Immediate release.

Eastspring Investments Launches the Global Dynamic Growth Equity MY Fund to Capture the Growth Potential of Tomorrow's Market Leaders

Kuala Lumpur (21 January 2026) — Eastspring Investments Berhad ("Eastspring") today announced the launch of **the Eastspring Investments Global Dynamic Growth Equity MY Fund** ("the Fund"), a feeder fund designed to provide Malaysian investors access to global growth opportunities by investing into the Eastspring Investments – Global Dynamic Growth Equity Fund ("Target Fund").

Against the backdrop of expanding and evolving global equity markets, the Fund is positioned as a solution for investors seeking growth and resilience across geographies, sectors, themes and market cycles. The Fund aims to deliver capital appreciation over the long term by investing a minimum of 85% of its NAV in the Target Fund.

The Target Fund focuses on companies whose businesses are expected to thrive in the prevailing macroeconomic environment and continue to be a beneficiary of powerful multi-year growth themes shaping the global economy in the years to come. Current investment themes in the Fund include:

- Artificial Intelligence & Robotics
- Health and Wellness Innovations
- Cybersecurity & Defense Technologies
- Consumer / Affordability
- Capital Markets & Market Deregulation
- Global Leaders

These themes reflect evolving consumer behaviour, technological disruption, demographic megatrends, as well as shifting economic and policy dynamics.

Investing in Market Leaders Across Cycles

The portfolio managers of the Fund seek to invest in leading growth companies demonstrating exceptional innovation and have solid management teams with the ability to drive successful execution in large or growing addressable markets.

Historical analysis shows that market leadership is constantly changing across cycles, making a dynamic and flexible investment approach critical to achieving consistent, above-average capital growth.

The Target Fund's strategy is designed to capture upside opportunities while maintaining resilience through different market regimes by actively rotating and diversifying across regions, sectors and themes.

A Dynamic Approach Backed by Proven Expertise

The Target Fund is managed by Eastspring Investments (Singapore) Limited, with AGF Investments Inc. (AGF Investments) appointed as the Investment Sub-Manager since 2 October 2023. AGF Investments, a globally established

MEDIA RELEASE

asset manager headquartered in Toronto, Canada, brings decades of experience through its AGF Global Select Strategy, which anchors the Target Fund's dynamic investment strategy. The AGF Global Select Strategy has demonstrated a strong track record of outperformance across a range of market environments.

With global equity markets having tripled in size since 2000 driven by broad-based expansion across regions, the Fund enables investors to pursue global growth opportunities that may be otherwise underrepresented in traditional single-market strategies.

"The world's growth engines are shifting rapidly, and investors today need access to opportunities that transcend borders. The **Eastspring Investments Global Dynamic Growth Equity MY Fund** provides Malaysians this access to innovators, disruptors, and future market leaders shaping tomorrow's global economy. The launch of this Fund reflects our commitment to helping investors stay ahead of long-term trends while navigating an investment landscape where leadership constantly evolves," said Yap Siok Hoon, Chief Executive Officer of Eastspring Investments.

Units of the Fund are now available, with minimum initial investments beginning at RM1,000.

*** End***

About Eastspring Investments:

Eastspring Investments, part of Prudential plc, is a leading Asia-based asset manager that manages USD 286 billion (as of 30 September 2025) of assets on behalf of institutional and retail clients. Operating since 1994, Eastspring Investments has one of the widest footprints among asset management companies across Asia*.
