Bases of calculation and assumptions made in calculating returns:

$$\text{Percentage growth} = \frac{\text{NAV}_t}{\text{NAV}_0} - 1$$

NAV_t = NAV at the end of the period

NAV₀ = NAV at the beginning of the period

$$\text{Performance annualised} = (1 + \text{Percentage Growth})^{1/n} - 1$$

Adjusted for unit split and distribution paid out for the period

n = Number of years

Past performance is not necessarily indicative of future performance and unit prices and investment returns may go down, as well as up.

MARKET REVIEW

For the 6-month period under review, Bank Negara Malaysia (“BNM”) reduced the Overnight Policy Rate (“OPR”) by 25bps to 2.75% in July 2025. At the recent Monetary Policy Committee (MPC) meeting in Sept 2025, BNM cited that the global economy continued to expand, driven by sustained consumer spending and strategic front-loading activities. While global growth is expected to be supported by positive labour market conditions, less restrictive monetary policy and fiscal stimulus, the global outlook remained subject to downside risks, primarily from higher tariffs and persistent geopolitical tensions, which could potentially trigger greater volatility in global financial markets and commodity prices.

For Malaysia, the economy had expanded by 4.4% in the first half of 2025. Moving forward, domestic growth is projected to be anchored by resilient domestic demand, higher income and employment, and expansion in investment activity by continued progress of multi-year infrastructure projects, as well as the ongoing implementation of catalytic initiatives under the national master plans. Meanwhile, the resolution of key US trade negotiations, coupled with pro-growth policy alignment in major economies, sustained demand for electrical and electronic good, and robust tourism activity, is anticipated to elevate export growth. However, this outlook remained exposed to downside risk from a slowdown in global trade, weaker market sentiment, as well as lower-than-expected commodity production.

Headline and core inflation are projected to remain moderate, reflecting the continued expansion in economic activity and the absence of excessive demand pressures. The MPC viewed that at the current level of the OPR, the stance of monetary policy remained conducive. The MPC will continue to assess the ongoing developments and their implications on the overall outlook for domestic inflation and growth.

In tandem with the OPR cut of 25bps from 3.00% to 2.75% for the 6-month period, the interbank short-term rates are adjusted downwards with the overnight and 1-week rates dropped from 3.03% - 3.11% at the beginning period to 2.75% - 2.83% respectively, while the 1-month rates were traded lower from 3.26% - 3.28% to 2.98% - 3.01%.

On the short-term Bills market, yields on the short-term Bills shifted lower across all tenures. Both 1-month and 12-month Bills shed by 31bps and 32bps to close the month at 2.80% and 2.87% respectively.

REBATES AND SOFT COMMISSIONS

During the period under review, the Manager and the its delegates (if any) did not receive any soft commissions from stockbrokers.

SECURITIES LENDING OR REPURCHASE TRANSACTIONS

No securities lending or repurchase transaction have been carried out during the financial period under review.

MATERIAL ACCOUNTING POLICY INFORMATION

FOR THE SIX MONTHS FINANCIAL PERIOD ENDED 30 SEPTEMBER 2025

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including Islamic derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with the MFRS and International Financial Reporting Standards requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported financial period. It also requires the Manager to exercise their judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the Manager’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note J.

- a. Standards, amendments to published standards and interpretations that are applicable and effective:

There are no standards, amendments to standards or interpretations that are applicable and effective for annual periods beginning on 1 January 2024 that have a material effect on the financial statements of the Fund.

- b. Standards and amendments that have been issued that are applicable to the Fund but not yet effective:
 - Amendments to MFRS 9 and MFRS 7 ‘Amendments to the Classification and Measurement of Financial Instruments’ (effective 1 January 2026)

- The amendments clarify that financial assets are derecognised when the rights to the cash flows expire or when the asset is transferred, and financial liabilities are derecognised at the settlement date (i.e. when the liability is extinguished or qualifies for derecognition).
 - There is an optional exception to derecognise a financial liability at a date earlier than the settlement date if the cash transfer takes place through an electronic payment system, provided that all the specified criteria are met;
 - The amendments also clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest ("SPPI") criterion;
 - There are additional new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and
 - The amendments update the disclosures for equity instruments designated at fair value through other comprehensive income ("FVOCI").
- MFRS 18 'Presentation and Disclosure in Financial Statements' (effective 1 January 2027) replaces MFRS 101 'Presentation of Financial Statements'
 - The new MFRS introduces a new structure of profit or loss statement.
 - i. Income and expenses are classified into 3 new main categories:
 - Operating category which typically included results from the main business activities;
 - Investing category that presents the results of investments in associates and joint venture and other assets that generate a return largely independently of other resources; and
 - Financing category that presents income and expenses from financing liabilities.
 - ii. Entities are required to present two new specified subtotals: 'Operating profit or loss' and 'Profit or loss before financing and income taxes'.
 - Management-defined performance measures are disclosed in a single note and reconciled to the most similar specified subtotal in MFRS Accounting Standards.
 - Changes to the guidance on aggregate and disaggregation which focus on grouping items based on their shared characteristics.

The Fund is currently still assessing the effect of the above standards and amendments. No other new standards or amendments to standards are expected to have a material effect on the financial statements of the Fund.

B PROFIT INCOME RECOGNITION

Profit income earned from short-term Islamic deposits with licensed financial institutions is recognised on an accrual basis using the effective profit rate method.

Profit income is calculated by applying the effective profit rate to the gross carrying amount of a financial asset except for financial assets that are subsequently become credit-impaired. For credit-impaired financial assets, the effective profit rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

C TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable income earned during the financial period.

D FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s functional and presentation currency.

E FINANCIAL ASSETS AND FINANCIAL LIABILITIES

i. Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The contractual cash flows of the Fund's Islamic deposits with licensed financial institutions are solely principal and interest¹, however, these instruments are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

The Fund classifies accrued management fee, amount due to Manager, amount due to Trustee and other payables and accruals as financial liabilities measured at amortised cost.

¹ For the purposes of this Fund, interest refers to profits earned from Shariah-compliant investments

ii. Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade date, the date on which the Fund commits to purchase or sell the asset. Shariah-compliant investments are initially recognised at fair value.

Financial assets are derecognised when the rights to receive cash flows from the Shariah-compliant investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Financial assets and other financial liabilities are subsequently carried at amortised cost using the effective profit rate method.

iii. Impairment for assets carried at amortised costs

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on the 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

iv. Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

v. Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

vi. Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of obligor's sources of income or assets to generate sufficient future cash flows to pay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial period.

F CASH AND CASH EQUIVALENTS

For the purpose of the statement of cash flows, cash and cash equivalents comprise bank balances and Islamic deposits with licensed financial institutions with original maturities of three months or less that is readily convertible to known amounts of cash and which is subject to an insignificant risk of changes in value.

G CREATION AND CANCELLATION OF UNITS

The unit holders' contributions to the Fund meet the definition of puttable instruments classified as financial liability under MFRS 132 "Financial Instruments: Presentation".

The Fund issues cancellable units in two classes of units, known respectively as Retail Class and Corporate Class, which are cancelled at the unit holder's option and do not have identical features subject to restrictions as stipulated in Prospectus and the Securities Commission's ("SC") Guidelines on Unit Trust Funds. The units are classified as financial liabilities. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's net asset value of respective classes. The outstanding units is carried at the redemption amount that is payable at the statement of financial position date if the unit holders exercise the right to put the unit back to the Fund.

Units are created and cancelled at the unit holder's option at prices based on the Fund's net asset value per unit of respective classes at the close of business on the relevant working day. The Fund's net asset value per unit of respective classes is calculated by dividing the net asset attributable to unit holders of each class of units with the total number of outstanding units of respective classes.

H INCREASE/(DECREASE) IN NET ASSETS ATTRIBUTABLE TO UNIT HOLDERS

Income not distributed is included in net assets attributable to unit holders.

I FINANCE COST

A distribution to the Fund's unit holders is accounted for as a finance cost in the statement of comprehensive income, when they are appropriately authorised and no longer at the discretion of the Fund. A proposed distribution is recognised as a liability in the financial period in which it is approved by the Trustee of the Fund.

J CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents on the estimates, certain key variables that are anticipated to have material impacts to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgements are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In undertaking any of the Fund's Shariah-compliant investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the SC's Guidelines on Unit Trust Funds.

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL PERIOD ENDED 30 SEPTEMBER 2025

1 INFORMATION ON THE FUND

Eastspring Investments Islamic Income Fund (the “Fund”) was constituted pursuant to the execution of a Deed dated 10 January 2007 as modified by a Master Supplemental Deed dated 12 July 2007 and the Second Supplemental Master Deed dated 30 November 2009 between HSBC (Malaysia) Trustee Bhd (“HSBC Trustee”) and Eastspring Investments Berhad (the “Manager”). The Fund replaced HSBC Trustee with Deutsche Trustees Malaysia Berhad (the “Trustee”) effective 1 October 2010. A Supplemental Master Deed was entered into between the Manager and the Trustee on 30 July 2010 to effect the change of trustee from HSBC Trustee to the Trustee followed by Second Supplemental Master Deed dated 28 January 2011, Third Supplemental Master Deed dated 9 March 2011, Fourth Supplemental Master Deed dated 20 January 2012, Fifth Supplemental Master Deed dated 26 March 2014, Sixth Supplemental Master Deed dated 2 January 2015, Seventh Supplemental Master Deed dated 11 July 2016, Eighth Supplemental Master Deed dated 25 January 2017, Ninth Supplemental Master Deed dated 11 December 2017, Tenth Supplemental Master Deed dated 4 June 2018, Eleventh Supplemental Master Deed dated 30 September 2021, Twelfth Supplemental Master Deed dated 29 June 2022 and Thirteenth Supplemental Master Deed dated 29 November 2022 (collectively referred to as the “Deeds”).

The Fund was launched on 8 February 2007 and will continue its operations until terminated as provided under Part 12 of the Deed.

The Fund invests in a portfolio of Islamic money market instruments and/or Islamic deposits approved by the Securities Commission (“SC”) from time to time.

All Shariah-compliant investments will be subjected to the SC’s Guidelines on Unit Trust Funds, the Deeds and the objective of the Fund.

The Fund seeks to provide liquidity and a steady income stream by investing in Islamic money market instruments and/or Islamic deposits.

The Manager is a company incorporated in Malaysia, is related to Prudential Plc., a public listed company in the United Kingdom. The principal activity of the Manager is the establishment and management of unit trust funds and asset management.

2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks, which include market risk (inclusive of exposure to interest rate risk), liquidity risk, credit/default risk, fund management risk, non-compliance risk, capital risk and Shariah status reclassification risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated in the Deeds.

Market risk

i. Exposure to interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Fair value interest rate risk is the risk that the value of financial instrument will fluctuate due to changes in market interest rates.

The Fund's exposure to interest rate risk is mainly confined to Islamic deposits with licensed financial institutions. The Manager overcome this exposure by placing Islamic deposits with licensed financial institutions with fixed profit rates and maturity.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

Generally, all investments are subject to a certain degree of liquidity risk depending on the nature of the investment instruments, market, sector and other factors. For the purpose of the Fund, the Manager will attempt to balance the entire portfolio by investing in a mix of assets with satisfactory trading volume and those that occasionally could encounter poor liquidity. This is expected to reduce the risks for the entire portfolio without limiting the Fund's growth potentials.

The Fund maintains sufficient level of Islamic liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Islamic liquid assets comprise bank balances, Islamic deposits with licensed financial institutions and other Shariah-compliant instruments which are capable of being converted into cash within 7 days.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period as at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

Credit/Default risk

Credit risk refers to the ability of an issuer or a counter party to make timely payments of profit income, principals and proceeds from realisation of Shariah-compliant investments. The Manager manages the credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from cash and bank balances is managed by ensuring that they are held by parties with credit rating of AA1 or higher.

The credit risk arising from placements of Islamic deposits with licensed financial institutions is managed by ensuring that the Fund will only place Islamic deposits in reputable licensed financial institutions. The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

The following table sets out the credit risk concentrations and counterparties of the Fund.

None of these financial assets are past due or impaired.

Fund management risk

There is the risk that the management company may not adhere to the investment mandate of the respective Funds. With close monitoring by the investment committee, back office system being incorporated with limits and controls, and regular reporting to the senior management team, the management company is able to manage such risk. The Trustee has an oversight function over management of the Fund by the management company to safeguard the interests of unit holders.

Non-compliance risk

Non-compliance risk arises when the Manager and others associated with the Fund are not compliant to the rules set out in the Fund's constitution or the laws that govern the Fund or applicable internal control procedures, or acts of fraudulence or dishonesty.

Non-compliance may expose the Fund to higher risks which may result in a fall in the value of the Fund which in turn may affect its investment goals. However, the risk can be mitigated by the internal controls and compliance monitoring undertaken by the Manager.

Capital risk

The capital of the Fund is represented by net asset attributable to unit holders. The amount of net asset attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unit holders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unit holders and benefits for other stakeholders and to maintain a strong capital base to support the development of the Shariah-compliant investment activities of the Fund.

Shariah status reclassification risk

This risk refers to the risk of a possibility that the currently held Islamic money market instruments or Islamic deposits invested by the Fund may be declared as Shariah non-compliant by the relevant authority or the Shariah Adviser. If this occurs, the Manager will take the necessary steps to dispose of or withdraw such money market instruments or deposits.

Fair value estimation

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair value of financial assets traded in active market (such as trading Shariah-compliant securities) are based on quoted market prices at the close of trading on the financial period end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is representative of the fair value.

An active market is a market in which transactions for the asset take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

i. Fair value hierarchy

The following table analyses financial instruments carried at fair value by valuation method.

The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes “observable” requires significant judgement by the Fund. The Fund considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

3 MANAGEMENT FEE

In accordance with the Deed, the Manager is entitled to a management fee at a rate not exceeding 2.50% per annum of the net asset value of the Fund calculated on daily basis.

For the financial period ended 30 September 2025, the management fee is recognised at a rate of 0.25% (2024: 0.25%) per annum on the net asset value of the Fund, calculated at a daily basis.

There will be no further liability to the Manager in respect of the management fee other than the amounts recognised above.

4 TRUSTEE FEE

In accordance with the Deed, the Trustee is entitled to an annual fee at a rate not exceeding 0.50% per annum of the net asset value of the Fund, subject to a minimum fee of RM18,000 per annum (excluding foreign custodian fees and charges).

For the financial period ended 30 September 2025, the Trustee fee is recognised at a rate of 0.04% (2024: 0.04%) subject to a minimum fee of RM18,000 per annum on the net asset value of the Fund, calculated on daily basis.

There will be no further liability to the Trustee in respect of the Trustee fee other than the amounts recognised above.

5 DISTRIBUTIONS

11 TOTAL EXPENSE RATIO (“TER”)

	2025	2024
	%	%
TER	0.15	0.15

TER is derived from the following calculation:

$$\text{TER} = \frac{(A + B + C + D + E)}{F} \times 100$$

A = Management fee

B = Trustee fee

C = Audit fee

D = Tax agent fee

E = Other expenses

F = Average net asset value of the Fund calculated on a daily basis

The average net asset value of the Fund for the financial period calculated on a daily basis is RM1,372,873,227 (2024: RM1,767,531,319).

12 PORTFOLIO TURNOVER RATIO (“PTR”)

	2025	2024
PTR (times)	7.62	5.96

PTR is derived from the following calculation:

$$\frac{(\text{Total acquisitions for the financial period} + \text{total disposals for the financial period}) \div 2}{\text{Average net asset value of the Fund for the financial period calculated on a daily basis}}$$

where:

- The Funds must at all times and all stages of its operation comply with Shariah principles as resolved by the SAC of the SC or in cases where no specific rulings are made by the SAC of the SC, the decisions of the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices.
- The Funds must be raised and operated by the Manager, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Funds have to be Shariah-compliant. Similarly, all the other investment instruments including securities, sukuk, etc. must be Shariah-compliant.
- For Shariah-compliant securities listed on the Bursa Malaysia, the Funds' investments must be strictly confined to those Shariah-compliant securities on the list approved by the SAC of the SC.
- For Islamic money market instruments, sukuk and Islamic deposits, they shall be based on the data readily available on the BNM, the SC, and the financial institutions' websites.

1.1 Shariah Requirements for Investments and Operations of the Funds

- The Funds must at all times and all stages of its operation comply with Shariah requirements as resolved by the SAC of the SC or in cases where no specific rulings are made by the SAC of the SC, the decisions of the Shariah Adviser or the Shariah authorities of relevant Islamic indices.
- The Funds must be established and operated by the Manager, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Funds have to be Shariah-compliant. Similarly, all the other investment instruments must be Shariah-compliant.
- For Shariah-compliant securities and Shariah-compliant equity-related securities listed on the Bursa Malaysia, the Funds' investments must be strictly confined to those Shariah-compliant securities on the list of Shariah-compliant securities by the SAC of the SC.

Information In Relation To The Fund – Other Information – Additional Information In Relation To Shariah-Compliant Fund (continued)

• The SAC of the SC has adopted a standard methodology to determine the Shariah compliance of companies listed on Bursa Malaysia. This methodology takes into consideration both the quantitative and qualitative aspects of the listed companies:

(a) Quantitative analysis:

The quantitative part is a two-tier benchmark applied to the business activities of the companies and to the financial ratios of the companies. The business activity benchmarks consist of a 5% benchmark and a 20% benchmark.

(i) Business activity benchmarks

For the business activity benchmarks, the revenue or income contribution of Shariah non-compliant business activities to the group revenue or group profit before taxation of the listed companies will be computed and compared against the relevant business activity benchmarks, and must be less than the 5% or the 20% benchmarks.

The 5% benchmark would be applicable to the following business activities:

- For initial public offering, the Funds shall invest in securities that are classified as Shariah-compliant by the SAC of the SC.
- For sukuk or Islamic money market instruments or Islamic deposits, they shall be based on the data readily available on the SC, BNM and the financial institutions' websites respectively.
- For investment in foreign Shariah-compliant equities, the Funds are only allowed to invest in Shariah-compliant equities which are on the approved list of Dow Jones Islamic Market Index (DJIM) or other approved lists by the Shariah Adviser. In the event of reclassification of foreign Shariah-compliant equities to be Shariah non-compliant, the Funds are to abide by the rules as laid down by the SAC of the SC and by this Shariah Investment Guidelines. In the event that the Funds wish to invest in foreign Shariah-compliant equities not covered by DJIM or other approved lists by the Shariah Adviser, the External Investment Manager must submit to the Shariah Adviser the latest information pertaining to the issuer's business activities, its complete financial statements and other related information to enable the Shariah Adviser to carry out the Shariah screening. The Shariah Adviser applies the screening methodology of the SAC of the SC in its Shariah screening.

- Conventional banking and lending;
 - Conventional insurance;
 - Gambling;
 - Liquor and liquor-related activities;
 - Pork and pork-related activities;
 - Non-halal food and beverages;
 - Shariah non-compliant entertainment;
 - Interest income⁺ from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitration);
 - Dividends⁺ from Shariah non-compliant investments;
 - Tobacco and tobacco-related activities; and
 - Other activities deemed non-compliant according to Shariah principles as determined by the SAC of the SC.
- ⁺ Interest income and dividends from Shariah non-compliant investments will be compared against the group revenue. However, if the main activity of the company is holding of investment, the dividends from Shariah non-compliant investments will be compared against the group revenue and group profit before taxation.
- For investments in unlisted Shariah-compliant equities and Shariah-compliant equity-related securities, the Shariah Adviser also applies the screening methodology of the SAC of the SC in its Shariah screening. As such, the External Investment Manager must submit to the Shariah Adviser the latest information pertaining to the issuer's business activities, its complete financial statements and other related information to enable the Shariah Adviser to carry out the Shariah screening.
 - As for investment in foreign sukuk or any foreign investment instrument, the External Investment Manager must submit to the Shariah Adviser all pertinent information including the memoranda and prospectuses, its structures, utilisation of the proceeds, Shariah contracts and Shariah pronouncements by the relevant Shariah advisers advising the sukuk issuance or instrument, for the Shariah Adviser to confirm the Shariah status of the sukuk or instrument.

The 20% benchmark would be applicable to the following activities:-

- Share trading in Shariah non-compliant securities;
- Stockbroking business other than Islamic stockbroking company;
- Rental received from Shariah non-compliant activities; and
- Other activities deemed non-compliant according to Shariah principles as determined by the SAC of the SC.

(ii) Financial ratio benchmarks

In addition, the financial ratios for cash in conventional accounts and instruments as well as interest-bearing debts over the total assets of the listed companies are also considered in the analysis carried out by the SAC of the SC to determine their Shariah compliance status:

The financial ratios applied are as follows:

- For investments in Islamic collective investment schemes, the External Investment Manager must submit to the Shariah Adviser all pertinent information including the prospectuses, its structures, investment avenues, Shariah investment guidelines, Shariah contracts and Shariah pronouncements by the relevant Shariah advisers advising the Islamic collective investment schemes, for the Shariah Adviser to confirm the Shariah status of the said Islamic collective investment schemes.
- The decision of the Shariah Adviser shall be final.
- To facilitate the purchase and sale of foreign Shariah-compliant investment instruments, there may be a need to have cash placement in a conventional bank account outside Malaysia. In such circumstances, the conventional account should be non-interest bearing and the sole purpose is only to facilitate purchase and sale of foreign Shariah-compliant investment instruments.

• **Ratio of cash over total assets**

Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

• **Ratio of debt over total assets**

Debt will only include interest-bearing debt whereas Islamic financing or sukuk will be excluded from the calculation.

Both benchmark ratios, which are intended to measure *riba* and *riba*-based elements within a listed company's balance sheet, must be less than 33%.

1.2 Cleansing process for the Funds

(a) Wrong Investment

(i) **Investment in Shariah non-compliant equity securities and Shariah non-compliant equity-related securities**

This refers to Shariah non-compliant investment made by the External Investment Manager. The said investment shall be disposed of or withdrawn with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in any gain in the form of capital gain or dividend received before or after the disposal of the investment, it has to be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Funds have a right to retain only the investment cost.

(b) Qualitative analysis:-

As for qualitative aspect of the Shariah compliance analysis, an additional criterion will be considered namely the public perception or image of the listed company which must be acceptable from the Shariah perspective:

- The SAC of the SC had considered the following criteria for a Special Purpose Acquisition Company (SPAC) to be classified as Shariah-compliant:
 - The proposed business activity should be Shariah-compliant;
 - The entire proceeds raised from the initial public offering should be placed in an Islamic account; and
 - In the event that the proceeds are invested, the entire investment should be Shariah-compliant.

The Shariah Adviser advises that this clearing process (namely, channeling of income from wrongful investment to baitulmal and/or charitable bodies as advised by the Shariah Adviser) shall be carried out within one (1) calendar month upon confirmation by the Shariah Adviser. If the disposal or withdrawal of the investment resulted in losses to the Funds, the losses are to be borne by the Manager.

- Shariah-compliant securities include ordinary shares and warrants (issued by the companies themselves). This means that warrants are classified as Shariah-compliant securities provided the underlying shares are also Shariah-compliant. On the other hand, loan stocks and bonds are Shariah non-compliant securities unless they are structured based on SAC of the SC's approved Shariah rulings, concepts and principles.

(ii) Investment in other Shariah non-compliant instruments (namely, money market instruments or deposits or collective investment schemes)

The said investment shall be disposed of or withdrawn with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in Shariah non-compliant income received before or after the disposal of the investment, it has to be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Funds have a right to retain only the investment cost. The Shariah Adviser advises that this cleansing process (namely, channeling of income from wrongful investment to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser) shall be carried out within one (1) calendar month upon the confirmation by the Shariah Adviser.

The Shariah Adviser applies the screening methodology of the SAC of the SC in this Shariah screening.

If the disposal or withdrawal of the investment resulted in losses to the Funds, the losses are to be borne by the Manager.

(b) **Reclassification of Shariah Status of the Funds' Investment**

(i) **Shariah-compliant equity securities and Shariah-compliant equity-related securities**

Reclassification of Shariah status refers to securities which were earlier classified as Shariah-compliant securities but due to failure to meet the set benchmark criteria, are subsequently reclassified as Shariah non-compliant by the SAC of the SC, the Shariah Adviser or the Shariah authorities of relevant Islamic indices. If on the reclassification effective date, the value of the securities held exceeds or is equal to the investment cost, the Funds which hold such Shariah non-compliant securities must liquidate them.

- The decision of the Shariah Adviser shall be final.
- To facilitate the purchase and sale of foreign ~~Shariah-compliant~~ equities, there may be a need to have cash placement in a conventional bank account outside Malaysia. In such circumstances, the conventional account should be non-interest bearing and the sole purpose is only to facilitate purchase and sale of foreign ~~Shariah-compliant~~ equities.

To determine the time frame to liquidate such securities, the Shariah Adviser advises that such securities should be disposed of within one (1) calendar month of reclassification.

Any dividends received up to the reclassification effective date and capital gains arising from the disposal of the said reclassified Shariah non-compliant securities made with respect to the closing price on the reclassification effective date can be kept by the Funds. However, any dividends received, and excess capital gains derived from the disposal after the reclassification effective date at a market price that is higher than the closing price on the reclassification effective date shall be channelled to *baitalmal* and/or charitable bodies as advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within one (1) calendar month upon confirmation by the Shariah Adviser.

2. Cleansing Process for the Funds

(a) Wrong investment

(i) Investment in Shariah non-compliant equity securities

The said investment shall be disposed of/withdrawn with immediate effect, if possible; or otherwise within one (1) calendar month of knowing the status of the securities ~~irrespective of market price considerations~~. In the event that the investment resulted in gain (through capital gain and/or dividend); it has to be channeled to *baitulmal* and/or charitable bodies approved by the Shariah Adviser. ~~For the avoidance of doubt, dividends shall include both received before and after disposal of the Shariah non-compliant securities~~. The Shariah Adviser advises that this cleansing process (i.e. channeling of gain from wrongful investment to *baitulmal* and/or charitable bodies approved by the Shariah Adviser) shall be carried out within two (2) calendar months ~~from the said disposal/withdrawal date~~. If the disposal of the securities resulted in losses to the Funds, the losses are to be borne by the Manager.

The Funds are allowed to hold the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Funds to keep the dividends received during the holding period until such time when the total amount of the dividends received, and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Funds are advised to dispose of their holdings. In addition, during the holding period, the Funds are allowed to subscribe to:

- any issue of new securities by a company whose Shariah non-compliant securities are held by the Funds such as rights issues, bonus issues, special issues and warrants [excluding securities whose nature is Shariah non-compliant such as irredeemable convertible unsecured loan stock (ICULS)]; and

Information In Relation To The Fund – Other Information – Additional Information In Relation To Shariah-Compliant Fund (continued)

- (b) **Reclassification of Shariah status of the Funds' investments**
- (i) **Shariah-compliant equity securities**

Reclassification of Shariah status refers to securities which were earlier classified as Shariah-compliant securities but due to failure to meet the set benchmark criteria, are subsequently reclassified as Shariah non-compliant by the SAC of the SC or the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If on the effective date of reclassification of the list of Shariah-compliant securities ("Reclassification") by the SAC of the SC or date of review ("Review") by the Shariah Adviser or the Shariah Supervisory Boards of relevant indices, the value of the securities held exceeds or is equal to the investment cost, the Funds which hold such Shariah non-compliant securities must liquidate them. To determine the time frame to liquidate such securities, the Shariah Adviser advises that such securities should be disposed of within one (1) calendar month of Reclassification or Review.

If this occurs, the External Investment Manager will take the necessary steps to dispose of or withdraw such bonds or money market instruments or deposits or collective investment schemes.

If on the reclassification effective date, the value of the Shariah non-compliant instruments held exceeds or is equal to the investment cost, the Funds which hold such Shariah non-compliant instruments must liquidate them. To determine the time frame to liquidate such instruments, the Shariah Adviser advises that such reclassified Shariah non-compliant instruments should be disposed of or withdrawn within one (1) calendar month of reclassification.

The Funds are allowed to hold the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Funds to keep the dividends received during the holding period until such time when the total amount of the dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Funds are advised to dispose of their holdings. In addition, during the holding period, the Funds are allowed to subscribe to:

- any issue of new securities by a company whose Shariah non-compliant securities are held by the Funds such as rights issues, bonus issues, special issues and warrants [excluding securities whose nature is Shariah non-compliant such as irredeemable convertible unsecured loan stock (ICULS)]; and
- securities of other companies offered by the company whose Shariah non-compliant securities are held by the Funds,

1.3 Maqasid Al-Shariah Aspirations and Principles

The Funds are designed in accordance with the following Aspirations and guiding Principles as outlined in the Maqasid Al-Shariah Guidance issued by the SC:

(a) **Aspiration 3: Clarity and Transparency Principle 8: Enhancing Disclosure and Documentation**

The Funds ensure quality disclosure and documentation of information by providing comprehensive and accurate details regarding its investments in this master prospectus as well as the performance of the Funds through the periodic Funds' reports.

Through these channels, Unit Holders are able to access insights into the Funds' performance, enabling them to make informed decisions. This commitment to transparency also ensures a clear understanding of the Funds' trajectory and potential opportunities.

(c) **Aspiration 6: Accessibility and Inclusivity Principle 13: Broadening the Circulation of Wealth and Participation**

Having investment portfolios that are Shariah-compliant expand the investment opportunities of the Funds. Diversification within or across various asset classes helps optimise returns while minimising risk, contributing to the broader circulation of wealth.

By investing in a diverse range of companies, the Funds support greater participation within the Islamic capital market, enabling a wider base of investors to benefit from economic growth. This strategy promotes inclusivity by providing capital access to businesses with growth potential while also maintaining exposure to established firms. Ultimately, the Funds contribute to a more equitable financial ecosystem, fostering sustainable wealth distribution and long-term market stability.
