixed or determinable payments have the following contractual maturities including the estimated interest payments as follows:

From 1 year to 5 years VND'000	1 1 1	l	1 1 1	1
From 3 months to Fr 1 year VND'000	1 1 1	I I	1 1 1	1
From 1 to From 3 months	12,501,329	12,501,329	5,811,755	5,811,755
Less than 1 month VND'000	249	2,041,518	338,976 - 3,186,340	3,525,316
Undiscounted contractual cash flows VND'000	249 12,501,329 2,041,269	14,542,847	338,976 5,811,755 3,186,340	9,337,071
Carrying amount VND'000	249 12,501,329 2,041,269	14,542,847	338,976 5,811,755 3,186,340	9,337,071
	As at 30 June 2020 Accounts payable to suppliers Accrued expenses Other short-term payables		As at 31 December 2019 Accounts payable to suppliers Accrued expenses Other short-term payables	
) 4	As at Accou Accru Other		As at Accou Accru Other

### (c) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's results of operations or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

### (i) Currency risk

Exposure to currency risk

USD (1% strengthening)

At the reporting date, the Company had the following net monetary asset position exposed to currency risk as follows:

	Denominat 30/6/2020 VND'000	ted in USD 31/12/2019 VND'000
Cash and cash equivalents	73,306	73,291
The following was the significant exchange rate applied by the Co	ompany:	-
	Exchange 30/6/2020	rate as at 31/12/2019
USD/VND	23,105	23,100
Below is an analysis of the possible impact on the net profit of the 31 December 2019. This analysis assumes that all other variables, constant:		
	Effect to	net profit

The opposite movement of the USD would have equal but opposite effect to the net profit of the Company as at 30 June 2020 and 31 December 2019.

31/12/2019

VND'000

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (ii) Interest rate risk

Interest rate risk is the risk that the fair values or future cash flows of the Company's financial instruments will fluctuate as a result of changes in market interest rates. The Company's exposure to interest rate risk due to changes in interest rates is minimal since all term deposits have fixed rates.

At the reporting date, the interest rate profile of the Company's interest-bearing financial instruments was:

	Carrying amount		
	30/6/2020 VND'000	31/12/2019 VND'000	
Fixed rate instruments Cash equivalents Held-to-maturity investments	125,100,000 80,000,000	106,000,000 65,000,000	
Variable rate instruments Cash at banks	8,613,884	4,034,045	

A change of 100 basis points in interest rates would have increased or decreased the net profit of the Company by VND69 million (31/12/2019: VND32 million). This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

### (iii) Market price risk

Market price risk is the risk that the value of the financial instruments will decrease as a result of changes in equity indices and the values of individual securities. The Company is not directly exposed to market price risk as it did not hold any equity securities as at 30 June 2020 and 31 December 2019.

Form B09a - CTQ

(Issued under Circular No. 125/2011/TT-BTC dated 5 September 2011 of the Ministry of Finance)

### (d) Fair value of financial assets and liabilities

Fair value is the value which is appropriate for market price that can be generated when selling an asset or transferring a liability at that time.

The fair values of financial assets and liabilities, together with the carrying amounts shown on the balance sheet were as follows:

	30/6/	2020	31/12/2019	
	Carrying amount VND'000	Fair value VND'000	Carrying amount VND'000	Fair value VND'000
Financial assets categorised as loans and receivables:				
<ul> <li>Cash and cash equivalents</li> </ul>	133,713,884	133,713,884	110,034,045	110,034,045
<ul> <li>Accounts receivable</li> </ul>	47,059,814	(*)	41,754,426	(*)
Financial assets categorised as held-to-maturity investments:  Held-to-maturity investments	80,000,000	(*)	65,000,000	(*)
Financial liabilities categorised as financial liabilities carried at amortised cost:				
<ul> <li>Accounts payable to suppliers</li> </ul>	249	(*)	338,976	(*)
<ul> <li>Accrued expenses</li> </ul>	12,501,329	(*)	5,811,755	(*)
<ul> <li>Other short-term payables</li> </ul>	2,041,269	(*)	3,186,341	(*)

(\*) The Company has not determined the fair values of these financial instruments for disclosure in the interim financial statements because information about their market prices is not available and there is currently no guidance on determination of fair value using valuation techniques under Vietnamese Accounting Standards, the Vietnamese Accounting Systems for enterprise, Circular No. 125/2011/TT-BTC dated 5 September 2011 issued by the Ministry of Finance on promulgation of accounting guidance for securities investment fund management companies and the other relevant statutory requirements applicable to interim financial reporting. The fair values of these financial instruments may differ from their carrying amounts.
