- **Fund Category**
  Bond/income

- **Fund Objective**
  The Fund endeavours to provide regular income**.

**ANY MATERIAL CHANGES TO THE FUND’S OBJECTIVE WOULD REQUIRE UNIT HOLDERS’ APPROVAL.**

- **Investment Strategy**
  The Fund seeks to achieve its objective by investing in bonds such as rated bonds, non-rated bonds and/or bonds rated below investment grade globally including Malaysia. Non-rated bonds are bonds that have not received a credit rating from one or more of the major credit rating agencies. The Fund’s investments may also include liquid assets.

  The Fund is expected to invest up to 40% of the Fund’s NAV in non-rated bonds and/or bonds rated below investment grade, there is a risk that this limit may be exceeded if investment grade bonds held within the portfolio were downgraded to below investment grade. This may result in the Fund being exposed to higher credit risk. In the event the 40% limit is exceeded, the Manager will rectify such breach within a reasonable period of not more than three (3) months by disposing the non-rated bonds and/or bond rated below investment grade to 40% of the Fund’s NAV.

  The Manager seeks to invest in bonds depending on the country’s economic and bond market outlook.

  The Fund applies both the top-down and bottom-up investment management approach in deriving its duration, credit and currency allocation strategies. From a top-down perspective, economic and market analysis are carried out to determine the outlook for interest rate markets, as well as credit and currency trends. This is necessarily combined with a bottom-up credit selection process, which is based on research and analysis of credit issuers, to identify value opportunities and to avoid potential default events.

---

* The Fund aims (i.e. Target) to distribute income at least once a year subject to availability of income.

** Income distributed to a Unit Holder will be reinvested into additional Units unless Unit Holder opts for the distribution to be paid out. Kindly refer to page 101 for more information on the mode of distribution.
The Fund may enter into derivative instruments such as foreign exchange forward contracts, cross currency swaps, credit default swaps, and interest rate swaps but only for the purposes of hedging and efficient portfolio management, and not for speculative purposes.

The Fund will invest in the following foreign markets where the regulatory authority is an ordinary or associate member of the IOSCO which include but not limited to:

- **Fund Objective**  
  The Fund seeks to provide capital appreciation and income* by investing in Shariah-compliant securities in the ASEAN markets.

  *Note: The Fund's focus is on growth and income.*

  **ANY MATERIAL CHANGES TO THE FUND’S OBJECTIVE WOULD REQUIRE UNIT HOLDERS’ APPROVAL.**

- **Investment Strategy**  
  The Fund seeks to achieve its objective by investing in Shariah-compliant equities and equity-related securities, such as rights issues and Shariah-compliant warrants, which are listed on the ASEAN exchanges.

  The Fund also invests in domestic and/or foreign sukuk issued by corporations, financial institutions and governments of ASEAN member countries which are traded in the ASEAN markets or listed on the ASEAN exchanges. Corporations and financial institutions which issue sukuk shall have their business incorporated in ASEAN member countries.

  The Fund shall invest in domestic sukuk** which is issued by corporations and financial institutions carry a rating of at least BBB3 or P2 by RAM, or its equivalent rating by any other domestic rating agencies whilst foreign sukuk shall carry a rating of at least BB3 or A-3 by Standard & Poor's or its equivalent rating by any other global rating agencies. However, sukuk issued by governments need not be rated. Should the credit rating of the domestic sukuk be downgraded by the rating agencies to below the minimum credit rating, the Manager may dispose the affected domestic sukuk in the market.

  The Fund’s investments may also include Islamic liquid assets.

  The Fund will invest in ASEAN markets where the regulatory authority is an ordinary member of IOSCO. The ASEAN markets where the Fund will invest in include but not limited to Indonesia, Malaysia, Singapore, Philippines and Thailand.

* Income distributed to a Unit Holder will be reinvested into additional Units unless Unit Holder opts for the distribution to be paid out. Kindly refer to page 101 for more information on the mode of distribution.

** domestic sukuk refers to the following:
(a) sukuk that is issued and offered in Malaysia; or
(b) sukuk that is issued out of Malaysia and offered in Malaysia; and
the issuer is domiciled in Malaysia or out of Malaysia.
The Fund will strategically asset allocate between Shariah-compliant equity and sukuk based on the relative attractiveness of the two asset classes to achieve its dual objective of growth and income. This is done after considering the current phase of the economic cycle, inflation and interest rate trend in the medium-term investment horizon.

The Manager seeks to invest in companies which have a sustainable business model with good management and corporate governance, and trading at prices below the Manager’s estimate of fair value. When selecting individual equity, the Manager will consider the following factors, which are not an exhaustive list:

- medium to long-term outlook for the sector;
- competitive strength of the company within the sector;
- management track record and treatment of minority shareholders;
- earnings and cash flow visibility and volatility; and
- share price valuation.

The Fund will also invest in Shariah-compliant equity-related securities investments. Shariah-compliant equity-related securities investments such as rights issues and Shariah-compliant warrants are selected after conducting rigorous fundamental analysis of the Shariah-compliant equities and equity-related securities.

For sukuk investments, the Manager constantly seek to identify value opportunities created by cyclical extremities in interest rate and credit markets, or shifts in investor risk perception which result in the mispricing of assets relative to fundamentals. When selecting individual sukuk, the Manager will consider the following factors, which are not an exhaustive list:

- issuer’s industry and business medium-term outlook;
- issuer’s financial strength and gearing level;
- issuer’s expected future cash flow and ability to pay profits and principal; and
- price and yield-to-maturity.

The Fund is actively managed. However, the frequency of its trading activities will depend on market opportunities and the assessment of the fund manager.

EASTSPRING DANA DINAMIK

› **Base Currency**
  Ringgit Malaysia

› **Fund Category**
  Mixed asset (Shariah)/growth

› **Fund Objective**
  The Fund seeks to provide investors with capital appreciation by actively investing in Shariah approved equities and equity-related securities. For defensive considerations, the Fund may invest in Shariah approved debentures* and money market instruments.

  **Note:** The Fund’s focus is on growth.

  **ANY MATERIAL CHANGES TO THE FUND’S OBJECTIVE WOULD REQUIRE UNIT HOLDERS’ APPROVAL.**

› **Investment Strategy**
  The Fund seeks to achieve its objective by adopting a flexible asset allocation strategy between the different asset classes of Shariah-compliant equities and equity-related securities, sukuk and Islamic liquid assets** depending on the investment market outlook.

  The Fund may invest in sukuk, which is subject to the review as the Manager deems fit from time to time. This allows the flexibility for the Fund to switch to Shariah-compliant equities when conditions are conducive, for example during a bullish stock market period.

  At any point in time, the Fund may hold 100% in Islamic liquid assets.

  The Fund may invest in sukuk with a minimum credit rating of BBB3 or P2 by RAM, or its equivalent rating by any other domestic rating agencies. Should the credit rating of the sukuk be downgraded by the rating agencies to below the minimum credit rating, the Manager may dispose the affected sukuk in the market.

  The Fund is actively managed. However, the frequency of its trading activities will depend on market opportunities and the assessment of the fund manager.

* Shariah approved debentures refer to sukuk.
** Islamic liquid assets refer to money market instruments, cash and deposits.

➢ **Fund Objective**
  The Fund seeks to provide investors with capital appreciation in the medium to long-term with an opportunity for income* if any.

  **Note:** The Fund’s focus is on growth.

  **ANY MATERIAL CHANGES TO THE FUND’S OBJECTIVE WOULD REQUIRE UNIT HOLDERS’ APPROVAL.**

➢ **Investment Strategy**
  The Fund seeks to achieve its objective by following the investment approach below.

  • **Value-oriented, bottom-up stock selection**
    The Manager of the Fund will employ a value-oriented investment style in security selection and investments. This strategy emphasises on bottom-up stock selection and invests in companies on the basis of strong** qualitative and quantitative factors.

  • **Focused investment approach**
    The Fund targets to invest up to but not limited to thirty (30) Malaysian stocks that are expected to provide medium to long-term capital appreciation and income* potential. Notwithstanding its focused approach, the number of securities in the Fund may vary according to market and liquidity conditions, securities’ valuations, economic and corporate fundamentals and availability of instruments.

    Further, the Fund may minimise potential equity downside risk by allocating up to 30% of the Fund’s NAV into Malaysian fixed income securities and money market instruments and Deposits. The Manager may also employ derivatives and derivative-related instruments and products (such as forward contracts and swaps) to hedge against stock price declines.

  

*  Income distributed to a Unit Holder will be reinvested into additional Units unless Unit Holder opts for the distribution to be paid out. Kindly refer to page 101 for more information on the mode of distribution.

**  strong generally refers to consistent good track record and/or potential growth going forward.
• **Unconstrained by Market Barometers**
Pursuant to the Fund’s objective and strategy, the Manager is not constrained by market benchmarks. In other words, the Manager is ‘benchmark-aware’ but is not compelled to invest in a stock that is a major constituent of a market barometer like the FTSE Bursa Malaysia KLCI, if the stock does not fulfill the Manager’s selection criteria.

This contrasts with relative-return fund managers whose aims are to outperform certain market indicators such as stock market indices. The objective of a relative-return fund manager is to outperform the index, regardless of the general market’s direction.

The Fund shall invest in fixed income securities with a minimum credit rating of BBB3 or P2 by RAM, or its equivalent rating by any other domestic rating agencies. Should the credit rating of the fixed income securities be downgraded by the rating agencies to below the minimum credit rating, the Manager may dispose the affected fixed income securities in the market.

When selecting individual equity, the Manager will consider the following factors, which is not an exhaustive list:

  - medium to long-term outlook for the sector;
  - competitive strength of the company within the sector;
  - management track record and treatment of minority shareholders;
  - earnings and cash flow visibility and volatility; and
  - share price valuation.

* The Fund aims (i.e. Target) to achieve 8% growth of NAV per annum over the medium to long-term.

- **Fund Objective**
  The Fund aims to provide investors with long-term capital appreciation by investing in Shariah-compliant investments with exposure to the Greater China region.

  **ANY MATERIAL CHANGES TO THE FUND’S OBJECTIVE WOULD REQUIRE UNIT HOLDERS’ APPROVAL.**

- **Investment Strategy**
  The Fund seeks to achieve its objective by investing primarily in Shariah-compliant equities and equity-related securities of companies based in the Greater China region which potentially offer attractive* long-term value. The Fund will invest in markets where the regulatory authority is an ordinary member of IOSCO. The markets where the Fund will invest in include China, Hong Kong and Taiwan. The Fund will also invest in Shariah-compliant shares of companies listed in Malaysia, Singapore and the United States of America, where such companies have exposure to the Greater China region. The Fund will adopt a bottom up Shariah-compliant investment approach with no benchmark constraint (i.e. the weightage of the stocks of the fund is not constrained by the weightage of the stocks in the benchmark).

  The Fund may minimise potential equity downside risk by investing the remainder of the Fund’s NAV not invested in Shariah-compliant equities and equity-related securities into Islamic financial instruments which include but not limited to sukuk and Islamic liquid assets.

  The Fund shall invest in domestic sukuk with a minimum credit rating of AA3 or P2 by RAM, or its equivalent rating by any other domestic rating agencies whilst foreign sukuk shall carry a minimum credit rating of BB3 or A-3 by Standard & Poor’s or its equivalent rating by any other global rating agencies. Should the credit rating of the sukuk be downgraded by the rating agencies to below the minimum credit rating, the Manager may dispose of the affected sukuk in the market.

  The Manager may also employ Shariah-compliant derivatives and derivative-related instruments (over-the-counter (OTC)) such as Islamic products based on Arboon contracts,

  *attractive generally refers to companies with a good balance of healthy earnings growth trading at reasonable valuations. Valuation can be measured by various measures, such as but not limited to, price/earnings, price/book and discounted cash flows.
murabahah and mudharabah contracts as well as Islamic structured products for efficient portfolio management and hedging purposes only. Net short positions and leverage are not allowed.

The Fund will only invest in Shariah-compliant derivatives that are issued by counterparties with a strong credit rating. A Malaysian counterparty must have a credit rating of at least AA3 or P2 by RAM, or its equivalent rating by any other domestic rating agencies. A foreign counterparty, on the other hand, must have a credit rating of at least A as rated by Standard & Poor's, or its equivalent rating by any other global rating agencies. Should the credit rating of the counterparty be downgraded by the rating agencies to below the minimum credit rating, the Manager will unwind the affected invested Shariah-compliant derivative instrument or hold the Shariah-compliant derivative instrument to maturity if its period to maturity is less than six (6) months.

In relation to Islamic structured products, any credit ratings given to the issuer of the Islamic structured product and the relevant financial institutions may be subject to suspension, downgrade or withdrawal at any time. In the event any of the rating of the issuer of the Islamic structured product falls below the levels required, the Manager shall take necessary actions within 3 months or more as the Manager deem necessary. If required the Manager will consult the Trustee and Shariah adviser. Such actions may include requesting the issuer to unwind, buy-back or close the transaction at a fair value determined on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee. In taking such an action, capital losses and/or expenses may be incurred by the Fund.

As for Shariah-compliant derivatives instruments, the Manager leverage on the synergy of Eastspring Investments affiliates in the Asia region to employ risk management process to ensure accurate and independent assessment of the value of the OTC Shariah-compliant derivatives and to ensure that the Fund’s risk exposure relating to Shariah-compliant derivative instruments does not exceed the limits specified herein. The current value of the underlying assets, counterparty risks, market movements and time necessary to liquidate the positions will be taken into consideration.

Currently, EPF Members Investment Scheme does not allow investment in derivatives and structured products. Hence, the Fund is not allow to invest in Shariah-compliant derivatives, derivatives-related instruments and Islamic structured product. However, the Fund may invest in Shariah-compliant derivatives, derivatives-related instruments and Islamic structured product if there is a change in (i) the restrictions imposed on the EPF Members Investment Scheme on investment in derivatives and structured products, and/or (ii) the eligibility of the Fund under EPF Members Investment Scheme.

The Fund is actively managed. However, the frequency of its trading activities will depend on market opportunities and the assessment of the fund manager.

The Manager has obtained the necessary licenses prior to investing in Shariah-compliant securities quoted on the recognised Greater China exchanges, amongst others, China and Taiwan.

TEMPORARY DEFENSIVE POSITIONS

If and when the Manager considers the market, economic, political or other conditions to be adverse to a Fund, the Manager may take a temporary defensive position to respond to those conditions. In such circumstances, the Fund may temporarily increase its holdings in Deposits or liquid assets by more than the allocated percentage of the Fund’s asset allocation.

RISK MANAGEMENT STRATEGIES

The risk management strategies employed by the Manager are as follows:

- monitoring market and economic conditions;
- monitoring adherence to the Funds’ objective and investment restrictions and limits;
- monitoring the performance of the Funds;
- taking temporary defensive positions, when required; and
- escalating and reporting investment matters to the investment committee, senior management team, risk management committee, audit and compliance committee and board of directors.

RISK FACTORS

GENERAL RISKS WHEN INVESTING IN A UNIT TRUST FUND

Market risk
Market risk refers to potential losses that may arise from adverse changes in the market conditions. Market conditions are generally, affected by, amongst others, economic and political stability. If the market which the unit trust fund invests in suffers a downturn or instability due to adverse economic or political conditions, this may adversely impact the market prices of the investments of a unit trust fund.

Liquidity risk
Liquidity risk refers to two scenarios. The first scenario is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario is where the investment is thinly traded. This may cause the unit trust fund to dispose the investment at an unfavorable price in the market and may adversely affect investor’s investment. This risk may be mitigated through stringent security selection process.

Inflation risk
This risk refers to the risk that investor’s investment in the unit trust fund may not grow or generate income at a rate that keeps pace with inflation, thus reducing investor’s purchasing power even though the investment in monetary terms may have increased.

Risk of non-compliance
This risk arises from non-compliance with laws, rules and regulations, prescribed practices and the management company’s internal policies and procedures, for example, due to oversight by the management company. Such non-compliance may force the management company to sell down securities of the unit trust fund at a loss to rectify the non-compliance and in turn may adversely affect the value of investors’ investment in the unit trust fund. To mitigate this risk, the Manager has put in place internal controls to ensure its continuous compliance with laws, rules and regulations, prescribed practices and the Manager’s internal policies and procedures.

Management company risk
The performance of a unit trust fund depends on the experience, expertise and knowledge of the management company. Should there be lack of any of the above qualities by the management company, it may adversely affect the performance of the unit trust fund.

SPECIFIC RISKS WHEN INVESTING IN A MONEY MARKET FUND

Credit or Default risk
This risk refers to the inability of the issuer of the fixed income securities or sukuk held by the Fund to make the coupon or profit or principal payments when due. In the event the issuer defaults in the coupon or profit or principal payments, the value of the Fund will be adversely
affected. The Manager will mitigate the Fund’s credit or default risk by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of the issuer.

This risk also refers to the creditworthiness of the financial institutions and their expected ability to make timely payment of interest or profit and/or principal. In the event the financial institutions default in the interest or profit and/or principal payments, the value of the Fund will be adversely affected.

**Interest rate risk**

Generally, the value of fixed income securities or sukuk will move inversely to interest rate movements. Therefore, the value of fixed income securities or sukuk may fall when interest rates rise and vice versa. Fixed income securities or sukuk of longer duration tend to be more sensitive to interest rate changes. To mitigate interest rate risk, the Manager will manage the duration of the portfolio based on the Manager’s view of the trend of future interest rates.

Additionally, interest rate fluctuations will affect the fixed deposit or Islamic deposit returns of the Fund. Interest rates offered by the financial institutions will fluctuate according to the overnight policy rate determined by Bank Negara Malaysia and this has direct impact on the Fund’s future placement in fixed deposit or Islamic deposit. The Fund will benefit from higher interest rate and in the event that the interest rate is low, the Fund’s returns will also be low.

*(Note: the interest rate mentioned above will have an impact on the management of the Fund, regardless whether it is a Shariah-compliant Fund or otherwise. It does not in any way suggest that the Shariah-compliant Fund will invest in conventional financial instruments. All the investments and placements carried out for the Shariah-compliant Fund are in accordance with the Shariah requirements.)*

**SPECIFIC RISKS WHEN INVESTING IN A BOND FUND**

**Security risk**

*Applicable only to Eastspring Dana al-Islah*

Adverse price movements of a particular Shariah-compliant security invested by the Fund may adversely affect the Fund’s NAV. The Manager strives to mitigate the impact of a particular Shariah-compliant security risk through a diversified portfolio of Shariah-compliant securities of different sectors or industries.

Meanwhile investing in Shariah-compliant equity-related securities such as Shariah-compliant warrants, where price movement is dependent on the price movement of the underlying of the Shariah-compliant equity-related securities, the risk is generally higher than their Shariah-compliant equities as these Shariah-compliant equity-related securities are leveraged form of investment. The price of Shariah-compliant equity-related securities generally fluctuates more than the Shariah-compliant equities and consequently may affect the volatility of the Fund’s NAV. To mitigate this risk, the Manager will conduct rigorous fundamental analysis of the Shariah-compliant equities and equity-related securities.
Shariah-complaint warrants are financial instruments that give the buyer the right but not the obligation to purchase or sell Shariah-compliant equities at a pre-determined price before the expiry date. Such investments may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date.

**Credit or Default risk**

This risk refers to the inability of the issuer of the fixed income securities or sukuk held by the Fund to make the coupon or profit or principal payments when due. In the event the issuer defaults in the coupon or profit or principal payments, the value of the Fund will be adversely affected. The Manager will mitigate the Fund’s credit or default risk by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of the issuer.

**Interest rate risk**

Generally, the value of fixed income securities or sukuk will move inversely to interest rate movements. Therefore, the value of fixed income securities or sukuk may fall when interest rates rise and vice versa. Fixed income securities or sukuk of longer duration tend to be more sensitive to interest rate changes. To mitigate interest rate risk, the Manager will manage the duration of the portfolio based on the Manager’s view of the trend of future interest rates.

(Note: the interest rate mentioned above will have an impact on the management of the Fund, regardless whether it is a Shariah-compliant Fund or otherwise. It does not in any way suggest that the Shariah-compliant Fund will invest in conventional financial instruments. All the investments carried out for the Shariah-compliant Fund are in accordance with the Shariah requirements)

**Country risk**

*Applicable only to Eastspring Global Target Income*

The Fund may be affected by risks specific to the countries in which it invests. Such risks may be caused by but not limited to changes in the country’s economic fundamentals, social and political stability, currency movements and foreign investment policies. These factors may have an impact on the prices of the Fund’s investment in that country and consequently may also affect the Fund’s NAV.

**Currency risk**

*Applicable only to Eastspring Global Target Income*

As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.
The impact of the exchange rate movement between the base currency of the Fund and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the base currency of the Fund.

**Counterparty risk**

The Fund will be exposed to credit risk of the counterparties with whom the Fund trades with. The Fund may place cash deposits, invest in money market instruments, and also enter into derivative contracts for hedging and efficient portfolio management purposes. In the event that the counterparty is not able to fulfil its obligations especially in the event of bankruptcy, this may lead to a loss to the Fund. Counterparty risk may be mitigated by conducting credit evaluation on the counterparty to ascertain the creditworthiness of the counterparty.

**Income distribution risk**

It should be noted that the distribution of income is not guaranteed. The distribution of income is made from realised gains and/or realised income. As such, the Fund may not be able to distribute income if it does not receive such cash flows.

**Reclassification of Shariah status risk**

*Applicable only to Eastspring Dana al-Islah*

This is the risk that Shariah-compliant equities in the Fund may be reclassified to be Shariah non-compliant upon periodic review of the equities by the SAC of the SC. If this occurs, the Manager will adopt the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund may also be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost.

**Note:** Please refer to Shariah Investment Guidelines for details.

**Ratings downgrade risk**

The Fund invests in fixed income securities or sukuk which may be downgraded at any time. If the credit rating of the fixed income securities or sukuk be downgraded by the rating agencies to below the minimum credit rating as stated in the investment strategy of the Funds, the Manager may dispose the affected fixed income securities or sukuk in the market.

*Applicable only to Eastspring Global Target Income*

The Fund invests in bonds which may be downgraded at any time. If this occurs, there may be adverse price impact on the bonds. However, a downgrade does not necessarily represent a default by the bond issuer. In the event the 40% limit is exceeded, the Manager will rectify such breach within a reasonable period of not more than three (3) months by disposing of the non-rated bonds and/or bonds below investment grade to 40% of the Fund’s NAV.
**Derivatives risk**

*Applicable only to Eastspring Global Target Income*

The Manager may invest in derivatives for hedging and efficient portfolio management purposes. Derivatives’ market values may be subject to wide fluctuations and expose the Fund to potential gains and losses due to mark-to-market value. Some of the risks associated with derivatives are, but not limited to, market risk, management company risk, counterparty risk, and liquidity risk.

To the extent hedging transactions are imperfect, there is no guarantee that it will be possible to remove all currency, interest rate or credit exposures. In the event the hedging strategy does not meet its intended objective, this could have an adverse impact on the NAV of the Fund.

**SPECIFIC RISKS WHEN INVESTING IN A BALANCED FUND**

**Security risk**

Adverse price movements of a particular security or Shariah-compliant security invested by the Fund may adversely affect the Fund’s NAV. The Manager strives to mitigate the impact of a particular security or Shariah-compliant security risk through portfolio diversification.

Meanwhile investing in equity-related securities or Shariah-compliant equity-related securities such as rights and warrants or Shariah-compliant warrants, where price movement is dependent on the price movement of the underlying of the equity-related securities or Shariah-compliant equity-related securities, the risk is generally higher than their equities or Shariah-compliant equities as these equity-related securities or Shariah-compliant equity-related securities are leveraged form of investment. The price of equity-related securities or Shariah-compliant equity-related securities generally fluctuates more than the equities or Shariah-compliant equities and consequently may affect the volatility of the Fund’s NAV. To mitigate this risk, the Manager will conduct rigorous fundamental analysis of the equities and equity-related securities or Shariah-compliant equities and equity-related securities.

Warrants or Shariah-compliant warrants are financial instruments that give the buyer the right but not the obligation to purchase or sell equities or Shariah-compliant equities at a pre-determined price before the expiry date. Such investments may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date.

**Credit or Default risk**

This risk refers to the inability of the issuer of the fixed income securities or sukuk held by the Fund to make the coupon or profit or principal payments when due. In the event the issuer defaults in the coupon or profit or principal payments, the value of the Funds will be adversely affected. The Manager will mitigate the Fund’s credit or default risk by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of the issuer.

**Interest rate risk**

Generally, the value of fixed income securities or sukuk will move inversely to interest rate movements. Therefore, the value of fixed income securities or sukuk may fall when interest rates
rise and vice versa. Fixed income securities or sukuk of longer duration tend to be more sensitive to interest rate changes. To mitigate interest rate risk, the Manager will manage the duration of the portfolio based on the Manager’s view of the trend of future interest rates.

(Note: the interest rate mentioned above will have an impact on the management of the Fund, regardless whether it is a Shariah-compliant Fund or otherwise. It does not in any way suggest that the Shariah-compliant Fund will invest in conventional financial instruments. All the investments carried out for the Shariah-compliant Fund are in accordance with the Shariah requirements).

Currency risk

Applicable only to Eastspring Asia Select Income

As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

The impact of the exchange rate movement between the base currency of the Fund and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the base currency of the Fund.

In the normal course of investment, the Fund does not engage any currency hedging strategy in mitigating the currency risk. The Manager may, however, depending on prevailing market circumstances at a particular point in time, choose to use forward or option contracts for hedging and risk reduction purposes.

Applicable only to Eastspring ASEAN al-Adiil

As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

The impact of the exchange rate movement between the base currency of the Fund and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the base currency of the Fund.

The Fund does not intend to engage any currency hedging to mitigate the currency risk.
Counterparty risk

The Fund will be exposed to credit risk of the counterparties with whom the Fund trades with. The Fund may place Deposits or Islamic Deposits and invest in money market instruments or Islamic money market instruments. In the event that the counterparty is not able to fulfil its obligations especially in the event of bankruptcy, this may lead to a loss to the Fund. Counterparty risk may be mitigated by conducting credit evaluation on the counterparty to ascertain the creditworthiness of the counterparty.

Countries or Foreign securities risk

Applicable only to Eastspring Asia Select Income

The Fund invests in Target Fund that is domiciled in Luxembourg and also invests in securities listed outside Luxembourg. Any changes in the economic fundamentals, social and political stability, currency movements and foreign investments policies in these foreign countries may have an impact on the prices of the securities that the Target Fund invests in and consequently may also affect the Fund’s NAV.

As the Target Fund is registered in the Grand Duchy of Luxembourg, therefore, is exposed to risks related to Luxembourg. The Target Fund may be affected by risks associated with the possibility of changes in the:

- financial aspects such as currency controls and regulatory changes, and
- security factors such as civil war, riots, etc.

All these changes may have an impact on the net asset value of the Target Fund.

Applicable only to Eastspring ASEAN al-Adiil

The Fund may be affected by risks specific to the countries in which it invests. Such risks may be caused by but not limited to changes in the country’s economic fundamentals, social and political stability, currency movements and foreign investment policies. These factors may have an impact on the prices of the Fund’s investment in that country and consequently may also affect the Fund’s NAV. The Manager mitigates this risk by conducting continuous research on the respective countries’ economic, political and social conditions.

Reclassification of Shariah status risk

Applicable only to Eastspring ASEAN al-Adiil

This is the risk that Shariah-compliant equities in the Fund may be reclassified to be Shariah non-compliant upon periodic review of the equities by the SAC of the SC, the Shariah adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will adopt the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund may also be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost.

Note: Please refer to Shariah Investment Guidelines for details.
SPECIFIC RISKS WHEN INVESTING IN A MIXED ASSET FUND

Security risk

Adverse price movements of a particular security or Shariah-compliant security invested by the Fund may adversely affect the Fund’s NAV. The Manager strives to mitigate the impact of a particular security or Shariah-compliant security risk through portfolio diversification.

Meanwhile investing in equity-related securities or Shariah-compliant equity-related securities such as rights and warrants or Shariah-compliant warrants, where price movement is dependent on the price movement of the underlying of the equity-related securities or Shariah-compliant equity-related securities, the risk is generally higher than their equities or Shariah-compliant equities as these equity-related securities or Shariah-compliant equity-related securities are leveraged form of investment. The price of equity-related securities or Shariah-compliant equity-related securities generally fluctuates more than the equities or Shariah-compliant equities and consequently may affect the volatility of the Fund’s NAV. To mitigate this risk, the Manager will conduct rigorous fundamental analysis of the equities and equity-related securities or Shariah-compliant equities and equity-related securities.

Warrants or Shariah-compliant warrants are financial instruments that give the buyer the right but not the obligation to purchase or sell equities or Shariah-compliant equities at a pre-determined price before the expiry date. Such investments may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date.

Credit or Default risk

This risk refers to the inability of the issuer of the fixed income securities or sukuk held by the Fund to make the coupon or profit or principal payments when due. In the event the issuer defaults in the coupon or profit or principal payments, the value of the Funds will be adversely affected. The Manager will mitigate the Fund’s credit or default risk by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of the issuer.

Interest rate risk

Generally, the value of fixed income securities or sukuk will move inversely to interest rate movements. Therefore, the value of fixed income securities or sukuk may fall when interest rates rise and vice versa. Fixed income securities or sukuk of longer duration tend to be more sensitive to interest rate changes. To mitigate interest rate risk, the Manager will manage the duration of the portfolio based on the Manager’s view of the trend of future interest rates.

(Note: the interest rate mentioned above will have an impact on the management of the Fund, regardless whether it is a Shariah-compliant Fund or otherwise. It does not in any way suggest that the Shariah-compliant Fund will invest in conventional financial instruments. All the investments carried out for the Shariah-compliant Fund are in accordance with the Shariah requirements).
Reclassification of Shariah status risk

Applicable only to Eastspring Dana Dinamik

This is the risk that Shariah-compliant equities in the Fund may be reclassified to be Shariah non-compliant upon periodic review of the equities by the SAC of the SC. If this occurs, the Manager will adopt the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund may also be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost.

Note: Please refer to Shariah Investment Guidelines for details.

SPECIFIC RISKS WHEN INVESTING IN AN EQUITY FUND

Security risk

Adverse price movements of a particular security or Shariah-compliant security invested by the Fund may adversely affect the Fund’s NAV. The Manager strives to mitigate the impact of a particular security or Shariah-compliant security risk through portfolio diversification.

Meanwhile investing in equity-related securities such as ADRs, rights and warrants or Shariah-compliant equity-related securities such as Shariah-compliant warrants, where price movement is dependent on the price movement of the underlying of the equity-related securities or Shariah-compliant equity-related securities, the risk is generally higher than their equities or Shariah-compliant equities as these equity-related securities or Shariah-compliant equity-related securities are leveraged form of investment. The price of equity-related securities or Shariah-compliant equity-related securities generally fluctuates more than the equities or Shariah-compliant equities and consequently may affect the volatility of the Fund’s NAV. To mitigate this risk, the Manager will conduct rigorous fundamental analysis of the equities and equity-related securities or Shariah-compliant equities and equity-related securities.

Warrants or Shariah-complaint warrants are financial instruments that give the buyer the right but not the obligation to purchase or sell equities or Shariah-compliant equities at a pre-determined price before the expiry date. Such investments may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date.

Credit or Default risk

In the event the issuer defaults in the coupon or profit or principal payments, the value of the Fund will be adversely affected. The Manager will mitigate the Fund’s credit or default risk by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of the issuer.

Therefore, the value of fixed income securities or sukuk may fall when interest rates rise and vice versa. Fixed income securities or sukuk of longer duration tend to be more sensitive to interest rate changes. (Note: the interest rate mentioned above will have an impact on the management of the Fund, regardless whether it is a Shariah-compliant Fund or otherwise. It does not in any way suggest that the Shariah-compliant Fund will invest in conventional financial instruments. All the investments carried out for the Shariah-compliant Fund are in accordance with the Shariah requirements).

Concentration risk

Applicable only to MY Focus

The Fund will have a small selection of equity securities in its portfolio. Thus, a fall in price of a particular equity security will have a greater impact on the Fund and vice versa, consequently leading to higher volatility of the Fund’s NAV. The volatility may be minimised over the mid to long-term by conducting rigorous fundamental analysis before investing in each security. In addition, investor may ride through the volatility by holding the investments of this Fund over the medium to long-term.

Countries or Foreign securities risk

The Fund may be affected by risks specific to the countries in which it invests. Such risks may be caused by but not limited to changes in the country’s economic fundamentals, social and political stability, currency movements and foreign investment policies. These factors may have an impact on the prices of the Fund’s investments in that country and consequently may also affect the Fund’s NAV. The Manager mitigates this risk by conducting continuous research on the respective countries’ economic, political and social conditions.

Currency risk

As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

The impact of the exchange rate movement between the base currency of the Fund and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the base currency of the Fund.

The Fund does not intend to engage in any currency hedging to mitigate currency risk.
Counterparty risk

*Applicable only to Eastspring Asia Pacific ex-Japan Target Return*

The Fund will be exposed to credit risk on the counterparties with whom the Fund trades with. The Fund may place Deposits and invest in money market instruments. In the event that the counterparty is not able to fulfil its obligations especially in the event of bankruptcy, this may lead to a loss to the Fund. This risk is mitigated by conducting credit evaluation on the counterparty to ascertain the creditworthiness of the counterparty.

*Applicable only to Eastspring Dinasti Equity*

The Fund will be exposed to credit risk on the counterparties with whom the Fund trades with. The Fund may enter into Shariah-compliant derivative contracts. In the event that the counterparty is not able to fulfil its obligations especially in the event of bankruptcy, this may lead to a loss to the Fund. This risk is mitigated by conducting credit evaluation on the counterparty to ascertain the creditworthiness of the counterparty.

Reclassification of Shariah status risk

This is the risk that Shariah-compliant equities in the Fund may be reclassified to be Shariah non-compliant upon periodic review of the equities by the SAC of the SC, the Shariah adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will adopt the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund may also be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost.

Note: Please refer to Shariah Investment Guidelines for details.

License risk

*Applicable only to Eastspring Dinasti Equity*

This risk is associated with investments in Shariah-compliant securities listed in a country which requires a license prior to making any investments in the said country. Such license may be revoked or not be renewed should the Manager breach the relevant regulations of the said country. If this occurs, the Fund will have to liquidate all stocks listed on the exchanges in the said country within the stipulated period. The liquidation may be performed at a loss, hence affecting the NAV of the Fund. This risk may be reduced, if the Manager diligently observes and complies with the relevant regulations of the said country.

Shariah-compliant derivative risk

*Applicable only to Eastspring Dinasti Equity*

The Manager may invest in Shariah-compliant derivatives for hedging and efficient portfolio management purposes. Shariah-compliant derivatives’ market values may be subject to wide fluctuations and expose the Fund to potential gains or losses due to mark-to-market value.
Islamic structured products may contain one or more embedded Shariah-compliant derivatives, including Islamic options. The value of such Islamic options depends on a variety of market factors, including improvements in the underlying reference index, the variability or volatility of such index, interest rate, foreign exchange rate and other factors. The value of the option may not necessarily change in constant proportion to changes in the underlying reference index. Further, options by their nature will tend to decline in value over time, assuming that all other market factors remain unchanged. These factors affecting the value of the option will also be reflected in the value of the investments in which it is embedded.

Prepayment and commitment risk

*Applicable only to Eastspring Dinasti Equity*

Islamic structured products are designed as a hold-to-maturity investment. Therefore, the early redemption amount may be lesser than the principal amount originally invested or part thereof, in the case of partial redemptions. Any request to restructure the Islamic structured products, if agreed by the issuer, is effectively an early redemption by the Fund. The full amount that would have been received is used to invest in a new Shariah-compliant investment on such terms that are applicable to the new investment. Such amount may factor in all accrued profit due (if any), losses due to market movements, break costs and other losses incurred in discharging a related hedging or other arrangements made in the design of the Islamic structured products.

**SPECIFIC RISKS WHEN INVESTING IN A FEEDER FUND**

**Countries or Foreign securities risk**

*Applicable to Eastspring Global Emerging Markets*

The Fund invests in the Target Fund that is domiciled in Luxembourg and also invests in securities listed outside Luxembourg. Any changes in the economic fundamentals, social and political stability, currency movements and foreign investments policies in these foreign countries may have an impact on the prices of the securities that the Target Fund invests in and consequently may also affect the Fund’s NAV.

As the Target Fund is registered in the Grand Duchy of Luxembourg, therefore, it is exposed to risks related to Luxembourg. The Target Fund may be affected by risks associated with the possibility of changes in the:
- financial aspects such as currency controls and regulatory changes, and
- security factors such as civil war, riots, etc.

All these changes may have an impact on the net asset value of the Target Fund.

*Applicable to Eastspring Global Leaders MY and Eastspring Global Basics MY*

The Fund invests in the Target Fund that is domiciled in the United Kingdom and also invests in securities listed outside the United Kingdom. Any changes in the economic fundamentals, social and political stability, uncertainty or changes in countries’ official currencies, currency movements and foreign investments policies in these foreign countries may increase the volatility in asset
values, liquidity and default risk which may have an impact on the prices of the securities that the Target Fund invests in and consequently may also affect the Fund’s NAV.

As the Target Fund is registered in the United Kingdom, therefore, it is exposed to risks related to the United Kingdom. The Target Fund may be affected by risks associated with the possibility of changes in the:

› financial aspects such as currency controls and regulatory changes, and
› security factors such as civil war, riots, etc.

All these changes may have an impact on the net asset value of the Target Fund.

**Currency risk**

As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

The impact of the exchange rate movement between the base currency of the Fund and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the base currency of the Fund.

In the normal course of investment, the Fund does not engage any currency hedging strategy in mitigating the currency risk. The Manager may, however, depending on prevailing market circumstances at a particular point in time, choose to use forward or option contracts for hedging and risk reduction purposes.

**SPECIFIC RISKS WHEN INVESTING IN THE TARGET FUND**

**Security risk**

Adverse price movements of a particular security invested by the Target Fund may adversely affect the Target Fund’s net asset value. The Investment Manager strives to mitigate the impact of a particular security risk through portfolio diversification, which will help spread the element of risk.

**Fund management of Target Fund risk**

While the Manager will exercise due skill and care in selecting the Target Fund, it does not have control over the management of the Target Fund and there is no guarantee that the investment objectives will be met. This may result in Unit Holders suffering losses in their investments in the Target Fund.

The Target Fund may change its objectives and become inconsistent with the objective of the Fund. In such instances, the Manager will replace the Target Fund with another collective investment scheme which the Manager considers to be more appropriate in meeting the objective of the Fund. Such change would require Unit Holders’ approval.
Errors in Calculation of the net asset value of the Target Fund's risk

There is a possibility there are errors in calculation of the net asset value of the Target Fund. In the event such errors occur, the net asset value of the Target Fund will be affected hence, the Target Fund will comply with the rules set forth in the relevant regulatory provisions applicable to the Target Fund. Compensation, if any, paid by the Target Fund (subject to the laws of the jurisdiction in which such Target Fund is domiciled), will be credited to the Fund as and when compensation is received.

Liquidity risk

Liquidity risk here refers to two scenarios. The first scenario is where the allocated liquidity of the Target Fund is insufficient to meet redemption needs. The second scenario is where the investments in the Target Fund are thinly traded. Should the investments in the Target Fund be thinly traded, this may cause the Target Fund to dispose the investment at an unfavorable price in the market and may adversely affect investors’ investment. This risk may be mitigated through stringent security selection process.

Currency risk

This risk is associated with investments denominated in currencies different from the base currency of the Target Fund. As the Target Fund is denominated in US Dollar or EUR, the underlying investments may be denominated in its local currency. The performance of the Target Fund may be affected by movements in the exchange rate between the local currency and the US Dollar or EUR. For example, should the US Dollar or EUR weaken against the local currency, the investments may face currency loss in addition to any capital gains or losses, which will affect the net asset value of the Target Fund.

The Target Fund does not intend to engage any currency hedging to mitigate the currency risk.

Countries or Foreign securities risk

This risk is associated with investments in securities listed or domiciled in countries other than the country of domicile. Any changes in the economic fundamentals, social and political stability, uncertainty or changes in countries’ official currencies, currency movements and foreign investments policies in these countries may increase the volatility in asset values, liquidity and default risk which may have an impact on the prices of the securities that the Target Fund invests in and consequently may also affect the net asset value of the Target Fund.

Investments in certain markets may be restricted or controlled. In some countries, direct investments in securities may be prohibited and restricted due to regulatory requirements. These limitations may increase transaction costs and adversely affect a security’s liquidity and the price in connection with the security.

The Investment Manager will monitor and observe the developments in these countries where assets of the Target Fund are allocated. In addition, the Investment Manager will also employ a systematic investment process, which includes regular review, to manage and mitigate this risk.
Emerging market risk

Potential investors should be aware that investments in emerging markets may involve a higher degree of risk than investments in developed markets. A portfolio consequently may experience greater price volatility and significantly lower liquidity than a portfolio invested solely in equity securities of issuers located in more developed markets.

Investments in emerging market securities entail significant risks in addition to those customarily associated with investing in securities of issuers in more developed markets, such as:

(i) low or non-existent trading volume, resulting in a lack of liquidity and increased volatility in prices for such securities, as compared to securities of comparable issuers in more developed markets;

(ii) uncertain national policies and social, political and economic instability, increases the potential for expropriation of assets, confiscatory taxation, high rates of inflation or unfavorable diplomatic developments;

(iii) possible fluctuations in exchange rates, differing legal systems and the existence or possible imposition of exchange controls, custodial restrictions or other laws or restrictions applicable to such investments;

(iv) national policies which may limit a portfolio’s investment opportunities such as restrictions on investment in issuers or industries deemed sensitive to national interests; and

(v) the lack or relatively early development of legal structures governing private and foreign investments and private property. Other risks relating to investments in emerging market issuers include: the availability of less public information on issuers of securities; settlement practices that differ from those in more developed markets may result in delays or may not fully protect a portfolio against the loss or theft of assets; the possibility of nationalisation of a company or industry and expropriation or confiscatory taxation; and the imposition of foreign taxes.

Investments in emerging markets securities may also result in generally higher expenses due to: the costs of currency exchange; higher brokerage commissions in certain emerging markets; and the expense of maintaining securities with foreign custodians. Issuers in emerging markets may not be subject to accounting, auditing and financial reporting standards and requirements comparable to those to which companies in developed markets are subject to. In certain emerging markets, reporting standards vary widely. As a result, traditional investment measurements used in developed markets, such as price/earnings ratios, may not be applicable in certain emerging markets.

The above-mentioned risk could adversely affect the value of investments, and consequently impacting the net asset value of the Target Fund.

Charges to capital risk

The Target Fund’s charges and expenses are taken from the capital, in whole or in part, resulting in possible constraint of capital growth.
Restrictions on foreign investment

Some countries prohibit or impose substantial restrictions on investments by foreign entities. There may also be instances where a purchase order subsequently fails because the permissible allocation to foreign investors has been filled, depriving the Target Fund of the ability to make its desired investment at the time.

Initial Public Offerings risk

The Target Fund may invest in initial public offerings, which frequently are smaller companies. Such securities have no trading history and information about these companies may only be available for limited periods. The prices of securities involved in initial public offerings may be subject to greater price volatility than more established securities.

Smaller companies risk

The Target Fund which invests in smaller companies may fluctuate more in value than investments in larger companies. Smaller companies may offer greater opportunities for capital appreciation than larger companies, but may also involve certain special risks. They are more likely than larger companies, to have limited product lines, markets or financial resources, or to depend on a small, inexperienced management group. Securities of smaller companies may, especially during periods where markets are falling, become less liquid and experience short-term price volatility and wide spreads between dealing prices. They may also trade in the OTC market or on a regional exchange, or may otherwise have limited liquidity. Consequently investments in smaller companies may be more vulnerable to adverse developments than those in larger companies and the Target Fund may have more difficulty establishing or closing out its securities positions in smaller companies at prevailing market prices. Also, there may be less publicly available information about smaller companies or less market interest in the securities and it may take longer for the prices of the securities to reflect the full value of the issuers’ earning potential or assets.

Technology related company risk

Investments in the technology sector may present a greater risk and a higher volatility than investments in a broader range of securities covering different economic sectors. The equity securities of the companies in which the Target Fund may invest are likely to be affected by worldwide scientific or technological developments and their products or services may rapidly fall into obsolescence. In addition, some of these companies offer products or services that are subject to governmental regulation and may, therefore, be adversely affected by governmental policies. As a result, the investments made by the Target Fund may decrease sharply in value in response to market, research or regulatory setbacks.
Counterparty risk

Applicable only to Eastspring Global Basics MY and Eastspring Global Leaders MY

The Investment Manager will place transactions, hold positions (including derivatives transactions) and deposit cash on deposit with a range of counterparties, there is a risk that a counterparty may default on its obligations or become insolvent, which may put the Target Fund's capital at risk.

THE ABOVE SHOULD NOT BE CONSIDERED TO BE AN EXHAUSTIVE LIST OF THE RISKS WHICH INVESTORS SHOULD CONSIDER BEFORE INVESTING INTO THE FUND. INVESTORS SHOULD BE AWARE THAT AN INVESTMENT IN THE FUND MAY BE EXPOSED TO OTHER RISKS FROM TIME TO TIME. INVESTORS SHOULD CONSULT A PROFESSIONAL ADVISER FOR A BETTER UNDERSTANDING OF THE RISKS.

1. Shariah Investment Guidelines

The following matters are adopted by IBFIM in determining the Shariah status of the investments of the Funds.

INVESTMENT IN MALAYSIA

Equity:

Reference for investment in local equities and equity related securities is based on the list of Shariah-compliant securities issued by the SAC of the SC twice yearly on the last Friday of May and November which is readily available at the SC’s website.

However, for Initial Public Offering (“IPO”) companies that have yet to be determined the Shariah status by the SAC of the SC, IBFIM adopted the following analysis as a temporary measure in determining its Shariah status until the SAC of the SC releases the Shariah status of the respective companies.

Core Business Activities Analysis

Companies whose activities are not contrary to the Shariah will be classified as Shariah-compliant securities. On the other hand, companies will be classified as Shariah non-compliant if they are involved in the following core business activities:

(a) Conventional financial services;
(b) Gambling and gaming;
(c) Manufacture or sale of non-halal products or related products (e.g. pork and liquor);
(d) Manufacture or sale of tobacco-based products or related products;
(e) Pornography;
(f) Weaponry;
(g) Entertainment activities that are not permitted by the Shariah; and
(h) Other activities deemed non-permissible according to the Shariah.

Mixed Business Activities Analysis

For companies with activities comprising both permissible and non-permissible elements, IBFIM applies two analyses before they can be classified as Shariah-compliant. The analyses are as follows:

(i) Qualitative Analysis

In this analysis, IBFIM will look into aspects of general public perception of the companies’ images, core businesses which are considered important and maslahah (beneficial) to the Muslim ummah and the country, the non-permissible elements are very small and involve matters like umum balwa (common plight and difficult to avoid), ‘uruf (custom) and rights of the non-Muslim community which are accepted by the Shariah.
(ii) Quantitative Analysis

Companies which passed the above qualitative analysis will be further subject to quantitative analysis. IBFIM deduces the following to ensure that they are lower than the Shariah tolerable benchmarks:

(a) Business Activity Benchmarks

The 5% benchmark would be applicable to the following business activities:

- Conventional banking;
- Conventional insurance;
- Gambling;
- Liquor and liquor-related activities;
- Pork and pork-related activities;
- Non-halal food and beverages;
- Shariah non-compliant entertainment;
- Interest income\(^1\) from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator);
- Dividends\(^2\) from Shariah non-compliant investments;
- Tobacco and tobacco-related activities; and
- Other activities considered non-compliant according to Shariah.

The 20% benchmark would be applicable to the following activities:

- Hotel and resort operations;
- Share trading;
- Stockbroking business;
- Rental received from Shariah non-compliant activities; and
- Other activities considered non-compliant according to Shariah.

The contribution of Shariah non-compliant activities to the overall revenue or sales or turnover or income and profit before tax of the companies will be calculated and compared against the relevant business activity benchmarks.

(b) Financial Ratio Benchmarks

The financial ratios’ applied are as follows:

- Cash over Total Assets
  
  Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

Note:

\(^1\) Interest income will be compared against the companies’ overall revenue/sales/turnover/income.

\(^2\) Dividends will be compared against the companies’ profit before taxation.
Debt over Total Assets
Debt will only include interest bearing debt whereas Islamic debt or financing or sukuk will be excluded from the calculation.

Both ratios, which are intended to measure riba and riba-based elements within a companies’ balance sheet, must be lower than 33%.

Should any of the above deductions fail to meet the benchmarks, IBFIM will not accord Shariah-compliant status for the companies.

Sukuk and Islamic Money Market Instruments:
IBFIM will verify any sukuk and/or Islamic money market instruments, based on the data available at Bond Info Hub (www.bondinfo.bnm.gov.my) and Fully Automated System for Issuing or Tendering (https://fast.bnm.gov.my).

INVESTMENT IN FOREIGN MARKETS

Equity:

Core Business Activities Analysis
Companies whose activities are not contrary to the Shariah will be classified as Shariah-compliant securities. On the other hand, companies will be classified as Shariah non-compliant if they are involved in the following core business activities:

(a) Conventional financial services;
(b) Gambling and gaming;
(c) Manufacture or sale of non-halal products or related products (e.g. pork and liquor);
(d) Manufacture or sale of tobacco-based products or related products;
(e) Pornography;
(f) Weaponry;
(g) Entertainment activities that are not permitted by the Shariah; and
(h) Other activities deemed non-permissible according to the Shariah.

Mixed Business Activities Analysis
For companies with activities comprising both permissible and non-permissible elements, IBFIM applies two (2) analyses before they can be classified as Shariah-compliant. The analyses are as follows:

(i) Qualitative Analysis
In this analysis, IBFIM will look into aspects of general public perception of the companies’ images, core businesses which are considered important and maslahah (beneficial) to the Muslim ummah and the country, the non-permissible elements are very small and involve matters like umum balwa (common plight and difficult to avoid), ‘uruf (custom) and rights of the non-Muslim community which are accepted by the Shariah.
(ii) Quantitative Analysis

Companies which passed the above qualitative analysis will be further subject to quantitative analysis. IBFIM deduces the following to ensure that they are lower than the Shariah tolerable benchmarks:

- Contribution of interest income to the total income is lower than 5% of the total income;
- Total debt of the companies (including all interest-bearing loans or debentures and their respective payables such as short term or long term debts, short term or long term debentures and all debentures payables) is lower than 30% of the total assets of the companies;
- Total sum of companies’ cash and receivables is lower than 70% of its total assets; and
- Income generated from other prohibited components from Shariah perspective is lower than 5% of the companies’ total income.

Should any of the above deductions fail to meet the benchmarks, IBFIM will not accord Shariah-compliant status for the companies.

Foreign sukuk:

IBFIM will review the information memoranda or prospectuses of the sukuk, its structures, utilisation of proceeds, Shariah contracts, Shariah pronouncements, etc.

2. Cleansing Process for the Fund

(a) Wrong Investment

This refers to Shariah non-compliant investment made by the fund manager. The said investment will be disposed of or withdrawn with immediate effect. In the event that the investment resulted in gain (through capital gain and/or dividend or profit), the gain is to be channeled to baitulmal or any other charitable bodies as advised by the Shariah adviser. If the disposal of the investment results in losses to the Fund, the losses are to be borne by the fund manager.

(b) Reclassification of Shariah Status of the Fund’s Investment

Reclassification of Shariah status refers to security which is reclassified as Shariah non-compliant by the SAC of the SC, the Shariah adviser or the Shariah boards of the relevant Islamic Indices. The said security is to be disposed soonest practical, once the total amount of dividends received and the market value of the Shariah non-compliant security held equal the original investment cost.

Any capital gains arising from the disposal of the Shariah non-compliant security made at the time of the announcement can be kept by the Fund. However, any excess capital gains derived from the disposal after the announcement day at a market price that is higher than the closing price on the announcement day is to be channeled to baitulmal or any charitable bodies as advised by the Shariah adviser.
3. Zakat (tithe) for the Fund

The Fund does not pay zakat on behalf of Muslim individuals and Islamic legal entities who are investors of the Fund. Thus, investors are advised to pay zakat on their own.

The Shariah adviser confirms that the investment portfolio of the Funds will comprise instruments that have been classified as Shariah-compliant by the SAC of the SC or the SAC of BNM. For instruments that are not classified as Shariah compliant by the SAC of the SC or the SAC of BNM, they will review and determine the Shariah status of the said instruments in accordance with the ruling issued by the Shariah adviser.

### VALUATION OF THE FUND

#### Valuation Point

The Fund will be valued at least once every Business Day. The Fund adopts a forward pricing basis which means that prices of Units will be calculated based on the NAV of the Fund at the next valuation point after the application to purchase or redeem Units is received by the Manager.

For a Fund with no foreign market investments, the valuation of the Fund is conducted at the close of Bursa Malaysia on the same Business Day. If request for sales or redemptions are received before the cut-off time of 4.00 p.m. on any Business Day, say, Tuesday, the Tuesday's Unit pricing shall apply and will be calculated on Tuesday (if Tuesday is a Business Day). Tuesday's Unit pricing will be published on Wednesday (T+1).

For a Fund with foreign market investments, the valuation of the Fund is conducted after the close of a Business Day but not later than 5.00 p.m. of the following Business Day (T+1) due to the different time zones of foreign markets. Consequently, the daily NAV of the Fund will be published two (2) Business Days later instead of the next Business Day. If application for sales or redemption is received by the Manager before the cut-off time of 4.00 p.m. on any Business Day, say, Tuesday, the Tuesday's Unit pricing shall apply and will be calculated on Wednesday (if Wednesday is a Business Day). Tuesday's Unit pricing will be published on Thursday (T+2).

You may contact the Manager directly or visit the Manager’s website, [www.eastspringinvestments.com.my](http://www.eastspringinvestments.com.my) to obtain the latest NAV of the Fund.

#### Bases of Valuation for the Fund

The bases of valuation of the respective assets classes of the Fund are as follows:

- **Listed securities or Shariah-compliant securities**

  In respect of the Fund's investments in listed securities or Shariah-compliant securities, the valuation is based on the market price obtained at the close of the respective stock exchanges. However, if:
a valuation based on the market price does not represent the fair value of the listed securities or Shariah-compliant securities, for example during abnormal market conditions; or

(b) no market price is available, including in the event of a suspension in the quotation of listed securities or Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the listed securities or Shariah-compliant securities would be valued at fair value, as determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

- **Unlisted securities or Shariah-compliant securities**
  Investments in unlisted securities or Shariah-compliant securities will be valued at fair value as determined in good faith by the Manager, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

- **Unlisted collective investment schemes or Shariah-compliant collective investment schemes**
  Investments in unlisted collective investment schemes or Shariah-compliant collective investment schemes will be valued based on the last published price per Unit.

- **Unlisted fixed income securities or Sukuk**
  Investments in unlisted fixed income securities or sukuk denominated in Ringgit Malaysia will be valued on a daily basis using fair value prices quoted by a bond pricing agency registered with the SC. An example of such agency is Bond Pricing Agency Malaysia Sdn Bhd. If the Manager is of the view that the price quoted by the bond pricing agency differs from the market price by more than twenty (20) basis points, the Manager may use the market price provided that the Manager records the basis for not using the bond pricing agency price and obtain the necessary internal approvals for not using the bond pricing agency price. The Manager will keep the audit trail of all decisions and basis for adopting the market yield.

Foreign unlisted fixed income securities or sukuk will be valued daily based on fair value by reference to the average indicative yield quoted by three independent and reputable institutions. However, when the Manager is unable to obtain quotations from three independent and reputable institutions due to circumstances where the independent dealers or bankers are not able to provide daily quotes for the foreign unlisted fixed income securities or sukuk, the value shall be determined by reference to the value of such unlisted fixed income securities or sukuk quoted by Thomson Reuters (“Reuters”). Prior to the usage of Reuters, verification from the auditors and approval from the Trustee shall be sought. An audit trail for the basis of adopting Reuters and the approval given for such adoption shall be maintained by the Manager.
**Applicable only to Eastspring Global Target Income**

Foreign unlisted bonds will be valued daily by using Reuters. Where Reuters prices are not available, these foreign unlisted bonds will be valued at fair value, as determined in good faith by the Manager on the methods or bases approved by the Trustee.

- **Money markets instruments or Islamic money market instruments**

  Money market instruments or Islamic money market instruments such as commercial papers or Islamic commercial papers shall be valued at original purchase yields on a daily basis. The original purchase yields refer to the original price at the point of purchase and adjusted for amortisation of premiums or accretion of discounts, and negotiable instruments or Islamic negotiable instruments of Deposits are valued based on the yield provided by the bank or the financial institution that issues the investments.

- **Deposits or Islamic Deposits**

  Deposits or Islamic Deposits placed with financial institutions are valued each day by reference to the principal value of such investments and interest or profit accrued thereon, if any, for the relevant period.

- **Derivatives or Shariah-compliant derivatives**

  Derivatives or Shariah-compliant derivatives are marked-to-market on a daily basis, where possible. Otherwise, the valuation will be based on fair value as determined in good faith by the Manager on methods or bases that have been verified by the auditor of the Fund and approved by the Trustee.

- **Structured product or Islamic structured product**

  Structured product or Islamic structured product is marked-to-market on a daily or weekly basis, where possible using valuation prices quoted by the structured product providers. Otherwise, the valuation will be based on fair value as determined in good faith by the Manager on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.
Pricing Adjustment Policy and Dilution Policy

Eastspring Asia Select Income (for the avoidance of doubt, Eastspring Asia Select Income is not a feeder fund).

The Target Fund relating to Eastspring Asia Select Income namely Eastspring Investments – Dragon Peacock Fund, has a pricing adjustment policy in place.

When the policy is adopted, it will affect the net asset value of the Target Fund, which in turn affects the NAV of Eastspring Asia Select Income.

The pricing adjustment policy is a technique designed to protect existing investors from the performance dilution effects they may suffer as a result of transactions by other investors in the Target Fund, by adjusting the NAV accordingly.

Under the pricing adjustment policy, large-scale redemptions or subscriptions of Target Fund’s units result in transaction costs which must be borne by the remaining investors.

Please refer to page 135 - 136 for detailed explanation of the policy.

Eastspring Global Leaders MY and Eastspring Global Basics MY

The Target Funds relating to Eastspring Global Leaders MY and Eastspring Global Basics MY namely M&G Global Leaders Fund and M&G Global Basics Fund respectively, have a dilution policy in place.

When the policy is adopted, it will affect the net asset value of the Target Funds, which in turn affects the NAV of Eastspring Global Leaders MY and Eastspring Global Basics MY.

The dilution policy is a technique designed to protect existing investors from the performance dilution effects they may suffer as a result of transactions by other investors in the Target Funds, by adjusting the NAV accordingly.

Under the dilution policy, large-scale redemptions or subscriptions of Target Funds’ units result in transaction costs which must be borne by the remaining investors.

Please refer to pages 154 - 155 for detailed explanation of the policy.

Eastspring Global Emerging Markets

The Target Fund relating to Eastspring Global Emerging Markets namely Schroder International Selection Fund – Emerging Markets, has a dilution policy in place.

When the policy is adopted, it will affect the net asset value of the Target Fund, which in turn affects the NAV of Eastspring Global Emerging Markets.
The dilution policy is a technique designed to protect existing investors from the performance dilution effects they may suffer as a result of transactions by other investors in the Target Fund, by adjusting the NAV accordingly.

Under the dilution policy, large-scale redemptions or subscriptions of Target Fund’s units result in transaction costs which must be borne by the remaining investors.

Please refer to page 170 for detailed explanation of the policy.

**FOREIGN EXCHANGE RATE CONVERSION**

Where the value of an asset of the Fund is denominated in a foreign currency, the assets are translated on a daily basis to Ringgit Malaysia using the bid foreign exchange rate quoted by either Reuters or Bloomberg, at United Kingdom time 4.00 p.m. the same day.

**POLICY ON GEARING**

The Fund is not permitted to borrow cash or other assets (including the borrowing of securities within the meaning of the Securities Borrowing and Lending Guidelines) in connection with its activities. However the Fund may borrow cash for the purpose of meeting redemption requests for Units and for short-term bridging requirement. Such borrowings are subject to the following:

- the Fund’s borrowing is only on a temporary basis and that borrowings are not persistent;
- the borrowing period should not exceed a month;
- the aggregate borrowings of the Funds should not exceed 10% of the Fund’s NAV at the time the borrowing is incurred; and
- the Fund may only borrow from financial institutions.

Shariah-compliant Fund must seek Islamic financing for the above requirements.

EASTSPRING INVESTMENTS – DRAGON PEACOCK FUND
(for the avoidance of doubt, this fund is not a target fund);

About Eastspring Investments

The Company has appointed Eastspring Investments (Luxembourg) S.A. (“Management Company”), to act as its management company with effect 1 April 2013. Previously, the Company was self-managed. The Management Company is governed by chapter 15 of the 2010 Law, and is authorised to perform in particular the functions of collective portfolio management within the meaning of article 101(2) of the 2010 Law, including without limitation the creation, administration, management and marketing of the Undertakings for Collective Investment in Transferable Securities (“UCITS”).

The Company is an umbrella fund, and as such offers investors the opportunity to invest in one or more sub-funds (each “sub-fund” and collectively the “sub-funds”). Each sub-fund has its own specific investment objective and an ancillary basis, liquid assets*. Each sub-fund is treated as a separate entity.

Eastspring Investments (Luxembourg) S.A., is part of the Eastspring Investments Group which is Prudential plc’s asset management business in Asia. Eastspring Investments (Singapore) Limited has been appointed as Investment Manager of the Company. The central administration (including paying agent functions and listing agent functions) and registrar and transfer agent of the Target Fund is The Bank of New York Mellon SA/NV – Luxembourg branch.

About Eastspring Investments (Singapore) Limited
Eastspring Investments (Singapore) Limited was set up as a company in 1994 and has been managing discretionary funds since 1995. As at 31 December 2016, Eastspring Investments (Singapore) Limited had approximately $S$136.91 billion of assets under management, of which

* ancillary basis, liquid assets refers to liquid assets that may not in themselves constitute an investment objective of the sub-fund.
approximately S$107.66 billion were discretionary funds managed in Singapore. Eastspring Investments (Singapore) Limited is licensed and regulated by the Monetary Authority of Singapore under the Securities and Futures Act (Chapter 289), Singapore.

Eastspring Investments (Singapore) Limited is an ultimately wholly-owned subsidiary of Prudential plc (“Prudential”), a company incorporated and with its principal place of business in England. Together with its affiliated companies, Prudential constitutes one of the world’s leading financial services groups. It provides insurance and financial services through its subsidiaries and affiliates throughout the world. It has been in existence for over 166 years. Prudential is not affiliated with Prudential Financial, Inc., or its subsidiary, The Prudential Insurance Company of America.

INVESTMENT OBJECTIVE OF THE TARGET FUND

Eastspring Investments – Dragon Peacock Fund

The Target Fund aims to maximise long-term total returns by investing primarily in equity and equity-related instruments of corporations, which are incorporated in, or listed in, or operating principally from, or carrying on significant business in, or derive substantial revenue from, or whose subsidiaries, related or associated corporations derive substantial revenue from the People's Republic of China (PRC) and the Republic of India (India).

The investments of the Target Fund include, but are not limited to, listed securities in the recognised markets, depository receipts including ADRs and Global Depository Receipts, debt securities convertible into common shares, preference shares and warrants.

INVESTMENT STRATEGY OF THE TARGET FUND

Eastspring Investments – Dragon Peacock Fund

The first part of the process is idea generation. This is a systematic starting point where the Investment Manager uses proprietary screens across a wide investment universe of Chinese and Indian companies applying consistent anchors around valuation. This allows the Investment Manager to be equipped to rapidly identify valuation outliers which may become investment candidates. The next stage is the fundamental analysis of these outliers. This fundamental analysis drives the Investment Manager’s investment approach and the Investment Manager employs a strong discipline around a single valuation framework. The Investment Manager insists on challenge and debate to test the assumptions and help to achieve a level of conviction in the valuation. The next stage is portfolio construction. In taking active risk the Investment Manager considers the stock by stock relationships in the fund to ensure sufficient diversification. The Investment Manager establishes an explicit link between risk and return which reinforces the Investment Manager’s ability to take long-term positions without being forced to close positions in response to excessive volatility. The last stage is review and control. This is a team owned responsibility involving a formal peer review of all strategies which ensures the integrity of the Investment Manager’s process.
Adding value through an active asset allocation process

Rather than having a fixed asset allocation regardless of market conditions, the Investment Manager will systematically vary the portfolio’s investments in China-related and India-related equities, so as to reflect the prevailing market dynamics and valuations and in so doing, add value to a passive long-term strategic asset mix. The long-term strategic asset mix and maximum tactical tilts are as follows:

- Long-term Strategic Asset Mix: 50% China-related Equities - 50% India-related Equities.
- Maximum Tactical Tilts: +/- 25%

The Investment Manager's asset allocation process is based on examining the following factors in both India and China equity markets:

(i) Valuations
   - Market valuations relative to history
   - Absolute valuations (price/book, price/earnings, price/cash flow, dividend yield)
   - Earnings yield versus cash/bond yields and equity risk premium

(ii) Earnings
   - Index earnings forecasts
   - Corporate margins
   - Consensus earnings upgrades/downgrades and earnings revision ratio

(iii) Stock price performance
   - Country performance
   - Index composition
   - Sector performance

PERMITTED INVESTMENTS & INVESTMENT RESTRICTIONS AND LIMITS
OF THE TARGET FUND

Eastspring Investments – Dragon Peacock Fund

The permitted investments of the above Target Fund are as follows:

1. The Target Fund may only invest in:
   (a) Transferable securities and money market instruments admitted to or dealt in on a regulated market, as defined in article 4 point 1(14) of the Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004;
   (b) Transferable securities and money market instruments dealt in on another Regulated Market in a Member State which operates regularly and is recognised and open to the public. For the purpose of this Appendix, the term “Member State” refers to a Member State of the EU, it being understood that the States that are contracting parties to the Agreement creating the EU, it being understood that the States that are contracting parties to the Agreement creating the European Economic Area (“EEA”) other than the Member States of the EU, within the limits set forth by this Agreement and related acts, are considered as equivalent to Member States of the EU;
(c) transferable securities and money market instruments admitted to official listing on a stock exchange in a non-Member State or dealt in on another Regulated Market in a non-Member State which operates regularly and is recognised and open to the public located within any other country of Europe, Asia, Oceania, the American continents or Africa;

(d) recently issued transferable securities and money market instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on a stock exchange or to another Regulated Market referred to under paragraphs (a) to (c) above and that such admission is secured within one year of issue;

(e) shares or units of UCITS authorised according to the UCITS Directive and/or other Undertakings for Collective Investment ("UCI") within the meaning of Article 1(2)(a) and (b) of the UCITS Directive, should they be situated in a Member State or not, provided that:
   (i) such other UCI are authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in Community law, and that cooperation between authorities is sufficiently ensured;
   (ii) the level of guaranteed protection for unitholders in such other UCI is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on asset segregation, borrowing, lending, and uncovered sales of transferable securities and money market instruments are equivalent to the requirements of the UCITS Directive;
   (iii) the business of the other UCI is reported in half-yearly and annual reports to enable an assessment to be made of the assets and liabilities, income and operations over the reporting period;
   (iv) no more than 10% of the UCITS or the other UCI assets, whose acquisition is contemplated, can be, according to its fund rules or instruments of incorporation, invested in aggregate in units of other UCITS or other UCIs;
   (v) the Target Fund may not invest in units of other UCITS or UCIs for more than 10% of their assets, unless otherwise provided in respect of a particular Target Fund in its investment policy.

(f) deposits with credit institutions which are repayable on demand or have the right to be withdrawn, and maturing in no more than twelve (12) months, provided that the credit institution has its registered office in a Member State or, if the registered office of the credit institution is situated in a non-Member State provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in Community law;

(g) financial derivative instruments, including equivalent cash-settled instruments, dealt in on a Regulated Market referred to in paragraphs (a), (b) and (c); and/or OTC derivatives, provided that:
   (i) the underlying consists of instruments covered by this sub-section 1), financial indices, interest rates, foreign exchange rates or currencies, in which the Company may invest according to its investment objectives as stated in the Company’s articles of incorporation,
   (ii) the counter-parties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF, and
   (iii) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair market value at the Company’s initiative;
(h) money market instruments other than those dealt in on a Regulated Market and referred to in paragraphs (a) to (d) above, if the issue or issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and provided that they are:

(i) issued or guaranteed by a central, regional or local authority, a central bank of a Member State, the European Central Bank, the EU or the European Investment Bank, a non-Member State or, in the case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong, or

(ii) issued by an undertaking any securities of which are dealt in on Regulated Markets referred to in paragraphs (a), (b) or (c), or

(iii) issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by Community law or by an establishment which is subject to and comply with prudential rules considered by the CSSF to be at least as stringent as those laid down by Community law, or

(iv) issued by other bodies belonging to the categories approved by the CSSF provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent of this paragraph (h) and provided that the issuer is a company whose capital and reserves amount at least to ten million euros (EUR 10,000,000.-) and which presents and publishes its annual accounts in accordance with Fourth Directive 78/660/EEC, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

2. However, the Target Fund:

(a) may invest up to 10% of its net assets in transferable securities and money market instruments other than those referred to in sub-section 1) above;

(b) may acquire movable and immovable property which is essential for the direct pursuit of the Target Fund’s business;

(c) may not acquire either precious metals or certificates representing them; and

(d) may hold ancillary liquid assets.

3. Furthermore, the Target Fund may also subscribe for, acquire and/or hold shares issued or to be issued by one or more other sub-funds of the Company, if:

(a) the target sub-fund does not, in turn, invest in the Target Fund invested in this target sub-fund;

(b) no more than 10% of the assets of the target sub-fund whose acquisition is contemplated may, pursuant to the Prospectus and the Articles of Incorporation, be invested in shares of other target sub-funds;

(c) voting rights, if any, attaching to the relevant shares are suspended for as long as they are held by the Target Fund; and

(d) in any event, for as long as these shares are held by the Target Fund, their value will not be taken into consideration for the purposes of verifying the minimum threshold of the net assets imposed by the 2010 Law.
4. Lastly, the Company may also, to the widest extent permitted by the 2010 Law and all applicable Luxembourg regulations:
   
   (a) create a sub-fund qualifying as a feeder UCITS sub-fund or a master UCITS sub-fund;
   (b) convert any existing sub-fund into a feeder UCITS sub-fund;
   (c) change the master UCITS of any feeder UCITS sub-fund.

Risk diversification

5. In accordance with the principle of risk diversification, the Target Fund will invest no more than 10% of its net assets in transferable securities or money market instruments issued by the same body. The Target Fund may not invest more than 20% of its assets in deposits made with the same body.

6. The risk exposure to a counterparty of the Target Fund in an OTC derivative transaction may not exceed 10% of its net assets when the counterparty is a credit institution referred to in sub-section (1)(f) above, or 5% of its net assets in any other case.

7. Moreover, the total value of the transferable securities and money market instruments held by the Target Fund in the issuing bodies in each of which it invests more than 5% of its net assets must not exceed 40% of the value of its net assets. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

8. Notwithstanding the limits laid down in sub-sections (5) and (6) above, the Target Fund may not combine:
   (i) investments in transferable securities or money market instruments issued by,
   (ii) deposits made with and/or,
   (iii) exposures arising from OTC derivatives transactions undertaken with a single body in excess of 20% of its net assets.

9. The following exceptions can be made:
   (a) The aforementioned limit of 10% can be raised to a maximum of 25% for certain debt securities if they are issued by credit institution whose registered office is situated in a Member State and which is subject, by virtue of law, to particular public supervision for the purpose of protecting the holders of such debt securities. In particular, the amounts resulting from the issue of such debt securities must be invested, pursuant to the law in assets which sufficiently cover, during the whole period of validity of such debt securities, the liabilities arising there from and which are assigned to the preferential repayment of capital and accrued interest in the case of default by the issue. If the Target Fund invests more than 5% of its net assets in such debt securities as referred to above and issued by the same issuer, the total value of such investments may not exceed 80% of the value of the Target Fund’s net assets.
   (b) The aforementioned limit of 10% can be raised to a maximum of 35% for transferable securities or money market instruments issued or guaranteed by a Member State, by its local authorities, by another Eligible State or by public international bodies of which one or more Member States are members.
(c) The transferable securities and money market instruments referred to in exceptions (a) and (b) are not included in the calculation of the limit of 40% laid down in sub-section (7) above.

(d) The limits stated under sub-sections (5) to (8) and (9)(a) and (b) above, may not be combined and, accordingly, investments in transferable securities or money market instruments issued by the same body or in deposits or derivatives instruments made with this body in accordance with sub-sections (5) to (8) and (9)(a) and (b) above, may not, in any event, exceed a total of 35% of the Target Fund's net assets.

(e) Companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 83/349/EEC or in accordance with recognised international accounting rules are regarded as a single body for the purpose of calculating the limits contained in sub-sections (5) to (9).

(f) The Target Fund may invest in aggregate up to 20% of its assets in transferable securities and money market instruments with the same group.

(g) Without prejudice to the limits laid down in paragraph 14 below, the limit of 10% laid down in paragraph 5 to 9 is raised to a maximum of 20% for investment in equity and or debt securities issued by the same body when the aim of the investment policy of the Company is to replicate the composition of a certain equity or debt securities index which is recognised by the CSSF, on the following basis:

- the composition of the index is sufficiently diversified;
- the index represents an adequate benchmark for the market to which it refers; and
- it is published in an appropriate manner.

This limit is 35% where that proves to be justified by exceptional market conditions in particular in Regulated Markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

10. When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of the above-mentioned restrictions.

11. The Target Fund is authorised to invest in accordance with the principle of risk spreading up to 100% of its net assets in different transferable securities and money market instruments issued or guaranteed by a Member State, its local authorities, an OECD member country, a G-20 member country, or public international bodies of which one or more Member State(s) are members, provided that in such event the Target Fund must hold securities from at least six different issues, but securities from any one issue may not account for more than 30% of the total amount.

12. The Target Fund has 6 months from its date of authorisation to achieve compliance with sub-sections (5) to (11) and (13).

13. (a) The Target Fund may acquire shares or units of UCITS and/or other UCI referred to in sub-section (1)(e). However, when the Target Fund invests in units of UCITS or other UCIs for more than 10% of its net assets according to sub-section (1)(e)(v), no more than 20% of its net assets can be invested in a single UCITS or other UCI.
For the purposes of applying this investment limit, the Target Fund of a UCI with multiple sub-funds, within the meaning of Article 181 of the 2010 Law, shall be considered as a separate entity, provided that the principle of segregation of commitments of the different sub-funds is ensured in relation to third parties.

Investments made in shares or units of UCI other than UCITS may not exceed, in aggregate, 30% of the net assets of the Target Fund.

When the Target Fund has acquired shares or units of UCITS and/or other UCIs, the assets of the respective UCITS or other UCI do not have to be combined in the view of the limits laid down in sub-sections (5) to (9) (a) to (f).

(b) When the Target Fund invests in the shares or units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company to which the management company is linked by common management or control or by a substantial direct or indirect holding, that management company or other company may not charge any subscription or redemption fees on account of the UCITS’ investment in the units of other UCITS and/or other UCI.

When the Target Fund invests a substantial proportion of its assets in other UCITS and/or other UCIs, the maximum level of the management fees that may be charged both to the Target Fund itself and to the other UCITS and/or other UCIs in which it intends to invest will be disclosed in the prospectus of the Target Fund.

14. The Company will not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.

15. The Company may not acquire more than:
   - 10% of non-voting shares of the same issuer,
   - 10% of the debt securities issued by the same issuer,
   - 25% of the units of the same UCITS and/or other UCI or
   - 10% of the money market instruments of the same issuer.

The limits laid down in the second, third and fourth indents may be disregarded at the time of acquisition if at that time the gross amount of debt securities or money market instruments, or the net amount of the securities in issue, cannot be calculated.

16. The limits of sub-sections (14) and (15) above are waived as to:
   (a) transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities;
   (b) transferable securities and money market instruments issued or guaranteed by a non-Member State;
   (c) transferable securities and money market instruments issued by public international bodies of which one or more Member States are members;
   (d) shares held in the capital of a company incorporated in a non-Member State and investing its assets mainly in securities of issuers having their registered office in that State, if under the legislation of that State such a holding represents the only way in which the Target Fund can invest in the securities of the issuers of that State. This derogation only applies if the company has an investment policy complying with sub-sections (5) to (9) (a) to (f) as
well as sub-sections (13) to (15) above. If the limits stated in sub-sections (5) to (9) (a) to (f) and (13) above are exceeded, the provisions laid down in (11) and (20) shall apply *mutatis mutandis*;

(e) shares held by the Target Fund in the capital of one or more subsidiary companies carrying on only the business of management, advice or marketing in the country/state where the subsidiary is located, in regard to the repurchase of units at shareholders’ request exclusively on its or their behalf.

17. The Target Fund may not borrow more than 10% of its total net assets, and then only from financial institutions and on a temporary basis. The Target Fund may, however, acquire foreign currency by means of a back to back loan. The Target Fund will not purchase securities while borrowings are outstanding in relation to it, except to fulfil prior commitments and/or exercise subscription rights. However, the Target Fund can borrow up to 10% of its net assets to make possible the acquisition of immovable property essential for the direct pursuit of its business. In this case, these borrowings and those referred to above (temporary borrowings) may not in any case in total exceed 15% of the Target Fund’s net assets.

18. The Company may not grant credits or act as guarantor for third parties. This limitation does not prevent the Company to purchase securities that are not fully paid up, nor to lend securities as further described thereunder. This limitation does not apply to margin payments on option deals and other similar transactions made in conformity with established market practices.

19. The Target Fund will not purchase any securities on margin (except that the Target Fund may obtain such short-term credit as may be necessary for the clearance of purchases and sales of securities) or make short sales of securities or maintain a short position. Deposits on other accounts in connection with option, forward or financial futures contracts, are, however, permitted within the limits provided for here below.

20. The board of directors of the Company is authorised to introduce further investment restrictions at any time in the interests of the shareholders, provided these are necessary to ensure compliance with the laws and regulations of those countries in which the Company’s shares are offered and sold. In this event, the prospectus of the Target Fund will be updated accordingly.

21. If any of the above limitations are exceeded for reasons beyond the control of the Company and/or the Target Fund or as a result of the exercise of subscription rights attaching to transferable securities or money market instruments, the Company and/or the Target Fund must adopt, as a priority objective, sales transactions for the remedying of that situation, taking due account of the interests of its shareholders.

22. For a sub-fund registered with the Taiwan Securities and Future Commission, the following investment restrictions for derivative (as may be amended from time to time) shall apply:

(a) The global risk exposure of netted derivatives open position that the sub-fund holds for purpose of increasing investment yield shall not be over 40% of the net assets of the Target Fund;
(b) The total contract value of the derivatives short position that the sub-fund holds for hedging purposes shall not exceed the total markets value of the hedged assets.

Risk Warning

23. The Company must not neglect the following risks/terms that are linked to the investment in units of other open-ended and closed-ended UCI:

(a) If the investment is done in another open-ended or closed-ended UCI which is not subject to any permanent control for the protection of the investors, required by the 2010 Law and carried out by a supervisory authority in its home country, there is less protection against possible losses.

(b) Due to possible legal, contractual or juridical constraints, the possibility exists that the investments in other open-ended and closed-ended UCI may only be sold with difficulty.

(c) In relation to the investment in other open-ended and closed-ended UCI which are not linked to the Company in the manner described under sub-section (13)(b) above, the Company must bear the usual commissions relating to the units of these UCI.

RISK MANAGEMENT

Efficient Portfolio Management

The Company may use financial derivative instruments as set forth in the Permitted Investments & Investments Restrictions and Limits sub-section (1)(g), extensively for hedging and efficient portfolio management purposes. Notwithstanding the above, financial derivative instruments will not be used for investment purposes (i.e. entering into financial derivatives instruments to achieve the investment objectives). Should the Management Company, on behalf of the Company decide to enter into derivative transactions for other purposes than hedging and/or efficient portfolio management, the investment policy of the relevant sub-fund(s) will be amended accordingly.

The Management Company, on behalf of the Company may, for the Target Fund, for the purpose of efficient portfolio management of the assets of the Target Fund and/or to protect its assets and commitments, employ certain techniques and instruments as set in this section.

Efficient portfolio management transactions may not include speculative transactions. These transactions must be economically appropriate (this implies that they are realised in a cost-effective way) and be entered into for one or more of the following specific aims:

- the reduction of risks;
- the reduction of cost; or
- the generation of additional capital gain or income for the fund with an appropriate level of risk, taking into account its risk profile and the risk diversification rules laid down in the investment restrictions.
In addition to the above, the Management Company, on behalf of the Company may, for each Target Fund, use derivatives to facilitate more complex efficient portfolio management techniques. In particular this may involve:

- using swap contracts to adjust interest rate risk;
- using currency derivatives to buy or sell currency risk;
- writing covered call options to generate additional income;
- using credit default swaps to buy or sell credit risk; and
- using volatility derivatives to adjust volatility risk

The relating risks of these transactions must be adequately captured by the risk management process.

The Management Company, on behalf of the Company must ensure that the overall risk associated with derivatives does not exceed the net assets of the Target Fund. The following are taken into account in computing risk: the market value of the underlying instruments, the risk of default, future foreseeable market developments and the period within which the positions are to be liquidated. This also applies to the following two points:

- In the case of investments in derivatives, the overall exposure for the underlying instruments may not exceed the investment limits set forth in the investment restrictions. Investments in index-based derivatives need not be taken into account in the case of the investment limits set forth in the investment restrictions.
- If a derivative has a security or money market instrument as the underlying, it has to be taken into account with regard to compliance with the rules set forth under the investment restrictions.

In no case whatsoever must recourse to transactions involving derivatives or other financial techniques and instruments cause the Management Company, on behalf of the Company to depart from the investment objectives set out in the prospectus of the Target Fund or add substantial supplementary risks in comparison to the Company’s general risk policy (as described in the prospectus of the Target Fund).

In addition, the financial derivative instruments used for efficient portfolio management purposes must comply with the provisions contained in the investment restrictions.

**Collateral Policy**

The collateral policy of the Company is as follows:

- permitted types of collateral: cash collateral only (USD).
- level of collateral: fully collateralised, subject to decisions thresholds as per relevant credit support annex.
- haircut policy: no haircut.
- re-investment policy: no reinvestment of collateral.
Commitment Approach

The method used to calculate the global exposure of the Target Fund is the commitment approach.

Securities lending transactions, sales with a right of repurchase transactions, reverse repurchase transactions, and/or repurchase transactions

The Management Company will, for and on behalf of the Company and the Target Fund, for the time being, not enter into repurchase and reverse repurchase transactions and/or repurchase transactions nor engage in securities lending transactions. Should the Management Company decide to use such techniques and instruments in the future, this can be done so at the Management Company’s discretion and the prospectus of the Target Fund will be updated accordingly thereafter, subject to regulatory approval.

PRICING ADJUSTMENT POLICY

The actual cost of purchasing or selling assets and investments for the Target Fund may however deviate from the latest available price or net asset value used, as appropriate, in calculating the net asset value per share due to duties and charges and spreads from buying and selling prices of the underlying investments. These costs have an adverse effect on the value of the Target Fund and are known as “dilution”. To mitigate the effects of dilution, the board of directors may, at its discretion, make a price adjustment to the net asset value per share of the Target Fund.

Shares will in principle be issued, redeemed and converted on the basis of a single price, i.e., the net asset value per share. However – to mitigate the effect of dilution – the net asset value per share may be adjusted for any valuation day in the manner set out below depending on whether or not the Target Fund is in a net subscription position or in a net redemption position for such valuation day to arrive at the applicable adjusted price (the “Adjusted Price”). Where there is no dealing in the Target Fund or class of the Target Fund on any valuation day, the applicable price will be the unadjusted net asset value per share. The board of directors will retain the discretion in relation to the circumstances under which to make such a price adjustment. As a general rule, the requirement to make a price adjustment will depend on whether the net volume of subscriptions, redemptions or conversions of shares in the Target Fund will require significant purchases of assets or sales of assets in order to provide the required liquidity. The board of directors may make a price adjustment if, in its opinion, the existing shareholders (in case of subscriptions or conversions) or remaining shareholders (in case of redemptions or conversions) might otherwise be adversely affected. In particular, the price adjustment may be made where, for example but without limitation:

(a) the Target Fund is in continual decline (i.e. is experiencing a net outflow of redemptions that requires significant sales of assets);
(b) the Target Fund is experiencing significant levels of net subscriptions relative to its size;
(c) the Target Fund is experiencing a net subscription position or a net redemption position on any valuation day that requires significant purchases or sales of assets; and
(d) in any other case where the board of directors is of the opinion that the interest of shareholders require the imposition of a price adjustment.
The price adjustment will involve adding to, when the Target Fund is in a net subscription position, and deducting from, when the Target Fund is in a net redemption position, the net asset value per share such figure as the board of directors considers an appropriate figure to meet duties and charges and spreads. In particular, the net asset value of the Target Fund will be adjusted (upwards or downwards) by an amount which reflects (i) the estimated fiscal charges, (ii) dealing costs that may be incurred by the Target Fund and (iii) the estimated bid/offer spread of the assets in which the Target Fund invests. As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows than for net outflows. Adjustments will however be limited to a maximum of 2% of the then applicable net asset value per share.

The Adjusted Price of each class in the Target Fund will be calculated separately but any price adjustment will in percentage terms affect the Adjusted Price of each class in an identical manner. On the occasions when the price adjustment is not made there may be an adverse impact on the total assets of the Target Fund.

For the avoidance of doubt, for a given Target Fund, price adjustment may either be implemented at the Target Fund level or at a share class level, depending on the circumstances.

About M&G

Since M&G Securities Limited was established, it has firmly believed in offering its customers straightforward products, together with clear and balanced information, to help them make the right investment decisions for their needs. M&G ("Company") is one of the largest active investors in the UK with over £265 billion of funds under management as at 31 December 2016. In March 1999, the Company was acquired by Prudential plc, one of the largest financial services providers in the UK and Europe - it remains an autonomous business unit within the Prudential Group. In addition to its retail fund business, the Company functions as the asset manager for Prudential in Europe.

M&G Securities Limited is the management company for the Target Funds. The management company is a private company limited by shares incorporated in England and Wales under the Companies Acts 1862 to 1906 and is responsible for managing and administering the company’s affairs in compliance with the Open-Ended Investment Companies Regulations 2001 and the rules contained in the Collective Investment Schemes Sourcebook published by the Financial Conduct Authority ("FCA") as part of its Handbook of Rules and Guidance ("Regulations"). The management company launched its first fund in 1931. The Target Funds are managed by M&G Investment Management Limited and the custodian of the Target Funds is State Street Bank and Trust Company.

M&G Investment Funds (1) ("Company") is an open-ended investment company with variable capital, incorporated in England and Wales under registered number IC 110 and authorised by the FCA with effect from 6 June 2001. The Company has been established for an unlimited duration. The Company has been certified by the FCA as complying with the conditions necessary for it to enjoy the rights conferred by the European Commission Directive on UCITS.

About M&G Investment Management Limited

M&G Investment Management Limited ("MAGIM") has been appointed as Investment Manager for the Target Funds by M&G Securities Limited, and has authority to make decisions on behalf of the Company and management company in respect of the acquisition and disposal of property at any time comprising the Target Funds and to advise in respect of the rights associated with the holding of such property.

MAGIM was incorporated in England and Wales under the Companies Acts 1862 and 1900 on 5 August 1968 and has been authorised on 1 December 2001 by the FCA to provide regulated products and services. MAGIM is a wholly owned subsidiary of M&G Limited and its ultimate holding company is Prudential plc.

MAGIM actively manages assets on behalf institutional clients, pension schemes, local authorities, charities and retail investors. They have expertise in fixed income, equities and multi asset strategies.
INVESTMENT OBJECTIVE OF THE TARGET FUND

M&G – Global Leaders Fund

The M&G Global Leaders Fund seeks to maximise long term total return (the combination of income and growth of capital). The Target Fund invests in a wide range of global equities issued by companies that the fund manager considers to be, or have the potential to be, leading in their field in terms of improving shareholder value.

M&G – Global Basics Fund

The M&G Global Basics Fund is a global equity fund which invests wholly or mainly in companies operating in basic industries (‘primary’ and ‘secondary’ industries) and also in companies that service these industries. The Target Fund may also invest in other global equities. The sole aim of the Target Fund is long-term capital growth.

INVESTMENT STRATEGY OF THE TARGET FUND

M&G – Global Leaders Fund

The fund manager selects shares in companies that he believes to be leading in their field, or have the potential to be leading in their field, in terms of improving shareholder value. Importantly, their prospects are not fully reflected in their share prices.

The approach has three core beliefs: i) management can make a big difference to returns shareholder receive; ii) where management decide to allocate resources and capital is key - companies must concentrate resources on those business activities where they have an advantage relative to other companies and can create value; iii) the above factors are only attractive from an investment perspective if they are not yet reflected in the share price.

Stocks are selected on a bottom-up basis; that is the fund manager focuses on company fundamentals. He tends to avoid imposing top-down views, that is sector, country or currency selections do not drive stockpicking, but they will be taken into account where they impact on a particular stock or the risk profile of the broader portfolio. The fund usually holds between 50 and 80 stocks, with a typical holding period of three to five years.

M&G – Global Basics Fund

The M&G Global Basics Fund employs both a top-down and bottom-up investment process. The fund managers seek to identify sectors or industries which are set to benefit from long-term structural changes or themes. This is achieved through the analysis of global macroeconomics, global demographics and government policies and spending, among other considerations. In this way, they look to avoid investing in companies operating in industries which are structurally challenged.
The bottom-up stock selection process is designed to identify well-run companies trading on attractive valuations and with sustainable growth prospects. The team has a long-term investment horizon, adopting the mentality of a business owner when buying a stock.

The portfolio is constructed in a benchmark-agnostic manner with a focus on diversification and liquidity. It is invested across the market-cap spectrum and is geographically diversified.

The instrument of incorporation permits the ACD to utilise the investment and borrowing powers permitted by a UCITS scheme which complies with Chapter 5 of COLL. The ACD manages the Target Funds in accordance with the investment and borrowing powers set out below.

**ACD** means **M&G Securities Limited, the Authorised Corporate Director of M&G Investment Funds** (1).

**COLL** refers to the appropriate chapter or rule in the Collective Investment Schemes Sourcebook issued by the FCA as amended or re-enacted from time to time.

**SYSC** refers to the part of the Handbook in High Level Standards which has the title Senior Management Arrangements, Systems and Controls.

1.2 The ACD’s investment policy may mean that at times, where it is considered appropriate, the property of the Target Funds will not be fully invested and that prudent levels of liquidity will be maintained.

2 Prudent spread of risk

2.1 The ACD must ensure that, taking account of the investment objectives and policy of the Target Funds, the scheme property of the Target Funds aims to provide a prudent spread of risk.

3 Treatment of obligations

3.1 Where the COLL Sourcebook allows a transaction to be entered into or an investment to be retained only (for example, investment in warrants and nil and partly paid securities and the general power to accept or underwrite) if possible obligations arising out of the investment transactions or out of the retention would not cause any breach of any limits in COLL 5, it must be assumed that the maximum possible liability of the Company under any other of those rules has also to be provided for.

3.2 Where a rule in the COLL Sourcebook permits an investment transaction to be entered into or an investment to be retained only if that investment transaction, or the retention, or other similar transactions, are covered:

3.2.1 it must be assumed that in applying any of those rules, each Target Fund must also simultaneously satisfy any other obligation relating to cover; and

3.2.2 no element of cover must be used more than once.
4  **UCITS schemes: permitted types of scheme property**

4.1  The scheme property of a Target Fund must, subject to its investment objective and policy and except where otherwise provided by COLL 5, consist solely of any or all of:

4.1.1  transferable securities;
4.1.2  approved money market instruments;
4.1.3  units in collective investment schemes;
4.1.4  derivatives and forward transactions;
4.1.5  deposits; and
4.1.6  movable and immovable property that is necessary for the direct pursuit of the Company’s business; in accordance with the rules in COLL 5.2.

4.2  The requirements on spread do not apply until the expiry of a period of six months after the date of effect of the authorisation order in respect of the Target Funds (or on which the initial offer commenced if later) provided that the requirement to maintain prudent spread of risk is complied with.

4.3  It is not intended that any Target Fund will have an interest in any immovable property or tangible movable property.

5  **Transferable securities**

5.1  A transferable security is an investment falling within article 76 (Shares etc), article 77 (Instruments creating or acknowledging indebtedness), article 77A (alternative debenture), article 78 (Government and public securities), article 79 (Instruments giving entitlement to investments) and article 80 (Certificates representing certain securities) of the Regulated Activities Order.

5.2  An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.

5.3  In applying paragraph 5.2 to an investment which is issued by a body corporate, and which is an investment falling within articles 76 (Shares, etc), 77 (Instruments creating or acknowledging indebtedness) or article 77A (alternative debenture), of the Regulated Activities Order, the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.

5.4  An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.

6  **Investment in transferable securities**

6.1  A Target Fund may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:

6.1.1  the potential loss which the Target Fund may incur with respect to holding the transferable security is limited to the amount paid for it;

6.1.2  its liquidity does not compromise the ability of the ACD to comply with its obligation to redeem units at the request of any qualifying shareholder (see COLL 6.2.16R(3));

6.1.3  reliable valuation is available for it as follows:

6.1.3.1  in the case of a transferable security admitted to or dealt in an eligible market, where there are accurate, reliable and regular prices which are either market prices or prices made available by valuation systems independent from issuers;
6.1.3.2 in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;

6.1.4 appropriate information is available for it as follows:

6.1.4.1 in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;

6.1.4.2 in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the ACD on the transferable security or, where relevant, on the portfolio of the transferable security;

6.1.5 it is negotiable; and

6.1.6 its risks are adequately captured by the risk management process of the ACD.

6.2 Unless there is information available to the ACD that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed:

6.2.1 not to compromise the ability of the ACD to comply with its obligation to redeem shares at the request of any qualifying shareholder; and

6.2.2 to be negotiable.

6.3 Not more than 5% in value of a Target Fund is to consist of warrants.

7 Closed end funds constituting transferable securities

7.1 A unit in a closed end fund shall be taken to be a transferable security for the purposes of investment by a Target Fund, provided it fulfils the criteria for transferable securities set out in section 6 (investment in transferable securities), and either:

7.1.1 where the closed end fund is constituted as an investment company or a unit trust:

7.1.1.1 it is subject to corporate governance mechanisms applied to companies; and

7.1.1.2 where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or

7.1.2 where the closed end fund is constituted under the law of contract:

7.1.2.1 it is subject to corporate governance mechanisms equivalent to those applied to companies; and

7.1.2.2 it is managed by a person who is subject to national regulation for the purpose of investor protection.
8 Transferable securities linked to other assets

8.1 A Target Fund may invest in any other investment which shall be taken to be a transferable security for the purposes of investment by a Target Fund provided the investment:

8.1.1 fulfils the criteria for transferable securities set out in section 6 (investment in transferable securities) above; and

8.1.2 is backed by or linked to the performance of other assets, which may differ from those in which a Target Fund can invest.

8.2 Where an investment in 8.1 contains an embedded derivative component (see COLL 5.2.19R(3A)), the requirements of COLL 5 with respect to derivatives and forwards will apply to that component.

9 Approved Money Market Instruments

9.1 An approved money market instrument is a money market instrument which is normally dealt in on the money market, is liquid and has a value which can be accurately determined at any time.

9.2 A money market instrument shall be regarded as normally dealt in on the money market if it:

9.2.1 has a maturity at issuance of up to and including 397 days;

9.2.2 has a residual maturity of up to and including 397 days;

9.2.3 undergoes regular yield adjustments in line with money market conditions at least every 397 days; or

9.2.4 has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in 9.2.1 or 9.2.2 or is subject to yield adjustments as set out in 9.2.3.

9.3 A money market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the ACD to redeem units at the request of any qualifying shareholder (see COLL 6.2.16R(3)).

9.4 A money market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfill the following criteria, are available:

9.4.1 enabling the ACD to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transaction; and

9.4.2 based either on market data or on valuation models including systems based on amortised costs.

9.5 A money market instrument that is normally dealt in on the money market and is admitted to or dealt in on an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the ACD that would lead to a different determination.
10 Transferable securities and money market instruments generally to be admitted or dealt in on an eligible market

10.1 Transferable securities and approved money market instruments held within a Target Fund must be:

10.1.1 admitted to or dealt on an eligible market (as described in paragraph 11.3); or

10.1.2 dealt on an eligible market as described (in paragraph 11.3.2).

10.1.3 for an approved money market instrument not admitted to or dealt in on an eligible market within 12.1; or

10.1.4 recently issued transferable securities provided that:

10.1.4.1 the terms of issue include an undertaking that application will be made to be admitted to an eligible market; and

10.1.4.2 such admission is secured within a year of issue.

10.2 However, a Target Fund may invest no more than 10% of the scheme property in transferable securities and approved money market instruments other than those referred to in 10.1

11 Eligible markets regime: purpose

11.1 To protect investors the markets on which investments of the Target Funds are dealt in or traded on should be of an adequate quality (“eligible”) at the time of acquisition of the investment and until it is sold.

11.2 Where a market ceases to be eligible, investments on that market cease to be approved securities. The 10% restriction on investing in non approved securities applies and exceeding this limit because a market ceases to be eligible will generally be regarded as an inadvertent breach.

11.3 A market is eligible for the purposes of the rules if it is:

11.3.1 a regulated market; or

11.3.2 a market in an EEA State which is regulated, operates regularly and is open to the public; or

11.3.3 any market within 11.4.

11.4 A market not falling within paragraph 11.3 is eligible for the purposes of Chapter 5 of the Regulations if:

11.4.1 the ACD, after consultation and notification with the depositary, decides that market is appropriate for investment of or dealing in the scheme property;

11.4.2 the market is included in a list in the prospectus; and

11.4.3 the depositary has taken reasonable care to determine that:

(a) adequate custody arrangements can be provided for the investment dealt in on that market; and

(b) all reasonable steps have been taken by the ACD in deciding whether that market is eligible.

11.5 In paragraph 11.4, a market must not be considered appropriate unless it is regulated, operates regularly, is recognised as a market or exchange or as a self-regulatory organisation by an overseas regulator, is open to the public, is adequately liquid and has adequate arrangements for unimpeded transmission of income and capital to or for the order of investors.
11.6 The eligible markets for each Target Fund are set out in appendix 3 of the Target Fund’s prospectus.

12 Money market instruments with a regulated issuer

12.1 In addition to instruments admitted to or dealt in on an eligible market, a Target Fund may invest in an approved money market instrument provided it fulfils the following requirements:

12.1.1 the issue or the issuer is regulated for the purpose of protecting investors and savings; and

12.1.2 the instrument is issued or guaranteed in accordance with section 13 (issuers and guarantors of money market instruments).

12.2 The issue or the issuer of a money market instrument, other than one dealt in on an eligible market, shall be regarded as regulated for the purpose of protecting investors and savings if:

12.2.1 the instrument is an approved money market instrument;

12.2.2 appropriate information is available for the instrument (including information which allows an appropriate assessment of the credit risks related to investment in it), in accordance with section 14 (appropriate information for money market instruments); and

12.2.3 the instrument is freely transferable.

13 Issuers and guarantors of money market instruments

13.1 A Target Fund may invest in an approved money market instrument if it is:

13.1.1 issued or guaranteed by any one of the following:

13.1.1.1 a central authority of an EEA State or, if the EEA State is a federal state, one of the members making up the federation;

13.1.1.2 a regional or local authority of an EEA State;

13.1.1.3 the European Central Bank or a central bank of an EEA State;

13.1.1.4 the EU or the European Investment Bank;

13.1.1.5 a non-EEA State or, in the case of a federal state, one of the members making up the federation;

13.1.1.6 a public international body to which one or more EEA States belong; or

13.1.2 issued by a body, any securities of which are dealt in on an eligible market; or

13.1.3 issued or guaranteed by an establishment which is:

13.1.3.1 subject to prudential supervision in accordance with criteria defined by European Community law; or

13.1.3.2 subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by European Community law.

13.2 An establishment shall be considered to satisfy the requirement in 13.1.3.2 if it is subject to and complies with prudential rules, and fulfils one or more of the following criteria:

13.2.1 it is located in the EEA;

13.2.2 it is located in an OECD country belonging to the group of ten;

13.2.3 it has at least investment grade rating;
13.2.4 on the basis of an in-depth analysis of the issuer, it can be demonstrated that the prudential rules applicable to that issuer are at least as stringent as those laid down by European Community law.

14 Appropriate information for money market instruments

14.1 In the case of an approved money market instrument within 13.1.2 or issued by a body of the type referred to in COLL 5.2.10E(G); or which is issued by an authority within 13.1.1.2 or a public international body within 13.1.1.6 but is not guaranteed by a central authority within 13.1.1.1, the following information must be available:

14.1.1 information on both the issue or the issuance programme, and the legal and financial situation of the issuer prior to the issue of the instrument, verified by appropriately qualified third parties not subject to instructions from the issuer;

14.1.2 updates of that information on a regular basis and whenever a significant event occurs; and

14.1.3 available and reliable statistics on the issue or the issuance programme.

14.2 In the case of an approved money-market instrument issued or guaranteed by an establishment within 13.1.3, the following information must be available:

14.2.1 information on the issue or the issuance programme or on the legal and financial situation of the issuer prior to the issue of the instrument;

14.2.2 updates of that information on a regular basis and whenever a significant event occurs; and

14.2.3 available and reliable statistics on the issue or the issuance programme, or other data enabling an appropriate assessment of the credit risks related to investment in those instruments.

14.3 In the case of an approved money market instrument:

14.3.1 within 13.1.1.1, 13.1.1.4 or 13.1.1.5; or

14.3.2 which is issued by an authority within 13.1.1.2 or a public international body within 13.1.1.6 and is guaranteed by a central authority within 13.1.1.1; information must be available on both the issue or the issuance programme, and on the legal and financial situation of the issuer prior to the issue of the instrument.

15 Spread: general

15.1 This rule on spread does not apply to government and public securities.

15.2 For the purposes of this requirement companies included in the same group for the purposes of consolidated accounts as defined in accordance with Directive 83/349/EEC or in the same group in accordance with international accounting standards are regarded as a single body.

15.3 Not more than 20% in value of the scheme property is to consist of deposits with a single body.

15.4 Not more than 5% in value of the scheme property is to consist of transferable securities issued by any single body.

15.5 The limit of 5% in paragraph 15.4 is raised to 10% in respect of up to 40% in value of the scheme property. Covered bonds need not to be taken into account for the purpose of applying the limit of 40%.
15.6 The limit of 5% in 15.4 is raised to 25% in value of the scheme property in respect of covered bonds, provided that when a Target Fund invests more than 5% in covered bonds issued by a single body, the total value of covered bonds held must not exceed 80% in value of the scheme property.

15.7 In applying paragraphs 15.4 and 15.5 certificates representing certain securities are treated as equivalent to the underlying security.

15.8 The exposure to any one counterparty in an OTC derivatives transaction must not exceed 5% in value of the scheme property; this limit being raised to 10% where the counterparty is an approved bank.

15.9 Not more than 20% in value of the scheme is to consist of transferable securities and approved money market instruments issued by the same group (as referred to in paragraph 15.2).

15.10 Subject to section 23 (Concentration) in applying the limits in paragraphs 15.4, 15.5, 15.7 and 15.9, and subject to 15.6, not more than 20% in value of the scheme property is to consist of any combination of two or more of the following:

15.10.1 transferable securities (including covered bonds) or approved money market instruments issued by; or
15.10.2 deposits made with; or
15.10.3 exposures from OTC derivatives transactions made with; a single body.

16 Counterparty risk and issuer concentration

16.1 The ACD must ensure that counterparty risk arising from an OTC derivative is subject to the limits set out in paragraphs 15.8 and 15.10 above.

16.2 When calculating the exposure of a Target Fund to a counterparty in accordance with the limits in paragraph 15.8 the ACD must use the positive mark-to-market value of the OTC derivative contract with that counterparty.

16.3 The ACD may net the OTC derivative positions of a Target Fund with the same counterparty, provided they are able legally to enforce netting agreements with the counterparty on behalf of the Target Fund.

16.4 The netting agreements in paragraph 16.3 above are permissible only with respect to OTC derivatives with the same counterparty and not in relation to any other exposures the Target Fund may have with that same counterparty.

16.5 The ACD may reduce the exposure of scheme property to a counterparty of an OTC derivative through the receipt of collateral. Collateral received must be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation.

16.6 The ACD must take collateral into account in calculating exposure to counterparty risk in accordance with the limits in paragraph 15.8 when it passes collateral to an OTC counterparty on behalf of a Target Fund.

16.7 Collateral passed in accordance with paragraph 16.6 may be taken into account on a net basis only if the ACD is able legally to enforce netting arrangements with this counterparty on behalf of that Target Fund.

16.8 The ACD must calculate the issuer concentration limits referred to in section 15 on the basis of the underlying exposure created through the use of OTC derivatives pursuant to the commitment approach.

16.9 In relation to the exposure arising from OTC derivatives as referred to in paragraph 15.10 the ACD must include any exposure to OTC derivative counterparty risk in the calculation.
17 Spread: Government and public securities
17.1 The above restrictions do not apply to government and public securities. The restrictions in relation to such securities are set out below (“such securities”).
17.2 Where no more than 35% in value of the scheme property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.
17.3 Subject to its investment objective and policy, a Target Fund may invest more than 35% in value of the scheme property in such securities issued by any one body provided that:
   17.3.1 the ACD has before any such investment is made consulted with the depositary and as a result considers that the issuer of such securities is one which is appropriate in accordance with the investment objectives of the authorised fund;
   17.3.2 no more than 30% in value of the scheme property consists of such securities of any one issue;
   17.3.3 the scheme property includes such securities issued by that or another issuer, of at least six different issues;
   17.3.4 the disclosures required by the FCA have been made.
17.4 The rules in paragraph 17.3 apply to the Target Fund only where that Target Fund’s investment objective and policy specifically states more than 35% of the scheme property of that Target Fund is or may be invested in certain securities (which are listed in the investment objective and policy).
17.5 In relation to such securities:
   17.5.1 issue, issued and issuer include guarantee, guaranteed and guarantor; and
   17.5.2 an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.
17.6 Notwithstanding paragraph 16.1 above, and subject to paragraphs 17.2 and 17.3, in applying the 20% limit in 15.10 with respect to a single body, government and public securities issued by that body shall be taken into account.

18 Investment in collective investment schemes
18.1 Up to 5% in value of the property of a Target Fund may be invested in units or shares in one or more:
   18.1.1 UCITS schemes; or
   18.1.2 certain recognised schemes, as defined in s272 the Financial Services and Markets Act 2000, subject in each case that certain conditions are met and in particular that the second scheme has terms which prohibit more than 10% in value of the scheme property consisting of units in collective investment schemes.
18.2 Subject to the rules in COLL 5.2.15R and the value stated in 18.1 above, investments in collective investment schemes may be in schemes which are managed or operated by (or, in the case of companies incorporated under the OEIC Regulations, have as their authorised corporate director) the ACD or an associate of the ACD.
18.3 A Target Fund may invest in or dispose of shares in another sub-fund of the company (the second sub-fund) provided that the second sub-fund does not hold shares in any other sub-fund in the company.
19 **Investment in nil and partly paid securities**
A transferable security or an approved money market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the Target Funds, at the time when payment is required, without contravening the rules in Chapter 5 of COLL.

20 **Risk Management**
20.1 The ACD must use a risk management process, enabling it to monitor and measure at any time the risk of a Target Fund's positions and their contribution to the overall risk profile of the Target Fund.
20.2 The following details of the risk management process must be regularly notified by the ACD to the FCA and at least on an annual basis:
   20.2.1 a true and fair view of the types of derivatives and forward transactions to be used within a Target Fund together with their underlying risks and any relevant quantitative limits; and
   20.2.2 the methods for estimating risks in derivative and forward transactions.

21 **Investment in deposits**
The Company may invest in deposits only with an approved bank and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

22 **Significant influence**
22.1 The Company must not acquire transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that body corporate if:
22.2 immediately before the acquisition, the aggregate of any such securities held by the Target Funds gives the Target Funds power significantly to influence the conduct of business of that body corporate; or
22.3 the acquisition gives the Company that power.
22.4 For the purpose of paragraph 22.3, the Company is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held by it, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).

23 **Concentration**
The Company:
23.1 must not acquire transferable securities (other than debt securities) which:
   23.1.1 do not carry a right to vote on any matter at a general meeting of the body corporate that issued them; and
   23.1.2 represent more than 10% of those securities issued by that body corporate;
23.2 must not acquire more than 10% of the debt securities issued by any single body;
23.3 must not acquire more than 25% of the units in a collective investment scheme;
23.4 must not acquire more than 10% of the approved money market instruments issued by any single body; and
23.5 need not comply with the limits in paragraphs 23.2 to 23.4 if, at the time of acquisition, the net amount in issue of the relevant investment cannot be calculated.
24 Use of derivatives - efficient portfolio management

24.1 The Company may use its property to enter into derivatives transactions but only for the purposes of efficient portfolio management ("EPM") as set out in this section 24 and may enter into any transaction to hedge (i.e. with the purpose of preserving the value of an asset or assets of a Target Fund).

24.2 A transaction in a derivative must:

24.2.1 have the underlying consisting of any or all of the following to which the scheme is dedicated:

24.2.1.1 transferable securities permitted under section 10 (transferable securities and money market instruments generally to be admitted or dealt in on an eligible market);

24.2.1.2 approved money market instruments permitted under section 10 (transferable securities and money market instruments generally to be admitted or dealt in on an eligible market) above;

24.2.1.3 deposits permitted under section 21 (investment in deposits);

24.2.1.4 derivatives permitted under this rule;

24.2.1.5 collective investment scheme units permitted under section 19 (investment collective investment schemes) above;

24.2.1.6 financial indices which satisfy the criteria set out at COLL 5.2.20AR (financial indices underlying derivatives);

24.2.1.7 interest rates;

24.2.1.8 foreign exchange rates; and

24.2.1.9 currencies; and

24.2.2 the transaction must be covered in accordance with paragraph 25 below; and

24.2.3 the exposure to the underlying assets must not exceed the limits set out in sections 15 and 17.

24.3 Permitted EPM transactions (excluding stock lending arrangements) are transactions in derivatives (i.e. options, futures or contracts for differences) dealt in or traded on an approved derivatives market; off exchange futures, options or contracts for differences resembling options; or synthetic futures in certain circumstances. The Company may enter into approved derivatives transactions on derivatives markets which are eligible. Eligible derivatives markets are those which the ACD after consultation with the depositary has decided are appropriate for the purpose of investment of or dealing in the scheme property with regard to the relevant criteria set out in the Regulations and the guidance on eligible markets issued by the FCA as amended from time to time.

24.4 The eligible derivatives markets for the Company are set out in appendix 3 of the Target Funds’ prospectus.

24.5 New eligible derivatives markets may be added to a Target Fund in accordance with the Regulations and only after the ACD has revised the prospectus accordingly.

24.6 Any forward transactions must be with an approved counterparty (eligible institutions, money market institutions etc). A derivative or forward transaction which would or could lead to delivery of scheme property to the depositary in respect of the company may be entered into only if such scheme property can be held by the Company, and the ACD reasonably believes that delivery of the property pursuant to the transactions will not lead to a breach of the Regulations.
24.7 There is no limit on the amount of the scheme property which may be used for EPM but the transactions must satisfy three broadly based requirements:
24.7.1 A transaction must reasonably be believed by the ACD to be economically appropriate to the efficient portfolio management of the Company. This means that transactions undertaken to reduce risk or cost (or both) must alone or in combination with other EPM transactions diminish a risk or cost of a kind or level which it is sensible to reduce and transactions undertaken to generate additional capital or income must confer a benefit on the Company or the Target Funds.

24.8 EPM may not include speculative transactions.

24.9 The purpose of an EPM transaction for the Company must be to achieve one of the following aims in respect of the Company or a Target Fund:
- reduction of risk
- reduction of cost
- the generation of additional capital or income

24.9.1 Reduction of risk allows for the use of the technique of cross-currency hedging in order to switch all or part of the Company's or Target Funds' exposure away from a currency the ACD considers unduly prone to risk, to another currency. This aim also permits the use of stock index contracts to change the exposure from one market to another, a technique known as 'tactical asset allocation'.

24.9.2 Reduction of cost allows for the use of futures or options contracts, either on specific stocks or on an index, in order to minimise or eliminate the effect of changing prices of stocks to be bought or sold.

24.9.3 The aims of reduction of risk or cost, together or separately, allow the ACD on a temporary basis to use the technique of tactical asset allocation. Tactical asset allocation permits the ACD to undertake a switch in exposure by use of derivatives, rather than through sale and purchase of the scheme property. If an EPM transaction for the Company relates to the acquisition or potential acquisition of transferable securities, the ACD must intend that the Company should invest in transferable securities within a reasonable time and the ACD shall thereafter ensure that, unless the position has itself been closed out, that intention is realised within that reasonable time.

24.9.4 The generation of additional capital or income for the Company or Target Funds with no or an acceptably low level of risk means the ACD reasonably believes that the Company or Target Funds is certain (or certain barring events which are not reasonably foreseeable) to derive a benefit. The generation of additional capital or income may arise out of taking advantage of price imperfections or from the receipt of a premium for writing of covered call or covered put options (even if the benefit is obtained at the expense of the foregoing of yet greater benefit) or pursuant to stock lending as permitted by the Regulations. The relevant purpose must relate to scheme property; scheme property (whether precisely identified or not) which is to be or is proposed to be acquired for the Company; and anticipated cash receipts of the Company, if due to be received at some time and likely to be received within one month.
24.10 Each EPM transaction must be fully covered ‘individually’ by scheme property of the right kind (i.e. in the case of exposure in terms of property, appropriate transferable securities or other property; and, in the case of exposure in terms of money, cash, near-cash instruments, borrowed cash or transferable securities which can be sold to realise the appropriate cash). It must also be covered ‘globally’ (i.e. after providing cover for existing EPM transactions there is adequate cover for another EPM transaction within the scheme property - there can be no gearing). Scheme property and cash can be used only once for cover and, generally, scheme property is not available for cover if it is the subject of a stock lending transaction. The EPM lending transaction in a back to back currency borrowing (i.e. borrowing permitted in order to reduce or eliminate risk arising by reason of fluctuations in exchange rates) does not require cover.

25 Requirement to covers sales
25.1 No agreement by or on behalf of a Target Fund to dispose of property or rights may be made unless the obligation to make the disposal and any other similar obligation could immediately be honoured by the Target Fund by delivery of property or the assignment (or, in Scotland, assignation) of rights, and the property and rights above are owned by the Target Fund at the time of the agreement. This requirement does not apply to a deposit.

26 Stock lending
26.1 As an extension of EPM explained above, the Company or the depositary at the request of the Company, may enter into certain repo contracts or stock lending arrangements in respect of the Company or a Target Fund. The Company or the depositary delivers securities which are the subject of the stock lending arrangement in return for an agreement that securities of the same kind and amount should be redelivered to the Company or the depositary at a later date. The Company or the depositary at the time of delivery receives collateral to cover the risk of the future redelivery not being completed. There is no limit on the value of the property of the Company which may be the subject of stock lending arrangements.

26.2 Repo contracts and stock lending arrangements must be an arrangement of the kind described in Section 263B of the Taxation of Chargeable Gains Act 1992. The arrangements must also comply with the requirements of the Regulations.

27 Cover for derivatives
27.1 The ACD must ensure that its global exposure to derivatives and forward transactions held in the Target Funds does not exceed the net asset value of the scheme property.

28 Daily calculation of global exposure
28.1 The ACD must calculate the global exposure of a Target Fund on at least a daily basis.

28.2 For these purposes exposure must be calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.
29 Calculation of global exposure

29.1 The ACD must calculate the global exposure of any Target Funds it manages either as:
   29.1.1 the incremental exposure and leverage generated through the use of
       derivatives and forward transactions, which may not exceed 100% of the
       net asset value of the scheme property of a Target Fund, by way of the
       commitment approach; or
   29.1.2 the market risk of the scheme property of a Target Fund, by way of the
       value at risk approach.

29.2 The ACD must ensure that the method selected above is appropriate, taking into
account:
   29.2.1 the investment strategy pursued by the Target Fund;
   29.2.2 the types and complexities of the derivatives and forward transactions used;
   and
   29.2.3 the proportion of the scheme property comprising derivatives and forward
       transactions.

29.3 Where a Target Fund employs techniques and instruments including repo contracts
or stock lending transactions in accordance with section 26 (Stock Lending) in order
to generate additional leverage or exposure to market risk, the ACD must take those
transactions into consideration when calculating global exposure.

29.4 For the purposes of paragraph 29.1, value at risk means a measure of the maximum
expected loss at a given confidence level over the specific time period.

30 Valuation of OTC derivatives

30.1 For the purposes of paragraph 4.1.4, the ACD must:
   30.1.1 establish, implement and maintain arrangements and procedures which
       ensure appropriate, transparent and fair valuation of the exposures of a
       fund to OTC derivatives; and
   30.1.2 ensure that the fair value of OTC derivatives is subject to adequate, accurate
       and independent assessment.

30.2 Where the arrangements and procedures referred to in paragraph 30.1.1 involve
the performance of certain activities by third parties, the ACD must comply with the
requirements in SYSC 8.1.13 R (Additional requirements for a management company)
and COLL 6.6A.4 R (4) to (6) (Due diligence requirements of authorised fund
managers of UCITS schemes).

30.3 The arrangements and procedures referred to in this rule must be:
   30.3.1 adequate and proportionate to the nature and complexity of the OTC
       derivative concerned; and
   30.3.2 adequately documented.

31 Commitment approach

31.1 Where the ACD uses the commitment approach for the calculation of global
exposure, it must:
   31.1.1 ensure that it applies this approach to all derivative and forward transactions
       (including embedded derivatives as referred to in paragraph 24 (Use of
       Derivatives), whether used as part of the Target Funds’ general investment
       policy, for the purposes of risk reduction or for the purposes of Efficient
       Portfolio Management in accordance with paragraph 26 (Stock lending); and
31.1.2 convert each derivative or forward transaction into the market value of an equivalent position in the underlying asset of that derivative or forward (standard commitment approach).

31.2 The ACD may apply other calculation methods which are equivalent to the standard commitment approach.

31.3 For the commitment approach, the ACD may take account of netting and hedging arrangements when calculating global exposure of a Target Fund, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.

31.4 Where the use of derivatives or forward transactions does not generate incremental exposure for the Target Funds, the underlying exposure need not be included in the commitment calculation.

31.5 Where the commitment approach is used, temporary borrowing arrangements entered into on behalf of the Target Funds in accordance with its general power to borrow need not form part of the global exposure calculation.

31.6 The ACD uses the commitment approach to calculate the global exposure for the Target Funds.

32 Underwriting

32.1 Underwriting and sub-underwriting contracts and placings may also, subject to certain conditions set out in the Regulations, be entered into for the account of the Company or Target Funds.

33 Borrowing Powers

33.1 The ACD may, on the instructions of the Company and subject to the Regulations, borrow money from an eligible institution or an approved bank for the use of the Company on the terms that the borrowing is to be repayable out of the scheme property.

33.2 Borrowing must be on a temporary basis, not persistent and in any event must not exceed three months without the prior consent of the depositary, which may be given only on such conditions as appear appropriate to the depositary to ensure that the borrowing does not cease to be on a temporary basis.

33.3 The ACD must ensure that borrowing does not, on any business day, exceed 10% of the value of the scheme property.

33.4 These borrowing restrictions do not apply to ‘back to back’ borrowing for currency hedging purposes.
DILUTION

The actual cost of purchasing or selling investments for the Target Fund may deviate from the mid-market value used in calculating the price of shares in the Target Fund due to dealing costs such as broking charges, taxes, and any spread between the buying and selling prices of the underlying investments. These dealing costs can have an adverse effect on the value of the Target Fund, known as “dilution”. The Regulations allow the cost of dilution to be met directly from the Target Fund’s assets or to be recovered from investors on the purchase or redemption of shares in the Target Fund inter alia by means of a dilution adjustment to the dealing price, and this is the policy which has been adopted by the ACD. The ACD shall comply with COLL 6.3.8R in its application of any such dilution adjustment. The ACD’s policy is designed to minimise the impact of dilution on the Target Fund.

The dilution adjustment for the Target Fund will be calculated by reference to the estimated costs of dealing in the underlying investments of that Target Fund, including any dealing spreads, commissions and transfer taxes. The need to apply a dilution adjustment will depend on the relative volume of sales (where they are issued) to redemptions (where they are cancelled) of shares. The ACD may apply a dilution adjustment on the issue and redemption of such shares if, in its opinion, the existing shareholders (for sales) or remaining shareholders (for redemptions) might be adversely affected, and if in applying a dilution adjustment, so far as practicable, it is fair to all shareholders and potential shareholders. In specie transfers will not be taken into account when determining any dilution adjustment and any incoming portfolio will be valued on the same basis as the Target Fund is priced (i.e. offer plus notional dealing charges, mid, or bid less notional dealing charges). When a dilution adjustment is not applied there may be a dilution of the assets of the Target Fund which may constrain the future growth of the Target Fund.

The ACD may alter its current dilution adjustment policy by giving shareholders at least 60 days’ notice and amending the prospectus before the change takes effect.

Based on experience, the ACD would typically expect to make a dilution adjustment on most days, and this would ordinarily be of the magnitude shown in the table below. The ACD reserves the right to adjust the price by a lesser amount but will always make such an adjustment in a fair manner solely to reduce dilution and not for the purpose of creating a profit or avoiding a loss for the account of the ACD or an associate. It should be noted that as dilution is related to inflows and outflows of monies and the purchase and sale of investments it is not possible to predict accurately if and when dilution will occur and to what extent.

Dilution adjustment table

Typical dilution adjustment for the following Target Funds would be:

<table>
<thead>
<tr>
<th>Target Fund</th>
<th>Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>M&amp;G Global Basics Fund</td>
<td>+ 0.30% / -0.18%</td>
</tr>
<tr>
<td>M&amp;G Global Leaders Fund</td>
<td>+ 0.15% / -0.12%</td>
</tr>
</tbody>
</table>
Positive dilution adjustment figures indicate a typical increase from mid price when the Target Fund is experiencing net issues. Negative dilution adjustment figures indicate a typical decrease from mid price when the Target Fund is experiencing net redemptions. Figures are based on the historic costs of dealing in the underlying investments of the Target Fund for twelve months to 31 May 2016, including any spreads, commissions and transfer taxes.

**SCHRODER INTERNATIONAL SELECTION FUND – EMERGING MARKETS**

**About Schroder International Selection Fund**

The Company is an umbrella fund, and as such offers investors the opportunity to invest in one or more sub-funds (each “sub-fund” and collectively the “sub-funds”). Each sub-fund has its own specific investment objective and an independent portfolio of assets. Each sub-fund is treated as a separate entity. The Target Fund is a sub-fund of the Schroder International Selection Fund which is a SICAV.

Schroder Investment Management (Luxembourg) S.A., is the management company for the Target Fund and has been managing funds since 2005. The management company is responsible for performing investment management, administration and marketing functions, within the meaning of the Law relating to undertakings for collective investment. Schroder Investment Management (Luxembourg) S.A. has been authorised as a management company under chapter 13 of the law of 20 December 2002 (now chapter 15 of the Law) and, as such, provides collective portfolio management services to UCI. The Target Fund is managed by Schroder Investment Management Limited in UK and the custodian of the Target Fund is J.P. Morgan Bank Luxembourg S.A. The Target Fund is regulated by the Luxembourg Supervisory Authority Commission de Surveillance du Secteur Financier (“CSSF”).

**About Schroder Investment Management Limited**

Schroder Investment Management Limited (‘SIM’) is an ultimately wholly-owned subsidiary of Schroders plc.

SIM provides investment management and advisory services and has subsidiary companies engaged in investment management and trustships. SIM is authorised and regulated in the UK by the Financial Conduct Authority (“FCA”), registration number 119348, incorporated in 1985 and is one of the principal investment management companies in the Schroders plc Group. It is also the main employing entity for UK employees.

SIM manages assets on behalf of institutional and retail investors, financial institutions and high net worth individuals in a diverse range of products covering equities, fixed income, alternatives and multi-asset. Its aim is to apply its specialist asset management skills in serving the needs of its clients worldwide and to deliver value to its shareholders.
The rationale behind its extensive range of products and services is its adaptability to tailor products to meet the needs of different clients according to local culture, risk appetite and regulations.

INVESTMENT OBJECTIVE OF THE TARGET FUND

Schroder International Selection Fund – Emerging Markets

The Target Fund aims to provide capital growth by investing in equity and equity-related securities of emerging markets companies.

INVESTMENT STRATEGY OF THE TARGET FUND

The Target Fund invest at least two-thirds of its assets in equity and equity-related securities of companies in emerging markets.

The Target Fund may use derivatives with the aim of achieving investment gains, reducing risk or managing the Target Fund more efficiently. The Target Fund may also invest in money market instruments and hold cash.

PERMITTED INVESTMENTS & INVESTMENT RESTRICTIONS AND LIMITS OF THE TARGET FUND

1. Investment in Transferable Securities and Liquid Assets

   A. The Company will invest in:

      (1) transferable securities and money market instruments admitted to or dealt in on a Regulated Market; and/or

      (2) transferable securities and money market instruments dealt in on another market in a Member State of the EU which is regulated, operated regularly and is recognised and open to the public; and/or

      (3) transferable securities and money market instruments, added to official listing on a stock exchange in a non-Member State of the EU, which is regulated, operated regularly and is recognised and open to the public; and/or

      (4) recently issued transferable securities and money market instruments, provided that:

         (i) the terms of issue include an undertaking that application will be made for admission to official listing on a stock exchange or on another Regulated Market which operates regularly, is recognised and open to the public and

         (ii) such admission is secured within one year of the issue; and/or
(5) units of UCITS and/or of other UCI, whether situated in an EU member state or not, provided that:
   (i) such other UCIs have been authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in EU Law, and that cooperation between authorities is sufficiently ensured,
   (ii) the level of protection for shareholders in such other UCIs is equivalent to that provided for shareholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending, and uncovered sales of transferable securities and money market instruments are equivalent to the requirements of the UCITS Directive,
   (iii) the business of such other UCIs is reported in half-yearly and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period,
   (iv) no more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can, according to their constitutional documents, in aggregate be invested in units of other UCITS or other UCIs; and/or

(6) deposits with credit institutions which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months, provided that the credit institution has its registered office in a country which is an EU member state or, if the registered office of the credit institution is situated in a non-EU member state, provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU Law; and/or

(7) derivatives, including equivalent cash-settled instruments, dealt on a Regulated Market, and/or derivatives dealt OTC, provided that:
   (i) the underlying consists of securities covered by this section 1(A), financial indices, interest rates, foreign exchange rates or currencies, in which the funds may invest according to their investment objective;
   (ii) the counterparties to OTC derivatives transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF;
   (iii) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Company's initiative.

and/or

(8) money market instruments other than those dealt in on a Regulated Market, if the issue or the issuer of such instruments are themselves regulated for the purpose of protecting investors and savings, and provided that such instruments are:
   (i) issued or guaranteed by a central, regional or local authority or by a central bank of an EU member state, the European Central Bank, the EU or the European Investment Bank, a non-EU member state or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more EU member states belong, or
   (ii) issued by an undertaking any securities of which are dealt in on Regulated Markets, or
(iii) issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined in EU Law, or
(iv) issued by other bodies belonging to categories approved by the CSSF provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least EUR 10,000,000 and which presents and publishes its annual accounts in accordance with the Directive 2013/34/EU, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

(9) In addition, the Company may invest a maximum of 10% of the net asset value of any fund in transferable securities or money market instruments other than those referred to under A(1) to A(4) and A(8) above.

(10) Under the conditions and within the limits laid down by the Law, the Company may, to the widest extent permitted by the Luxembourg laws and regulations (i) create any fund qualifying either as a feeder UCITS (a “Feeder UCITS”) or as a master UCITS (a “Master UCITS”), (ii) convert any existing fund into a Feeder UCITS, or (iii) change the Master UCITS of any of its Feeder UCITS.

A Feeder UCITS shall invest at least 85% of its assets in the units of another Master UCITS. A Feeder UCITS may hold up to 15% of its assets in one or more of the following:
- ancillary liquid assets in accordance with paragraph B below;
- derivatives, which may be used only for hedging purposes;

For the purposes of compliance with section 3 below, the Feeder UCITS shall calculate its global exposure related to derivatives by combining its own direct exposure under the above paragraph, (b) with either:

the Master UCITS actual exposure to derived in proportion to the Feeder UCITS investment into the Master UCITS; or

the Master UCITS potential maximum global exposure to derivatives provided for in the Master UCITS management regulations or instruments of incorporation in proportion to the Feeder UCITS investment into the Master UCITS.

(B) The Target Fund may hold ancillary liquid assets. Liquid assets used to back-up derivative are not considered as ancillary liquid assets.

(C) (1) The Target Fund may invest no more than 10% of its net asset value in transferable securities or money market instruments issued by the same issuing body (and in the case of structured financial instruments embedding derivative, both the issuer of the structured financial instruments and the issuer of the underlying securities). The Target Fund may not invest more than 20% of its net assets in deposits made with the same body. The risk exposure to a counterparty of a fund in an OTC derivative transaction may not exceed 10% of its net assets when the counterparty is a credit institution referred to in paragraph 1(A)(6) above or 5% of its net assets in other cases.
Furthermore, where the Target Fund holds investments in transferable securities and money market instruments of any issuing body which individually exceed 5% of the net asset value of the Target Fund, the total value of all such investments must not account for more than 40% of the net asset value of the Target Fund. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision. Notwithstanding the individual limits laid down in paragraph (C)(1), a fund may not combine:

- investments in transferable securities or money market instruments issued by,
- deposits made with, and/or
- exposures arising from OTC derivative transactions undertaken with a single body in excess of 20% of its net assets.

The limit of 10% laid down in paragraph (C)(1) above shall be 35% in respect of transferable securities or money market instruments which are issued or guaranteed by an EU member state, its local authorities or by an Eligible State or by public international bodies of which one or more EU member states are members.

The limit of 10% laid down in paragraph (C)(1) above shall be 25% in respect of debt securities which are issued by highly rated credit institutions having their registered office in an EU member state and which are subject by law to a special public supervision for the purpose of protecting the holders of such debt securities, provided that the amount resulting from the issue of such debt securities are invested, pursuant to applicable provisions of the law, in assets which are sufficient to cover the liabilities arising from such debt securities during the whole period of validity thereof and which are assigned to the preferential repayment of capital and accrued interest in the case of a default by such issuer.

If the Target Fund invests more than 5% of its assets in the debt securities referred to in the sub-paragraph above and issued by one issuer, the total value of such investments may not exceed 80% of the net asset value of the Target Fund.

The transferable securities and money market instruments referred to in paragraphs (C)(3) and (C)(4) are not included in the calculation of the limit of 40% referred to in paragraph (C)(2).

The limits set out in paragraphs (C)(1), (C)(2), (C)(3) and (C)(4) above may not be aggregated and, accordingly, the value of investments in transferable securities and money market instruments issued by the same body, in deposits or derivative made with this body, effected in accordance with paragraphs (C)(1), (C)(2), (C)(3) and (C)(4) may not, in any event, exceed a total of 35% of the net asset value of the Target Fund.

Companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with directive 2013/34/EU or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in this paragraph (C).
The Target Fund may cumulatively invest up to 20% of its net assets in transferable securities and money market instruments within the same group.

(6) Without prejudice to the limits laid down in paragraph (D), the limits laid down in this paragraph (C) shall be 20% for investments in shares and/or bonds issued by the same body when the aim of the Target Fund’s investment policy is to replicate the composition of a certain stock or bond index which is recognised by the CSSF, provided
- the composition of the index is sufficiently diversified,
- the index represents an adequate benchmark for the market to which it refers,
- it is published in an appropriate manner.

The limit laid down in the sub-paragraph above is raised to 35% where it proves to be justified by exceptional market conditions in particular in Regulated Markets where certain transferable securities or money market instruments are highly dominant provided that investment up to 35% is only permitted for a single issuer.

(7) Where the Target Fund has invested in accordance with the principle of risk spreading in transferable securities or money market instruments issued or guaranteed by an EU member state, by its local authorities or by an Eligible State or by public international bodies of which one or more EU member states are members, the Company may invest 100% of the net asset value of the Target Fund in such securities provided that the Target Fund must hold securities from at least six different issues and the value of securities from any one issue must not account for more than 30% of the net asset value of the Target Fund.

Subject to having due regard to the principle of risk spreading, the Target Fund need not comply with the limits set out in this paragraph (C) for a period of 6 months following the date of its launch.

(D) (1) The Company may not normally acquire shares carrying voting rights which would enable the Company to exercise significant influence over the management of the issuing body.

(2) The Target Fund may acquire no more than (a) 10% of the non-voting shares of any single issuing body, (b) 10% of the value of debt securities of any single issuing body, (c) 10% of the money market instruments of the same issuing body, and/or (d) 25% of the units of the same UCI. However, the limits laid down in (b), (c) and (d) above may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or of the money market instruments or the net amount of securities in issue cannot be calculated.

The limits set out in paragraph (D)(1) and (2) above shall not apply to:
- (i) transferable securities and money market instruments issued or guaranteed by an EU member state or its local authorities;
- (ii) transferable securities and money market instruments issued or guaranteed by any other Eligible State;
(i) transferable securities and money market instruments issued by public international bodies of which one or more EU member states are members; or
(ii) shares held in the capital of a company incorporated in a non-EU member state which invests its assets mainly in the securities of issuing bodies having their registered office in that state where, under the legislation of that state, such holding represents the only way in which the Target Fund’s assets may invest in the securities of the issuing bodies of that state, provided, however, that such company in its investment policy complies with the limits laid down in Articles 43, 46 and 48 (1) and (2) of the Law.

(E) No Target Fund may invest more than 10% of its net assets in units of UCITS or other UCIs, unless otherwise specified in appendix III of the Target Fund prospectus and funds identified as Feeder UCITS as provided for in the investment objective and policy in appendix III of the Target Fund prospectus. In addition, except for funds identified as Feeder UCITS, the following limits shall apply:

(1) If the Target Fund is allowed to invest more than 10% of its net assets in units of UCITS and/or UCIs, the Target Fund may not invest more than 20% of its net assets in units of a single UCITS or other UCI. Investments made in units of UCIs other than UCITS may not, in aggregate, exceed 30% of the net assets of a sub-fund.

(2) When the Target Fund invests in the units of other UCITS and/or other UCIs linked to the Company by common management or control, or by a direct or indirect holding of more than 10% of the capital or the voting rights, or managed by a management company linked to the Investment Manager, no subscription or redemption fees may be charged to the Company on account of its investment in the units of such other UCITS and/or UCIs. In respect of a fund’s investments in UCITS and other UCIs linked to the Company as described in the preceding paragraph, there shall be no management fee charged to that portion of the assets of the Target Fund. The Company will indicate in its annual report the total management fees charged both to the Target Fund and to the UCITS and other UCIs in which the Target Fund has invested during the relevant period.

(3) The underlying investments held by the UCITS or other UCIs in which the Target Fund invests do not have to be considered for the purpose of the investment restrictions set forth under section 1(C) above.

(F) A fund (the “Investing Fund”) may subscribe, acquire and/or hold securities to be issued or issued by one or more funds (each, a “target fund”) without the Company being subject to the requirements of the law of 10 August 1915 on commercial companies, as amended, with respect to the subscription, acquisition and/or the holding by a company of its own shares, under the condition however that:
(a) the target fund(s) do(es) not, in turn, invest in the Investing Fund invested in this (these) target fund(s); and
(b) no more than 10% of the assets that the target fund(s) whose acquisition is contemplated may be invested in units of other target funds; and
(c) voting rights, if any, attaching to the shares of the target fund(s) are suspended for as long as they are held by the Investing fund concerned and without prejudice to the appropriate processing in the accounts and the periodic reports; and
(d) in any event, for as long as these securities are held by the Investing fund, their value will not be taken into consideration for the calculation of the net assets of the Company for the purposes of verifying the minimum threshold of the net assets imposed by the Law; and
(e) there is no duplication of management/subscription or repurchase fees between those at the level of the Investing Fund having invested in the target fund(s), and this (these) target fund(s).

2. Investment in Other Assets

(A) The Company will neither make investments in precious metals, commodities or certificates representing these. In addition, the Company will not enter into derivative on precious metals or commodities. This does not prevent the Company from gaining exposure to precious metals or commodities by investing into financial instruments backed by precious metals or commodities, or financial instruments whose performance is linked to precious metals or commodities.

(B) The Company will not purchase or sell real estate or any option, right or interest therein, provided the Company may invest in securities secured by real estate or interests therein or issued by companies which invest in real estate or interests therein.

(C) The Company may not carry out uncovered sales of transferable securities, money market instruments or other financial instruments referred to in sections 1(A)(5), (7) and (8).

(D) The Company may not borrow for the account of any fund, other than amounts which do not in aggregate exceed 10% of the net asset value of the fund, and then only as a temporary measure. For the purpose of this restriction back to back loans are not considered to be borrowings.

(E) The Company will not mortgage, pledge, hypothecate or otherwise encumber as security for indebtedness any securities held for the account of any fund, except as may be necessary in connection with the borrowings mentioned in paragraph (D) above, and then such mortgaging, pledging, or hypothecating may not exceed 10% of the net asset value of each fund. In connection with swap transactions, option and forward exchange or futures transactions the deposit of securities or other assets in a separate account shall not be considered a mortgage, pledge or hypothecation for this purpose.

(F) The Company may acquire securities in which it is permitted to invest in pursuit of its investment objective and policy through underwriting or sub-underwriting.

(G) The Company will on a fund by fund basis comply with such further restrictions as may be required by the regulatory authorities in any country in which the shares are marketed.
3. Derivative

As specified in section 1(A)(7) above, the Company may in respect of the Target Fund invest in derivative.

The Company shall ensure that the global exposure of the Target Fund relating to derivative does not exceed the total net assets of the Target Fund. The Target Fund’s overall risk exposure shall consequently not exceed 200% of its total net assets. In addition, this overall risk exposure may not be increased by more than 10% by means of temporary borrowings (as referred to in section 2(D) above) so that it may not exceed 210% of the Target Fund’s total net assets under any circumstances.

The global exposure relating to derivative is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions. This shall also apply to the following sub-paragraphs.

The Target Fund may invest, as a part of its investment policy and within the limits laid down in section 1(A)(7) and section 1(C)(5), in derivative provided that the exposure to the underlying assets does not exceed in aggregate the investment limits laid down in sections 1(C)(1) to (7).

When the Target Fund invests in index-based derivative compliant with the provisions of sections 1(C)(1) to (7), these investments do not have to be combined with the limits laid down in section 1(C). The frequency of the review and rebalancing of the composition of the underlying index of such derivative varies per index and could be daily, weekly, monthly, quarterly or annually. The rebalancing frequency will have no impact in terms of costs in the context of the performance of the investment objective of the Target Fund.

When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of these restrictions. Transferable securities or money market instruments backed by other assets are not deemed to embed a derivative.

The Target Fund may use derivative for investment purposes and for hedging purposes, within the limits of the regulations. Under no circumstances shall the use of these instruments and techniques cause the Target Fund to diverge from its investment policy or objective. The risks against which the Target Fund could be hedged may be, for instance, market risk, foreign exchange risk, interest rates risk, credit risk, volatility or inflation risks.

Agreements on OTC derivatives

The Target Fund may enter into agreements on OTC derivatives. The counterparties to any OTC derivative transactions, such as total return swaps or other derivative with similar characteristics, entered into by a fund, are selected from a list of authorised counterparties established with the management company. The counterparties will be first class institutions which are either credit institutions or investment firm, which are subject to prudential supervision. The list of authorised counterparties may be amended with the consent of the management company. The identity of the counterparties will be disclosed in the annual report of the Company.
Since the counterparties with which the Target Fund enters into total return swaps do not assume any discretion over the Target Fund’s investments (including the reference assets, if any), no approval of the counterparties is required for any transactions relating to the investments of the Target Fund.

Unless specified otherwise in appendix III of the Target Fund prospectus, the global exposure relating to derivative will be calculated using a commitment approach. Funds applying a Value-at-Risk (VaR) approach to calculate their global exposure will contain an indication thereto in appendix III of the Target Fund prospectus.

Global exposure
The Target Fund’s global exposure is limited to the total net value of its portfolio.

Commitment Approach
Under the commitment approach, derivative positions are converted into equivalent positions in the underlying asset, using market price or future price or notional value when more conservative.

VaR approach
VaR reports will be produced and monitored on a daily basis based on the following criteria:
- 1 month holding period;
- 99% unilateral confidence interval;
- at least a one year effective historical observation period (250 days) unless market conditions require a shorter observation period; and
- parameters used in the model are updated at least quarterly.

Stress testing will also be applied at a minimum of once per month.

VaR limits are set using an absolute or relative approach.

Absolute VaR approach
The absolute VaR approach is generally appropriate in the absence of an identifiable reference portfolio or benchmark, for example with absolute return funds. Under the absolute VaR approach a limit is set as a percentage of the net asset value of the Target Fund. The absolute VaR limit of the Target Fund has to be set at or below 20% of its net asset value of the Target Fund. This limit is based upon a 1 month holding period and a 99% unilateral confidence interval.

Relative VaR approach
The relative VaR approach is used for the Target Fund where a VaR benchmark reflecting the investment strategy which the Target Fund is pursuing is defined. Under the relative VaR approach a limit is set as a multiple of the VaR of a benchmark or reference portfolio. The relative VaR limit of the Target Fund has to be set at or below twice the VaR of the Fund’s VaR benchmark. Information on the specific VaR benchmark used is disclosed in appendix III of the Target Fund prospectus.
4. Use of Techniques and Instruments relating to Transferable Securities and Money Market Instruments

Techniques and instruments (including, but not limited to, securities lending or repurchase and reverse repurchase agreements) relating to transferable securities and money market instruments may be used by the Target Fund for the purpose of efficient portfolio management and where this is in the best interest of the Target Fund and in line with its investment objective and investor profile.

To the extent permitted by and within the limits prescribed by the regulations, the Target Fund may for the purpose of generating additional capital or income or for reducing its costs or risks, enter as purchaser or seller into optional or non-optional repurchase or reverse purchase transactions and engage in securities lending transactions.

The Company will, for the time being, not enter into repurchase and reverse repurchase agreements nor engage in securities lending transactions. Should the Company decide to use such techniques and instruments in the future, the Company will update the prospectus accordingly and will comply with the regulations and in particular CSSF Circular 14/592.

Securities lending

Should the Company engage in securities lending, the Target Fund will only engage in securities lending transactions with first class institutions specialising in these types of transactions and which are subject to prudential supervision considered by the CSSF to be equivalent to that laid down in EU law.

The Target Fund must ensure that it is able at any time to recall any security that has been lent out or terminate any securities lending agreement into which it has entered.

In respect of securities loans, the Target Fund will ensure that its counterparty delivers and each day maintains collateral of at least the market value of the securities lent. Such collateral must be in the form of cash or securities that satisfy the requirements of the regulations. Such collateral shall comply with the requirements set out in section 5 “Management of Collateral” below.

Reverse repurchase and repurchase agreements

Should the Company engage in reverse repurchase and repurchase agreements, the Target Fund will only enter into reverse repurchase and repurchase agreements with counterparties which are subject to prudential supervision rules considered by the CSSF as equivalent to that laid down in EU law.

The Target Fund that enters into a reverse repurchase agreement shall ensure that it is able at any time to recall the full amount of cash or to terminate the reverse repurchase agreement.

The Target Fund that enters into a repurchase agreement shall ensure that it is able at any time to recall any securities subject to the repurchase agreement or to terminate the repurchase agreement into which it has entered.
Fixed-term repurchase and reverse repurchase agreement that do not exceed seven days shall be considered as arrangements on terms that allow the assets to be recalled at any time by the Fund.

The Target Fund shall ensure that the level of its exposure to repurchase and reverse repurchase agreements is such that it is able to comply at all times with its redemption obligations.

5. Management of collateral

The risk exposures to a counterparty arising from OTC derivative transactions and efficient portfolio management techniques shall be combined when calculating the counterparty risk limits provided for in section 1(C) above. Where the Target Fund enters into OTC derivative transactions and efficient portfolio management techniques, all collateral used to reduce counterparty risk exposure shall comply with the following criteria at all times:

(A) Any collateral received other than cash shall be highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation. Collateral received shall also comply with the provisions in section 1(D) above.

(B) Collateral received shall be valued on at least a daily basis. Assets that exhibit high price volatility shall not be accepted as collateral unless suitably conservative haircuts are in place.

(C) Collateral received shall be of high quality.

(D) The collateral received shall be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty.

(E) Collateral shall be sufficiently diversified in terms of country, markets and issuers. The criterion of sufficient diversification with respect to issuer concentration is considered to be respected if the Target Fund receives from a counterparty of efficient portfolio management and over-the-counter derivatives transactions a basket of collateral with a maximum exposure to a given issuer of 20% of the Target Fund net asset value. When the Target Fund is exposed to different counterparties, the different baskets of collateral shall be aggregated to calculate the 20% limit of exposure to a single issuer. By way of derogation, the Target Fund may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a member state, one or more of its local authorities, eligible state or a public international body to which one or more of its local member states belong. In that case the Target Fund must receive securities from at least six different issues, but securities from any single issue shall not account for more than 30% of the net asset value of the Target Fund.

(F) Where there is a little transfer, the collateral received shall be held by the depository. For other types of collateral arrangement, the collateral can be held by a third party custodian which is subject to prudential supervision, and which is unrelated to the provider of the collateral.
(G) Collateral received shall be capable of being fully enforced by the Target Fund at any time without reference to or approval from the counterparty.

(H) Non-cash collateral received shall not be sold, re-invested or pledged.

(I) Cash collateral that isn’t received on behalf of currency hedged share classes shall only be:
   (1) placed on deposit with entities as prescribed in section 1(A)(6) above;
   (2) invested in high-quality government bonds;
   (3) used for the purpose of reverse repurchase transactions provided the transactions are with credit institutions subject to prudential supervision and the Target Fund is able to recall at any time the full amount of cash on accrued basis;
   (4) invested in short-term money market funds as defined in the “ESMA” Guidelines on a Common Definition of European Money Market Funds”.

Re-invested cash collateral shall be diversified in accordance with the diversification requirements applicable to non-cash collateral.

**Collateral policy**

Collateral received by the Target Fund shall predominantly be limited to cash and government bonds.

**Haircut policy**

The following haircuts for collateral in OTC transactions are applied by the management company (the management company reserves the right to vary this policy at any time in which case the prospectus of the Target Fund will be updated accordingly):

6. **Risk management process**

The Company will employ a risk management process which enables it with the Investment Manager to monitor and measure at any time the risk of the positions, the use of efficient portfolio management techniques, the management of collateral and their contribution to the overall risk profile of the Target Fund. The Company or the Investment Manager will employ, if applicable, a process for accurate and independent assessment of the value of any OTC derivatives.

Upon request of an investor, the management company will provide supplementary information relating to the quantitative limits that apply in the risk management of the Target Fund, to the methods chosen to this end and to the recent evolution of the risks and yield of the main categories of instruments. This supplementary information includes the VaR levels set for the Target Fund using such risk measure.

The risk management framework is available upon request from the Company’s registered office.

7. **Miscellaneous**

(A) The Company may not make loans to other persons or act as a guarantor on behalf of third parties provided that for the purpose of this restriction the making of bank deposits and the acquisition of such securities referred to in paragraphs 1(A)(1), (2), (3) and (4) or of ancillary liquid assets shall not be deemed to be the making of a loan and that the Company shall not be prevented from acquiring such securities above which are not fully paid.

(B) The Company need not comply with the investment limit percentages when exercising subscription rights attached to securities which form part of its assets.

(C) The management company, the Investment Managers, the distributors, depository and any authorised agents or their associates may have dealings in the assets of the Company provided that any such transactions are effected on normal commercial terms negotiated at arm’s length and provided that each such transaction complies with any of the following:

1) a certified valuation of such transaction is provided by a person approved by the directors of the management company as independent and competent;

2) the transaction had been executed on best terms, on and under the rules of an organised investment exchange;

3) or where neither (1) or (2) is practical;

4) where the directors of the management company are satisfied that the transaction has been executed on normal commercial terms negotiated at arm’s length.
DILUTION

The Target Fund is single priced and may suffer a reduction in value as a result of the transaction costs incurred in the purchase and sale of its underlying investments and the spread between the buying and selling prices of such investments caused by subscriptions, redemptions and/or switches in and out of the Target Fund. This is known as “dilution”. In order to counter this and to protect shareholders’ interests, the management company will apply “swing pricing” as part of its daily valuation policy. This will mean that in certain circumstances the management company will make adjustments in the calculations of the net asset value per share, to counter the impact of dealing and other costs on occasions when these are deemed to be significant.

Dilution Adjustment

In the usual course of business the application of a dilution adjustment will be triggered mechanically and on a consistent basis.

The need to make a dilution adjustment will depend upon the net value of subscriptions, switches and redemptions received by the Target Fund for each dealing day. The management company therefore reserves the right to make a dilution adjustment where the Target Fund experiences a net cash movement which exceeds a threshold set by the directors from time to time of the previous dealing day’s total net asset value.

The management company may also make a discretionary dilution adjustment if, in its opinion, it is in the interest of existing shareholders to do so.

Where a dilution adjustment is made, it will increase the net asset value per share when there are net inflows into the Target Fund and decrease the net asset value per share when there are net outflows. The net asset value per share of each share class in the Target Fund will be calculated separately but any dilution adjustment will, in percentage terms, affect the net asset value per share of each share class identically.

As dilution is related to the inflows and outflows of money from the Target Fund it is not possible to accurately predict whether dilution will occur at any future point in time. Consequently it is also not possible to accurately predict how frequently the management company will need to make such dilution adjustments.

Because the dilution adjustment for the Target Fund will be calculated by reference to the costs of dealing in the underlying investments of that Target Fund, including any dealing spreads, which can vary with market conditions, this means that the amount of the dilution adjustment can vary over time but will not exceed 2% of the relevant net asset value.

The directors of the company are authorised to apply other appropriate valuation principles for the assets of the Target Fund and/or the assets of a given share class if the aforesaid valuation methods appear impossible or inappropriate due to extraordinary circumstances or events.
FEES, CHARGES AND EXPENSES OF THE TARGET FUND

Direct Fees charged by the Target Fund

› Sales charge: 5.00%
› Redemption charge: Nil

**Note:** All sales charge levied by SISF Emerging Markets on any investments made by Eastspring Investments Global Emerging Markets into SISF Emerging Markets shall be waived.

Indirect Fees charged by the Target Fund

**Note:** Annual management fee paid to the Target Fund will rebate back to the Fund in full.

Investors should note that the Fund may be subject to higher fees arising from the layered investment structure of the Target Fund.
FEES, CHARGES AND EXPENSES
5. FEES, CHARGES AND EXPENSES

All fees, charges and expenses payable by the Unit Holder and/or the Fund, as the case may be, are subject to Goods and Services Tax (“GST”) at a rate of 6% or such other prescribed rate as may be imposed from time to time, and incurred by the Unit Holder directly when purchasing or redeeming Units of the Fund and indirectly when investing in the Fund. The fees, charges and expenses disclosed are exclusive of GST or any other taxes or duties that may be imposed by the government or other authorities from time to time.

**EPF MEMBERS INVESTMENT SCHEME**

To be eligible under the EPF Members Investment Scheme, EPF members must have Account 1 savings of at least RM5,000.00. Members who qualify are given the option to make an investment through the appointed fund management institution appointed under the EPF Members Investment Scheme.

EPF members can choose to invest through the appointed fund management institution that offer unit trust funds approved by the EPF. EPF members are only allowed to invest in equity funds, balanced funds, bond funds or money market funds. The funds approved under the EPF Members Investment Scheme will be subject to an annual evaluation to enable it to be continuously eligible on offer for the following years.

EPF members need to be aware of the risks in alternative investments and they are responsible to invest wisely.

EPF members are advised to make their investments at the right time and to monitor their investments constantly. This will allow EPF members to liquidate their investments at the right time so as to make profit from their investment.

For more information on the EPF Members Investment Scheme, please visit EPF’s website at www.kwsp.gov.my.

Note 2: There is no double charging of the annual management fee on the Target Fund, as the Fund invests in Class D shares of the Target Fund which does not impose any annual management fee.

Note 3: The Investment Manager of the Target Fund will rebate in full the annual management fee into the Fund. Therefore, there will be no double charging of the annual management fee on the Fund.

OTHER EXPENSES RELATED TO THE FUND

Only expenses that are directly related and necessary for the operation and administration of the Fund and permitted by the Deed may be charged to the Fund. The list of expenses related to the Fund is set out below:

- commissions or fees paid to dealers or brokers (where applicable);
- auditors’ fee;
- tax adviser’s fee;
- Shariah adviser’s fee (applicable for Shariah-compliant Fund);
- valuation fee*;
- taxes;
- custodial charges (i.e. foreign sub-custodial charges only);
- cost of printing the annual and interim reports;
- independent investment committee member fee; and
- any other expenses allowed under the Deed.

For details of computation of annual management fee and annual trustee fee, please refer to page 182.

Unit Holders should note that the exact fees and charges incurred by the Fund in respect of the Target Fund’s investment into ETFs are currently not ascertainable. In addition, Unit Holders should also note that the fees and charges of an underlying ETF (including fees and charges which may be 0.10% or more of that underlying ETF’s asset value) may not be available.

Commission payable

The sales and other commission payable to the Manager’s Authorised Distributors are not paid from the Fund but from the sales charges retained by the Manager on a sale of Units.

* These are fees incurred for the valuation for any investments of the Fund by independent valuers for the benefit of the Fund.
Other charges

In executing transactions upon a Unit Holder’s request, certain charges may be incurred. A Unit Holder shall bear these transaction charges, for instance bank charges, telegraphic or online transfer charges and courier charges. The Manager reserves the right to vary such conditions from time to time, which shall be communicated to the Unit Holder in writing.

REBATES AND SOFT COMMISSIONS

Neither the Trustee nor the Manager is entitled to any rebates or to share in any commission from any dealer or broker in consideration for direct dealings in the investments of the Fund. Accordingly, any rebates and shared commissions will be directed to the account of the Fund.

Notwithstanding the aforesaid, the Manager may receive goods or services by way of soft commissions provided always that the goods or services are of demonstrable benefit to the Unit Holder and in the form of research and advisory services that assist in the decision making process relating to the Fund’s investment and that the transaction is executed on terms which are the most favourable for the Fund.

Soft commissions which are not allowed include, among others, entertainment allowance, travel, accommodation and membership fee.

THERE ARE FEES AND CHARGES INVOLVED AND INVESTORS ARE ADVISED TO CONSIDER THEM BEFORE INVESTING IN THE FUND.

Pricing Policy

- Single pricing
  The Manager adopts the single pricing policy, i.e. the selling price and repurchase price are the NAV per Unit rounded to four (4) decimal places.

- Forward pricing
  The Fund is valued on a forward pricing basis. The daily NAV per Unit is valued at the next valuation point after the application to purchase or redeem Units is received by the Manager.

- Incorrect valuation and pricing
  The Manager shall ensure that the Fund and the Units are correctly valued and priced according to the Deed and all relevant laws. Where there is a significant error in the valuation of the Fund and pricing of Units, the Manager shall take remedial action to correct the error. The Manager’s remedial action will involve the reimbursement of money in the following manner:
(a) if there is an over valuation and pricing in relation to the purchase and creation of Units, the Fund shall reimburse the Unit Holder;
(b) if there is an over valuation and pricing in relation to the redemption of Units, the Manager shall reimburse the Fund;
(c) if there is an under valuation and pricing in relation to the purchase and creation of Units, the Manager shall reimburse the Fund; and
(d) if there is an under valuation and pricing in relation to the redemption of Units, the Fund shall reimburse the Unit Holder or former Unit Holder.

Reimbursement of money shall be made to Unit Holder if the incorrect valuation and pricing:
(a) is equal or more than 0.50% of the NAV per Unit; and
(b) results in a sum total of RM10.00 or more.

TRANSACTION INFORMATION
6. TRANSACTION INFORMATION

DISTRIBUTION CHANNELS

The Fund is distributed through the Manager’s head office, branch offices and Authorised Distributors.

Should a Unit Holder wish to consider investment, subsequent investment, redemption, switching or transfer of Units, the Unit Holder must complete the relevant transaction forms which can be obtained from these distribution channels.

Please refer to the Directory of Sales Office and List of Distribution Channels sections at the end of this master prospectus for more information.

* The documents listed may be subject to changes from time to time.
A Unit Holder may be required to forward to the Manager additional documents to authenticate your identification when transacting Units of the Fund. The Manager reserves the right to reject any application without providing any reason.

The Manager allows a Unit Holder the convenience of maintaining all your investments in ONE single master account regardless of the number of funds in which you invest with the Manager.

**PURCHASE APPLICATION AND ACCEPTANCE**

**Cash and EPF investment**

Purchase application should be made before the cut-off time of 4.00 p.m. on any Business Day except for Eastspring Cash Management, Eastspring Institutional Income and Eastspring Islamic Income where the purchase application should be made before the cut-off time of 11.00 a.m. on any Business Day. The Units will be issued at the NAV per Unit calculated at the next valuation point (i.e. forward pricing) after the purchase application is received by the Manager. The cut-off time will be determined based on the stamped time and date made at the Manager’s head office and branch offices.

When purchase application is received after the cut-off time stated above, the purchase application will be deemed to have been received on the next Business Day. The Manager reserves the right to vary the terms and conditions of investment and payment modes from time to time, which shall be communicated to you in writing. The Manager reserves the right to reject any application without providing any reason. The Manager may also reject any application that is incomplete and/or not accompanied by the required documents.

Upon confirming your purchase of Units, you will receive a confirmation of the master account details and confirmation advice.

**EPF Members Investment Scheme**

EPF investor may withdraw from the EPF Account 1, to be invested in a Fund (as per requirements of the EPF Members Investment Scheme). Investors are required to complete an EPF withdrawal form, i.e. Borang KWSP 9N (AHL) for each application for withdrawal to invest via the EPF Members Investment Scheme. The list of Funds that is allowed under the EPF Members Investment Scheme will be updated on the website at [www.kwp.gov.my](http://www.kwp.gov.my) as and when the EPF revises the list.

**Eastspring Islamic Income, Eastspring Cash Management and Eastspring Institutional Income**

When the Manager receives purchase application of the three Funds above, NAV price shall be determined as follows:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
HOW TO PAY FOR AN INVESTMENT

A Unit Holder can make payment via telegraphic or online transfer by submitting the telegraphic or online transfer statement together with the application for Units to the Manager.

A Unit Holder can also make payment by issuing cheque or bank draft made payable to “Eastspring Investments Berhad”.

Cheque can be deposited directly into the Manager’s bank account by using a bank deposit slip at any branch of the Manager’s principal bankers stated below. The original client’s copy of the bank deposit slip (proof of payment) must be sent together with the application for Units.

All fees, charges and expenses incurred or to be incurred for payment shall be borne by Unit Holder.

INVESTORS ARE ADVISED NOT TO MAKE PAYMENT IN CASH TO ANY INDIVIDUAL AGENT WHEN PURCHASING UNITS OF THE FUND.

Details of the Manager’s principal bank accounts are as follows:

HOW TO REDEEM UNITS

A Unit Holder may redeem all or some of the Units held on any Business Day by completing a transaction form.

Redemption application should be made before the cut-off time of 4.00 p.m. on any Business Day except for Eastspring Cash Management, Eastspring Institutional Income and Eastspring Islamic Income where the redemption application should be made before the cut-off time of 11.00 a.m. on any Business Day.

In the event the Manager receives redemption request exceeding 30% of the Fund’s NAV, the Manager may implement the special redemption mechanism. This special redemption mechanism is applicable to Eastspring Investments Master Trust, Eastspring Investments Islamic Trust and Eastspring Islamic Income. Please refer to the special redemption mechanism as stipulated in the Approvals and Conditions section.

The Units will be redeemed at the NAV per Unit calculated at the next valuation point (i.e. forward pricing) after the redemption application is received by the Manager. The cut-off time will be determined based on the stamped time and date made at the Manager’s head office and branch offices.
When the redemption application is received after the cut-off time as stated above, the redemption application will be deemed to have been received on the next Business Day. The Manager reserves the right to vary the terms and conditions of redemption mode from time to time, which shall be communicated to you in writing.

Upon confirming your redemption of Units, you will receive a confirmation advice.

Any correspondence and cheques will ONLY be sent to you at the correspondence address that is registered by the Manager as provided by you in your application form.

For investments made under the EPF Members Investment Scheme, redemption proceeds will be paid to the EPF to credit into your EPF account.

In the event if the Units carry more than one Unit Holder’s name, i.e. “Joint Application”, redemption application will be signed by all the joint holders. If the application specifies “Either Applicant to sign”, any one Unit Holder who is registered as a joint holder will have the authority to sign the redemption application. In all cases, redemption proceeds will be paid to the principal account holder or in the names of both account holders in the register of Unit Holder.

The Manager shall despatch the redemption proceeds to you within ten (10) calendar days (except for Eastspring Cash Management, Eastspring Islamic Income and Eastspring Institutional Income where redemption proceeds shall be despatched within four (4) Business Days) via E-payment according to your bank account details stated in the form from the date the Manager receives the duly completed transaction form. If you redeem immediately after the purchase of Units, the Manager shall have the right to withhold the redemption application until sufficient time has elapsed to ensure that the amount remitted by you (for purchase of Units) is realised and credited to the Manager’s principal bank account.

**COOLING-OFF PERIOD & COOLING-OFF RIGHT**

The cooling-off right is only given to an individual investor who is investing in any of the unit trust funds managed by the Manager for the first time but shall not include the following persons:

- the Manager’s staff; and
- a person registered with a body approved by the SC to deal in unit trusts.

The cooling-off right allows Unit Holder the opportunity to reverse an investment decision which could have been unduly influenced by certain external elements or factors.

The refund to the Unit Holder pursuant to the exercise of his cooling-off right shall be the sum of:

(a) the NAV per Unit on the day the Units were first purchased; and
(b) the sales charge and GST originally imposed on the day the Units were purchased.

The cooling-off period shall be within six (6) Business Days which shall be effective from the date the Manager receives the duly completed transaction form.
You may exercise your cooling-off right on any Business Day by giving written notice to the Manager.

Cooling-off application should be made before the cut-off time of 4.00 p.m. on any Business Day except for Eastspring Cash Management, Eastspring Institutional Income and Eastspring Islamic Income where cooling-off application should be made before the cut-off time of 11.00 a.m. on any Business Day.

The cut-off time will be determined based on the stamped time and date made at the Manager’s head office and branch offices.

When a cooling-off application is received after the cut-off time as stated above, the cooling-off application will be deemed to have been received on the next Business Day. The Manager reserves the right to vary the terms and conditions of cooling-off mode from time to time, which shall be communicated to you in writing.

Upon confirming your cooling-off of Units, you will receive a confirmation advice.

Cooling-off proceeds will only be paid to the Unit Holder once the Manager has received cleared funds for the original investment. Such proceeds shall be refunded to you within ten (10) calendar days from the date the Manager receives the duly completed transaction form.

No cooling-off period for the investment under EPF Members Investment Scheme.

SWITCHING BETWEEN FUNDS

A Unit Holder is allowed to switch Units held in the Fund into another fund denominated in the same currency by completing a transaction form.

Switching of Units is effectively a request to redeem all or partial units in one fund, and investing the net proceeds into another fund managed by the Manager. Switching from a Shariah-compliant fund to a conventional fund is not encouraged for Muslim Unit Holder.

The minimum switching is 1,000 Units or all Units in a Unit Holder’s account. If the Units in a Unit Holder’s account is less than the minimum holding of Units after a switching application is made, all Units in the Fund the Unit Holder holds will be switched automatically. However, the minimum switching (in or out) for Eastspring Cash Management and Eastspring Islamic Income is 10,000 Units.

Switching application should be made before the cut-off time of 4.00 p.m. on any Business Day except for Eastspring Cash Management and Eastspring Islamic Income where switching application should be made before the cut-off time of 11.00 a.m. on any Business Day.

The Units will be switched at NAV per Unit calculated at the next valuation point (i.e. forward pricing) after the switching application is received by the Manager. The cut-off time will be determined based on the stamped time and date made at the Manager’s head office and branch offices.
When a switching application is received after the cut-off time stated above, the switching application will be deemed to have been received on the next Business Day. The Manager reserves the right to vary the terms and conditions of switching mode from time to time, which shall be communicated to you in writing.

The Manager reserves the right to charge the differential sales charge between the two (2) funds.

The table below sets out the switching between funds with different sales charge.

Upon confirming your switching of Units, you will receive a confirmation advice.

Switching from a Shariah-compliant fund to a conventional fund is not encouraged for Muslim Unit Holders.
**TRANSFER OF UNITS**

A Unit Holder may transfer some of his Units held in the Fund to another Unit Holder by completing a transaction form.

A transfer is subject to the minimum balance and terms and conditions applicable for the Fund. However, both the transferor and transferee should maintain the minimum holding of Units for the Fund after a transfer is made.

Transfer application should be made before the cut-off time of 4.00 p.m. on any Business Day. The cut-off time will be determined based on the time and date stamp made at the Manager’s head office and branch offices.

When a transfer application is received after the cut-off time stated above, the transfer application will be deemed to have been received on the next Business Day. The Manager reserves the right to vary the terms and conditions for transfer from time to time, which shall be communicated to you in writing.

Upon confirming your transfer of Units, you will receive a confirmation advice.

**HOW TO KEEP TRACK OF YOUR INVESTMENT**

A Unit Holder will receive annual and interim reports of the Fund from the Manager within two (2) months from the Fund’s annual financial year end and semi-annual financial year end, respectively. Both the reports will disclose the performance and investment updates of the Fund.

A Unit Holder can always contact the Manager’s client services personnel to assist in the following:

1. enquiry on latest Unit price and account balance;
2. any transaction related enquiries, for example switching, top up investment, transfer;
3. request to change personal details, for example address, telephone no;
4. request for confirmation advices on purchase and other transactions related to your Unit holdings, half yearly statements and copy of annual and/or interim reports; and
5. other queries regarding the Fund’s performance.

A Unit Holder may communicate with the Manager via:

**Client services tel:** 603-2332 1000  
**Client services fax:** 603-2052 3366  
**Email:** cs.my@eastspring.com

A Unit Holder can obtain the Manager’s latest information, products and services, and market outlook on the Manager’s website, www.eastspringinvestments.com.my or by registering for a “MY e-account”.

A Unit Holder can also review and track the performance of their Units by checking the Unit prices which are published every Business Day on the Manager’s website, www.eastspringinvestments.com.my.
SUSPENSION OF SALE AND REDEMPTION OF UNITS

Pursuant to clause 10.22 of the Guidelines, the Trustee should suspend the dealing in Units of the Fund:

(a) where a request is made by the Manager to cancel Units to satisfy a redemption request in which the Trustee considers that it is not in the best interests of the Unit Holder to permit the assets of the Fund’s property to be sold or that the assets of the Fund’s property cannot be liquidated at an appropriate price or on adequate terms; or
(b) due to exceptional circumstances, where there is good and sufficient reason to do so, considering the interests of the Unit Holder or potential Unit Holder(s).

Please note that the transaction procedures such as investment, redemption, cooling-off, switching and transfer of Units via our distribution channels may differ from that described in this master prospectus, and you are advised to check with the relevant distributor for details of these procedures.

**Note 1:** Both the transferor and transferee should maintain the minimum holding of Units for the Fund after a transfer is made.

**Note 2:** Minimum switched in is 10,000 Units or such other minimum number of Units as the Manager may determine from time to time.

**Note 3:** If the Units in a Unit Holder’s account are less than the minimum holding of Units after a switching application is made, all Units in the Fund held by the Unit Holder will be switched automatically. There is no limit as to the frequency of switching transaction. However, the Manager may at its sole discretion disallow switching into any fund which is managed by the Manager from time to time.

The Manager reserves the right to change the minimum amounts and number of Units stipulated above from time to time.

There is no limit on the frequency of redemption. In the case of a partial redemption, instructions will be carried out only if the minimum holding of Units (being 1,000 Units* or such other number of Units as the Manager may determine from time to time) remains in the Fund after the redemption. If the Units in a Unit Holder’s account are less than the minimum holding of Units for the Fund after a redemption application is made, all Units that the Unit Holders holds in the Fund will be redeemed automatically. The same applies for partial switching out.

In the event a master account has more than one registered owner, the first-named Unit Holder (as determined by reference to the original master account application form) shall receive the confirmation advices, notices and correspondence with respect to the master account, as well as any redemption proceeds or income distribution or other distributions. In addition, such first-named Unit Holder shall have the voting rights, as permitted, associated with such Units.

In the case of joint holders, any one of such joint holders may vote either personally or by proxy as comprised in the joint holding. If the joint holders are present at any meeting either personally or by proxy, the joint holder whose name stands first in the register of Unit Holder shall alone be entitled to vote.

* should we increase the minimum holdings of Units in future, Unit Holder will be informed via post mail at least 14 days prior to the implementation been made effective.

**INCOME REINVESTMENT POLICY**

Income distributed to a Unit Holder will automatically be reinvested into additional Units in the Fund at the NAV per Unit at the end of the Business Day of the income distribution date at no cost if the Unit Holder did not elect the mode of distribution in the master account opening form or provide any written instruction to the Manager.

Should a Unit Holder elect the mode of distribution in the master account opening form or provide any written instruction to the Manager, the income distribution proceeds will either be paid by cheque or credited into the bank account located in Malaysia via telegraphic or online transfer at the cost and expense of the Unit Holder.

The Manager reserves the right to reinvest income distribution without providing any reason if the instruction in the master account opening form or written instruction is incomplete.

*Applicable only to Eastspring Global Target Income Fund*

Distribution payment which is less than the amount of RM300* will be reinvested into additional Units in the Fund at the NAV per Unit at the end of the Business Day of the income distribution date or such other amount which will be determined by the Manager.

**AUTO REINVESTMENT POLICY**

Any moneys payable to Unit Holder as a result of income distribution which remains unclaimed after six (6) months from the date of payment shall automatically be reinvested into additional Units of the Fund at the NAV per Unit on the closing of the fifteenth (15th) day after the said six (6) months period at no cost. In the event the fifteenth (15th) day falls on a non-Business Day, reinvestment will be made on the following Business Day.

*should this amount be increased in the future, Unit Holder will be informed via post mail at least 14 days prior to the implementation been made effective.*
UNCLAIMED MONEYS POLICY

Any unpresented cheques will be filed with and paid to the Registrar of Unclaimed Moneys after the lapse of one (1) year from the date of payment in accordance with the requirements of the Unclaimed Moneys Act 1965. A Unit Holder will have to liaise directly with the Registrar of Unclaimed Moneys to claim their moneys.

POLICY ON ANTI-MONEY LAUNDERING, ANTI-TERRORISM FINANCING AND PROCEEDS OF UNLAWFUL ACTIVITIES ACT 2001

The Manager has an anti-money laundering and anti-terrorism financing policy in place where Unit Holder’s due diligence will be performed by the Manager and its Authorised Distributors on all Unit Holders without exception. Application for Units must be accompanied by proper identification documents for the Manager’s verification. All Unit Holders will be checked against various reliable sources on money laundering, terrorism financing and proceeds of unlawful activities information. Enhanced due diligence process will be conducted on high risk Unit Holders which would require the Manager’s senior management’s review and approval, where applicable. Suspicious transactions, if any, will be reported to the Manager’s internal money laundering prevention officer for further review and onward reporting to the Financial Intelligence and Enforcement Department (“FIED”) of Bank Negara Malaysia and the SC.

In compliance with the applicable anti-money laundering, anti-terrorism financing and proceeds of unlawful activities laws and the guidelines, the Manager, together with its Authorised Distributors reserve the right to request all relevant information pertaining to the Unit Holders’ information as may, in the Manager’s opinion or its Authorised Distributors’ opinion, be necessary to verify the identity of Unit Holders.

UNIT PRICES AND DISTRIBUTIONS PAYABLE, IF ANY, MAY GO DOWN AS WELL AS UP.

THE TRUSTEE
BACKGROUND OF THE TRUSTEE

Deutsche Trustees Malaysia Berhad (“DTMB”) (Company No. 763590-H) was incorporated in Malaysia on 22 February 2007 and commenced business in May 2007. The Company is registered as a trust company under the Trust Companies Act 1949, with its business address at Level 20, Menara IMC, 8 Jalan Sultan Ismail, 50250 Kuala Lumpur.

DTMB is a member of Deutsche Bank Group (“Deutsche Bank”), a global investment bank with a substantial private client franchise. With more than 100,000 employees in more than seventy (70) countries, Deutsche Bank offers financial services throughout the world.

EXPERIENCE IN TRUSTEE BUSINESS

DTMB is part of Deutsche Bank's Securities Services, which provides trust, agency, depository, custody and related services on a range of securities and financial structures. As at 9 May 2017, DTMB is the trustee for two hundred (200) collective investment schemes including unit trust funds, wholesale funds, exchange-traded funds and private retirement schemes.

DTMB’s trustee services are supported by Deutsche Bank (Malaysia) Berhad (“DBMB”), a subsidiary of Deutsche Bank Group, financially and for various functions, including but not limited to financial control and internal audit.

ROLES, DUTIES AND RESPONSIBILITIES OF THE TRUSTEE

DTMB’s main functions are to act as trustee and custodian of the assets of the Funds and to safeguard the interests of Unit Holders of the Funds. In performing these functions, the Trustee has to exercise due care and vigilance and is required to act in accordance with the relevant provisions of the Deed, the Act and all relevant laws.

TRUSTEE’S DISCLOSURE OF MATERIAL LITIGATION

As at 9 May 2017, neither the Trustee nor its delegate is (a) engaged in any material litigation and arbitration, including those pending or threatened, or (b) is aware of any facts likely to give rise to any proceedings which might materially affect the business or financial position of the Trustee and any of its delegate.
TRUSTEE’S DELEGATE

The Trustee has appointed DBMB as the custodian of the assets of the Funds. DBMB is a wholly owned subsidiary of Deutsche Bank AG. DBMB offers its clients access to a growing domestic custody network that covers over 30 markets globally and a unique combination of local expertise backed by the resources of a global bank. In its capacity as the appointed custodian, DBMB’s roles encompass safekeeping of assets of the Fund; trade settlement management; corporate actions notification and processing; securities holding and cash flow reporting; and income collection and processing.

All investments of the Fund are registered in the name of the Trustee for the Fund, or where the custodial function is delegated, in the name of the custodian, to the order of the Trustee for the Fund. As custodian, DBMB shall act only in accordance with instructions from the Trustee.
SALIENT TERMS OF THE DEED
10. SALIENT TERMS OF THE DEED

Please be advised that if you invest in Units through an IUTA which adopts the nominee system of ownership, you would not be considered to be a Unit Holder under the Deed and you may, consequently, not have all the rights ordinarily exercisable by a Unit Holder (for example, the right to call for a Unit Holder’s Meeting and to vote thereat and the right to have your particulars appearing in the register of Unit Holders of the Fund).

RIGHTS OF UNIT HOLDERS

As a Unit Holder of the Fund, and subject to the provisions of the Deed, you have the right:

1. to receive distributions, if any, of the Fund;
2. to participate in any increase in the value of the Units;
3. to call for Unit Holders' meetings and to vote for the removal of the Trustee or the Manager through a special resolution;
4. to receive annual and interim reports of the Fund; and
5. to exercise such other rights and privileges as provided for in the Deed.

However, you would not have the right to require the transfer to you any of the investments or assets of the Fund. Neither would you have the right to interfere with or to question the exercise by the Trustee (or the Manager on the Trustee’s behalf) of the rights of the Trustee as trustee of the investments and assets of the Fund.

LIABILITIES OF UNIT HOLDERS

As a Unit Holder, and subject to the provisions of the Deed, your liabilities would be limited to the following:

1. you will not be liable for any amount in excess of the purchase price paid for the Units as determined in accordance with the Deed at the time the Units were purchased and any charges payable in relation thereto.
2. you will not be under any obligation to indemnify the Manager and/or the Trustee in the event that the liabilities incurred by the Manager and/or the Trustee in the name of or on behalf of the Fund pursuant to and/or in the performance of the provisions of the Deed exceed the value of the assets of the Fund.

PROCEDURES TO INCREASE THE DIRECT AND INDIRECT FEES AND CHARGES DISCLOSED IN THE MASTER PROSPECTUS

Sales charge
The Manager may not charge a sales charge at a rate higher than that disclosed in this master prospectus unless:
(a) the Manager has notified the Trustee in writing of and the effective date for the higher charge;
(b) a supplemental prospectus or replacement prospectus stating the higher charge is issued; and
(c) such time as may be prescribed by any relevant law has elapsed since the effective date of the supplemental prospectus or replacement prospectus.

Repurchase charge
The Manager may not charge a repurchase charge at a rate higher than that disclosed in this master prospectus unless:
(a) the Manager has notified the Trustee in writing of and the effective date for the higher charge;
(b) a supplemental prospectus or replacement prospectus stating the higher charge is issued; and
(c) such time as may be prescribed by any relevant law has elapsed since the effective date of the supplemental prospectus or replacement prospectus.

Annual management fee
The Manager may not charge an annual management fee at a rate higher than that disclosed in this master prospectus unless:
(a) the Manager has come to an agreement with the Trustee on the higher rate;
(b) the Manager has notified the Unit Holders of the higher rate and the date on which such higher rate is to become effective;
(c) a supplemental prospectus or replacement prospectus stating the higher rate is issued thereafter; and
(d) such time as may be prescribed by any relevant law has elapsed since the supplemental prospectus or replacement prospectus is issued.

Annual trustee fee
The Trustee may not charge an annual trustee fee at a rate higher than that disclosed in this master prospectus unless:
(a) the Manager has come to an agreement with the Trustee on the higher rate;
(b) the Manager has notified the Unit Holders of the higher rate and the date on which such higher rate is to become effective;
(c) a supplemental prospectus or replacement prospectus stating the higher rate is issued thereafter; and
(d) such time as may be prescribed by any relevant law has elapsed since the supplemental prospectus or replacement prospectus is issued.
PROCEDURES TO INCREASE THE MAXIMUM RATE OF THE DIRECT AND INDIRECT FEES AND CHARGES IN THE DEED

Any increase in the sales charge, repurchase charge, annual management fees and annual trustee fees above the maximum rate prescribed in the Deed will require the prior consent of the Unit Holders of the Fund and the registration of a supplemental deed and the issuance of a supplementary or replacement master prospectus.

PERMITTED EXPENSES PAYABLE BY THE FUND

Only the expenses (or part thereof) which is directly related and necessary in operating and administering the Fund may be charged to the Fund. These would include (but are not limited) to the following:

(a) commissions or fees paid to brokers and/or dealers in effecting dealings in the investments of the Fund, shown on the contract notes or confirmation notes;
(b) taxes and other duties charged on the Fund by the government and/or other authorities;
(c) costs, fees and expenses properly incurred by the auditor;
(d) costs, fees and expenses incurred for the valuation of any investment of the Fund by independent valuers for the benefit of the Fund;
(e) costs, fees and expenses incurred for any modification of the Deed save where such modification is for the benefit of the Manager and/or the Trustee;
(f) costs, fees and expenses incurred for any meeting of Unit Holders save where such meeting is convened for the benefit of the Manager and/or the Trustee;
(g) costs, commissions, fees and expenses of the sale, purchase, insurance or takaful and any other dealing of any asset of the Fund;
(h) costs, fees and expenses incurred in engaging any specialist approved by the Trustee for investigating or evaluating any proposed investment of the Fund;

(l) costs, fees and expenses incurred in relation to any arbitration or other proceedings concerning the Fund or any asset of the Fund, including proceedings against the Trustee or the Manager by the other for the benefit of the Fund (save to the extent that legal costs incurred for the defence of either of them are not ordered by the court to be reimbursed by the Fund);
(m) remuneration and out of pocket expenses of the independent members of the investment committee of the Fund, unless the Manager decides otherwise;
(n) costs, fees and expenses deemed by the Manager to have been incurred in connection with any change or the need to comply with any change or introduction of any law, regulation or requirement (whether or not having the force of law) of any governmental or regulatory authority;
(o) (where the custodial function is delegated by the Trustee) charges and fees paid to sub-custodians taking into custody any foreign assets or investments of the Fund;
(p) all costs and/or expenses associated with the distributions declared pursuant to the Deed and the payment of such distribution including without limitation fees, costs and/or expenses for the revalidation or reissuance of any distribution cheque or telegraphic transfer*;
(q) fees, charges, costs and expenses relating to the preparation, printing, lodgement of documents and reports which the Manager and/or the Trustee may be obliged to prepare, print, post and/or lodge in relation to the Fund by virtue of any relevant law**; and
(r) any tax such as GST and/or other indirect or similar tax now or hereafter imposed by law or required to be paid in connection with any costs, fees and expenses incurred under sub-paragraphs (a) to (q) above**.

REMOVAL, REPLACEMENT AND RETIREMENT OF THE MANAGER AND TRUSTEE

Removal or Replacement of the Manager

The Trustee shall take all reasonable steps to remove the Manager, if the Manager:

(a) has failed or neglected to carry out its duties to the satisfaction of the Trustee and the Trustee considers that it would be in the interests of Unit Holders for it to do so after the Trustee has given notice to the Manager of that opinion and the reasons for that opinion, and has considered any representations made by the Manager in respect of that opinion, and after consultation with the relevant authorities and with the approval of the Unit Holders by way of a special resolution; or
(b) is in breach of any of its obligations or duties under the Deed or the relevant laws; or
(c) has ceased to be eligible to be a management company under the relevant laws; or
(d) has gone into liquidation, except for the purpose of amalgamation or reconstruction or some similar purpose; or
(e) has had a receiver appointed; or
(f) has ceased to carry on business.

Retirement of the Manager

The Manager shall have the power to retire in favour of some other corporation by giving to the Trustee three (3) months (or such other period as the Manager and the Trustee may agree upon) notice in writing of its desire so to do, provided such retirement is in accordance with the provisions of the Deed.

Removal or Replacement of the Trustee

The Trustee may be removed and such corporation may be appointed as Trustee of the Fund by special resolution of the Unit Holders at a duly convened meeting.

* applicable for Eastspring Asia Pacific ex-Japan Target Return and Eastspring Global Target Income
** applicable for Eastspring Global Target Income
The Manager shall take all reasonable steps to replace the Trustee as soon as practicable after becoming aware that:

(a) the Trustee has ceased to exist; or
(b) the Trustee has not been validly appointed; or
(c) the Trustee was not eligible to be appointed or to act as trustee under any relevant law; or
(d) the Trustee has failed or refused to act as trustee in accordance with the provisions or covenants of the Deed or any relevant law; or
(e) a receiver has been appointed over the whole or a substantial part of the assets or undertaking of the Trustee and has not ceased to act under that appointment; or
(f) a petition has been presented for the winding up of the Trustee (other than for the purpose of and followed by a reconstruction, unless during or following such reconstruction the Trustee becomes or is declared insolvent); or
(g) the Trustee is under investigation for conduct that contravenes the Trust Companies Act 1949, the Trustee Act 1949, the Companies Act 1965 or any relevant law.

**Retirement of the Trustee**

The Trustee may retire upon giving three (3) months (or such other period as the Manager and the Trustee may agree upon) notice in writing to the Manager of its desire so to do, provided such retirement is in accordance with the provisions of the Deed.

**TERMINATION OF THE FUND**

**Termination of the Fund by the Manager**

The Fund may be terminated or wound up upon occurrence of any of the following events:

- A special resolution is passed at a Unit Holders’ meeting to terminate or wind up the Fund, following occurrence of events stipulated under section 301(1) of the Act and the court has confirmed the resolution, as required under section 301(2) of the Act; and
- A special resolution is passed at a Unit Holders’ meeting to terminate or wind up the Fund.

**Termination of the Fund by the Trustee**

In any of the following events:

(a) if the Manager has gone into liquidation, except for the purpose of reconstruction or amalgamation upon terms previously approved in writing by the Trustee and the relevant authorities;
(b) if, in the opinion of the Trustee, the Manager has ceased to carry on business; or
(c) if, in the opinion of the Trustee, the Manager has to the prejudice of Unit Holders failed to comply with the provisions of the Deed or contravened any of the provisions of any relevant law.
MEETING OF UNIT HOLDERS

Provisions governing Unit Holders’ meeting

The quorum required for a meeting of Unit Holders shall be five (5) Unit Holders, whether present in person or by proxy, provided that if the Fund has five (5) or less Unit Holders, the quorum required for a meeting of Unit Holders of the Fund shall be two (2) Unit Holders, whether present in person or by proxy; if the meeting has been convened for the purpose of voting on a special resolution, the Unit Holders present in person or by proxy must hold in aggregate at least twenty-five per centum (25%) of the Units in circulation at the time of the meeting.

Meetings directed by Unit Holders

Unless otherwise required or allowed by the relevant laws, the Manager shall, within twenty-one (21) days of receiving a direction from not less than fifty (50) or one-tenth (1/10) of Unit Holders, whichever is less, summon a meeting of the Unit Holders by:

(a) sending by post at least seven (7) days before the date of the proposed meeting a notice of the proposed meeting to all the Unit Holders;
(b) publishing at least fourteen (14) days before the date of the proposed meeting an advertisement giving notice of the proposed meeting in a national language newspaper published daily and another newspaper approved by the relevant authorities; and
(c) specifying in the notice the place and time of the meeting and the terms of the resolutions to be proposed at the meeting.

The Unit Holders may apply to the Manager to summon a meeting for any purpose including, without limitation, for the purpose of:

(a) requiring the retirement or removal of the Manager;
(b) requiring the retirement or removal of the Trustee;
(c) considering the most recent financial statements of the Fund;
(d) giving to the Trustee such directions as the meeting thinks proper; or
(e) considering any matter in relation to the Deed.

provided always that the Manager shall not be obliged to summon such a meeting unless a direction has been received from not less than fifty (50) or one-tenth (1/10) of all the Unit Holders, whichever is the lesser number.

Unit Holders meeting convened by the Manager or Trustee

Unless otherwise required or allowed by the relevant laws and the Deed, the Manager or the Trustee may convene a Unit Holders’ meeting pursuant to the relevant provisions of the Deed by giving Unit Holders’ at least fourteen (14) days written notice specifying the place and time of the meeting and the terms of the resolutions to be proposed.
SUSPENSION OF DEALINGS IN UNITS

The suspension of sale and/or redemption of Units shall only be carried out if the interests of the Unit Holders would, in so far as the Trustee is concerned, be materially affected if the sale and/or redemption of Units were not suspended. Other than this situation, the Trustee may, without the consent of the Unit Holders, suspend the sale and/or redemption of Units in exceptional circumstances when there is good and sufficient reason to do so having regard to the interests of the Unit Holders and potential investors of the Fund. In such a case, the period of the suspension shall not exceed such time as may be prescribed by any relevant law unless the consent of the Unit Holders has been obtained.
APPROVALS AND CONDITIONS
11. APPROVALS AND CONDITIONS

The Manager has obtained the approval from the SC for certain approvals and conditions from the SC’s Guidelines for the following Fund:

**Eastspring Investments Islamic Trust**

On 19 December 2001 (for the Eastspring Investments Islamic Trust, except Eastspring Dana Wafi) and 12 April 2004 (for the Eastspring Dana Wafi) have obtained approval from the SC for a variation to clause 11.7.3 of the Guidelines issued in 1997 (for the Eastspring Investments Islamic Trust, except Eastspring Dana Wafi) and clause 11.07(3) of the Guidelines issued on 1 April 2003 (for the Eastspring Dana Wafi) which stipulates that the payment of redemption monies to a Unit Holder should be made within ten (10) days of a redemption request. The Manager is allowed to pay redemption proceeds within fifteen (15) days upon receipt of the redemption request by the Manager if the value of the redemption request on any Business Day exceeds 30% of the Funds’ NAV.

**Eastspring Investments Master Trust**

On 6 February 2001 (for Eastspring Investments Master Trust, except Eastspring Cash Management) and 10 March 2003 (for the Eastspring Cash Management) have obtained approval from the SC for a variation to clause 11.7.3 of the Guidelines issued in 1997 which stipulates that the payment of redemption monies to a Unit Holder should be made within ten (10) days of a redemption request. If the value of the redemption request on any Business Day exceeds 30% of the Fund’s NAV, the Manager is allowed to pay redemption proceeds within fourteen (14) days in respect of the Eastspring Small-cap, Eastspring Growth, Eastspring Balanced and Eastspring Bond and within fifteen (15) days in respect of the Eastspring Cash Management.

**Eastspring Investments Master Trust, Eastspring Investments Islamic Trust and Eastspring Institutional Income**

On 6 February 2001 (for the Eastspring Investments Master Trust, except Eastspring Cash Management), 19 December 2001 (for the Eastspring Investments Islamic Trust, except Eastspring Dana Wafi) and 10 March 2003 (for the Eastspring Cash Management) have obtained approval from the SC for a variation to clause 11.7.5 of the Guidelines issued in 1997.

On 12 April 2004 (for the Eastspring Dana Wafi) and 27 January 2005 (for the Eastspring Institutional Income) have obtained approval from the SC for a variation to clause 11.07(5) of the Guidelines issued on 1 April 2003.

These two clauses stipulates that any dealing in Units of the Fund should be at a price that is the NAV per Unit of the Fund as at the next valuation point after the request for sale or repurchase of Units is received by the Manager (forward price). The above variation is allowed to calculate the repurchase price of the Units of the Funds should the redemption request exceed 30% of the Fund’s NAV on any one Business Day.

The Manager may decide to implement a special mechanism for redemption or switching of Units, in which event the redemption monies will be calculated based on the buying price as and when assets are liquidated which is in proportion to the total redemption requests receive. The Manager may decide to implement this mechanism only when market conditions are such...
that it would not be possible to liquidate assets of the Fund at reasonable prices beneficial to the Fund without prejudicing the whole investment portfolio. Other factors that may also affect our decision are, amongst others, as follows:

- liquidity of the particular investment;
- aggregate prices to dispose of;
- amount of assets to dispose of; and
- other investment limits and restrictions of the Fund.

The following example illustrates the redemption process if a Unit Holder has requested for redemption of 1,000,000 units in the event a large amount of redemption requests are received (more than 30% of the Fund’s NAV).

Assuming that the total redemption request by all Unit Holders on a Business Day is 10 million units, the proportion of the Unit Holder’s redemption request would be 10% against total redemption requests received. The Manager shall dispose of the assets of the Fund over several days to meet the huge redemption requests, hence there will be several repurchase prices being computed. However, the basis of computing the daily NAV of the Fund and the repurchase price remains the same as illustrated on page 182.

Assuming the liquidation of assets takes three (3) days to complete, below are the details on computation of the Unit Holders’ redemption proceeds based on several repurchase prices.

As illustrated, Unit Holders’ redemption requests will be based on the repurchase prices on three valuation points on three (3) days, instead of the next valuation point on the day his or her request is received by the Manager.
Eastspring Asia Pacific Equity MY

On 29 June 2005, the Eastspring Asia Pacific Equity MY has obtained approval from the SC for two variations of the Guidelines issued on 1 April 2003. Clause 11.10(3) of the Guidelines issued on 1 April 2003 which requires a valuation to be carried out at the time of the close of business of the Bursa Malaysia at 5.00 p.m. regardless of whether or not there are more valuations performed in a day and Clause 1.0(3) of Schedule C of the Guidelines issued on 1 April 2003 which provides that the value of the Fund’s holding of units or shares in other collective investment schemes must not exceed 10% of the Fund’s NAV.

Eastspring Asia Select Income

On 26 October 2005, the Eastspring Asia Select Income has obtained approval from the SC for two variations of the Guidelines issued on 1 April 2003. Clause 11.10(3) of the Guidelines issued on 1 April 2003 provides that a valuation is to be carried out at the time of the close of business of the Bursa Malaysia at 5.00 p.m. regardless of whether or not there are more valuations performed in a day. The Manager is allowed to value the Fund at 7.00 p.m. local time. Clause 2.0(2) of Schedule C of the Guidelines issued on 1 April 2003 further provides that the value of the Fund’s holding in the securities of, and the securities relating to, any single issuer must not exceed 15% of the Fund’s NAV. The Fund is allowed to invest up to 40% of the Fund’s NAV in the Eastspring Investments – Dragon Peacock.

Eastspring Global Target Income

On 11 April 2016, the Eastspring Global Target Income has obtained approval from the SC for a variation to Schedule B (valuation of other unlisted bonds) of the Guidelines issued on 3 March 2008 which specify the valuation basis of securities in a unit trust fund portfolio. The variation obtained for the Fund from the SC allows the Fund’s investment in unlisted bonds that are not denominated in Ringgit Malaysia to be valued based on a price quoted by Reuters quotations subject to the following conditions:

- The Manager keeps abreast of the development of Reuters’s pricing methodology; and
- The Manager continuously keeps track on the acceptability of Reuters’s prices in the market place.
RELATED PARTY TRANSACTIONS
AND CONFLICT OF INTEREST
12. RELATED PARTY TRANSACTIONS AND CONFLICT OF INTEREST

The Manager may enter into transactions with other companies which are related to the Manager such as Eastspring Investments (Singapore) Limited, Eastspring Al-Wara’ Investments Berhad, M&G Investment Management Limited and M&G Securities Limited; therefore there is a possibility of conflict of interest element and/or related party transactions. However, the Manager has in place policies and procedures to deal with any conflict of interest and/or related party transactions situations. All transactions with related parties are to be executed on terms which are best available to the Fund and based on best execution and at arms-length transaction between independent parties.

The Manager observes high standards of integrity and fair dealing to your best and exclusive interests. The Manager will not conduct transactions in any manner which will result in unnecessary costs or risk to the Fund. The Manager will also avoid conflicts of interest and will act in a manner so as to avoid any disadvantage to the Fund, if such conflicts should arise. The Manager shall not, without the Trustee’s prior approval, invest any moneys available under the Deed in any securities, property and assets in which the Manager or any of the Manager’s officer (includes directors and staff) has a financial interest or from which the Manager or any of the Manager’s officer, derives benefit.

A person shall be deemed to have a financial interest in securities if he or she has an interest or interests in one or more voting shares in the company and the nominal amount of that share, or the aggregate of the nominal amounts of those shares, is not less than five per centum (5%) of the aggregate of the nominal amounts of all the voting shares in the company.

In making an investment transaction for the Fund, the Manager is obliged not to make improper use of our position in managing the Fund to gain, directly or indirectly, any advantage for the Manager or for any other person or to cause detriment to your interests. If the interests of the directors or the investment committee members conflict with the interests of the Fund, they will not be allowed to participate in the decision-making process in respect of the matter. Additionally, the Manager’s, directors, investment committees and employees have to disclose their personal dealings to the compliance unit, which monitors such dealings.

As at 9 May 2017 none of the Manager’s directors or substantial shareholders has any direct or indirect interest in other corporations carrying on a similar business as the Manager, except as otherwise disclosed below:

- Prudential Corporation Holdings Limited (UK) is a substantial shareholder of Eastspring Investments (Hong Kong) Limited, Eastspring Investments Limited, Eastspring Asset Management Korea Co. Ltd, Eastspring Investments (Singapore) Limited, Eastspring Al-Wara’ Investments Berhad and the Manager.

None of the Manager’s advisers have any existing or potential interests or conflicts of interest in an advisory capacity in the Fund or the Manager.
Deutsche Trustees Malaysia Berhad

As the Trustee for the Fund, there may be related party transactions involving or in connection with the Fund in the following events:

1. Where the Fund invests in the products offered by Deutsche Bank AG and any of its group companies (e.g. money market placement, etc.);

2. Where the Fund has obtained financing from Deutsche Bank AG and any of its group companies, as permitted under the SC’s Guidelines and other applicable laws;

3. Where the Manager appoints Deutsche Bank (Malaysia) Berhad (“DBMB”) to perform its back office functions (e.g. fund accounting and valuation); and

4. Where the Trustee has delegated its custodian functions for the Fund to DBMB.

The Trustee will rely on the Manager to ensure that any related party transactions, dealings, investments and appointments are on terms which are the best that are reasonably available for or to the Fund and are on an arm’s length basis as if between independent parties.

While the Trustee has internal policies intended to prevent or manage conflicts of interests, no assurance is given that their application will necessarily prevent or mitigate conflicts of interests. The Trustee’s commitment to act in the best interests of the Unit Holders of the Fund does not preclude the possibility of related party transactions or conflicts.
TAXATION ADVISER’S LETTER ON TAXATION OF THE FUNDS AND UNIT HOLDERS
TAXATION OF THE FUNDS OFFERED UNDER THE MASTER PROSPECTUS DATED 15 JULY 2017 (“Master Prospectus”) AND UNIT HOLDERS

Dear Sirs,

This letter has been prepared for inclusion in the Master Prospectus in connection with the offer of Units in the Funds listed in the Appendix (“the Funds”).

The taxation of income for both the Funds and the Unit Holders are subject to the provisions of the Malaysian Income Tax Act 1967 (“the Act”). The applicable provisions are contained in Section 61 of the Act, which deals specifically with the taxation of trust bodies in Malaysia.

TAXATION OF THE FUNDS

The Funds will be regarded as resident for Malaysian tax purposes since the Trustees of the Funds are resident in Malaysia.

1. Domestic Investments

   (i) General taxation

   Subject to certain exemptions, the income of the Funds consisting of dividends, interest income or profit¹ (other than interest income and profit¹ which is exempt from tax) and other investment income derived from or accruing in Malaysia, after deducting tax allowable expenses, is liable to Malaysian income tax at the rate of 24 per cent.

   Gains on disposal of investments by the Funds will not be subject to Malaysian income tax.
(ii) Dividends and Other Exempt Income

Effective 1 January 2014, all companies would adopt the single-tier system. Hence dividends received would be exempted from tax and the deductibility of expenses incurred against such dividend income would be disregarded. There will no longer be any tax refunds available for single-tier dividends received. Dividends received from companies under the single-tier system would be exempted.

The Funds may receive Malaysian dividends which are tax exempt. The exempt dividends may be received from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Funds will not be taxable on such exempt income.

Interest or profit1 or discount income derived from the following investments is exempt from tax:

(a) Securities or bonds issued or guaranteed by the government of Malaysia;
(b) Debentures2 or sukuk, other than convertible loan stocks, approved or authorised by, or lodged with, the SC; and
(c) Bon Simpanan Malaysia issued by BNM.

Interest income or profit1 derived from the following investments is exempt from tax:

(a) Interest income or profit1 paid or credited by any bank or financial institution licensed under the Financial Services Act 2013 and Islamic Financial Services Act 20133;
(b) Interest or profit1 paid or credited by any development financial institution regulated under the Development Financial Institutions Act 2002;
(c) Bonds, other than convertible loan stocks, paid or credited by any company listed in Bursa Malaysia Securities Berhad ACE Market; and
(d) Interest income or profit1 paid or credited by Malaysia Building Society Berhad4.

The interest income or profit1 or discount income exempted from tax at the Funds’ level will also be exempted from tax upon distribution to the Unit Holders.

2. Foreign Investments

Income of the Funds in respect of income received from overseas investment is exempt from Malaysian tax by virtue of Paragraph 28 of Schedule 6 of the Act and distributions from such income will be tax exempt in the hands of the Unit Holders. Such income from foreign investments may be subject to foreign taxes or withholding taxes. Any foreign tax suffered on the income in respect of overseas investment is not tax refundable to the Funds.

The foreign income exempted from Malaysian tax at the Funds’ level will also be exempted from tax upon distribution to the Unit Holders.
3. **Hedging Instruments**

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into.

Generally, any gain/loss relating to the principal portion will be treated as capital gain/loss. Gains/losses relating to the income portion would normally be treated as revenue gains/losses. The gain/loss on revaluation will only be taxed or claimed upon realisation. Any gain/loss on foreign exchange is treated as capital gain/loss if it arises from the revaluation of the principal portion of the investment.

4. **Income from Malaysia Real Estate Investment Trusts (“REITs”)**

Income from distribution from REITs will be received net of final withholding tax of 10 per cent. No further tax will be payable by the Funds on the distribution. Distribution from such income by the Funds will also not be subject to further tax in the hands of the Unit Holders.

5. **Tax Deductible Expenses**

Expenses wholly and exclusively incurred in the production of gross income are allowable as deductions under Section 33(1) of the Act. In addition, Section 63B of the Act provides for tax deduction in respect of Managers’ remuneration, expenses on maintenance of the register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postages based on a formula subject to a minimum of 10 per cent and a maximum of 25 per cent of the expenses. The above expenses will include the relevant irrecoverable Goods and Services Tax (“GST”) incurred by the Funds.

6. **Real Property Gains Tax (“RPGT”)**

With effect from 1 January 2014, any gains on disposal of real properties or shares in real property companies would be subject to RPGT as follows:

<table>
<thead>
<tr>
<th>Disposal time frame</th>

</tr>
<tr>
<td>In the 5th year</td>
<td>15%</td>
</tr>
<tr>
<td>In the 6th year and subsequent years</td>
<td>5%</td>
</tr>
</tbody>
</table>
7. Goods and Services Tax

GST has been implemented on 1 April 2015 at the rate of 6 per cent to replace the existing sales tax and service tax. Based on the guideline issued, the Funds, being collective investment vehicle, will be making exempt supplies. Hence, the Funds are not required to be registered for GST purposes. However, the Funds will incur expenses such as management fees, trustee fees and other administrative charges which will be subject to 6 per cent GST. The 6 per cent input tax incurred on such expenses will not be claimable by the Funds and represents a cost to the Funds.

TAXATION OF UNIT HOLDERS

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Funds to the extent of the distributions received from the Funds. The income distribution from the Funds will carry a tax credit in respect of the tax paid by the Funds. Unit Holders will be entitled to utilise the tax credit against the tax payable on the income distribution received by them. No additional withholding tax will be imposed on the income distribution from the Funds.

Corporate Unit Holders, resident and non-resident, will generally be liable to income tax at 24 per cent on distribution of income received from the Funds. The tax credits attributable to the distribution of income can be utilised against the tax liabilities of these Unit Holders.

Individuals and other non-corporate Unit Holders who are tax resident in Malaysia will be subject to income tax at graduated rates ranging from 1 per cent to 28 per cent. Individuals and other non-corporate Unit Holders who are not resident in Malaysia will be subject to income tax at 28 per cent. The tax credits attributable to the distribution of income will be utilised against the tax liabilities of these Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaty with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

The distribution of exempt income and gains arising from the disposal of investments by the Funds will be exempted from tax in the hands of the Unit Holders.

Any gains realised by Unit Holders (other than those in the business of dealing in securities, insurance companies or financial institutions) on the sale or redemption of the Units are treated as capital gains and will not be subject to income tax. This tax treatment will include in the form of cash or residual distribution in the event of the winding up of the Funds.

Unit Holders electing to receive their income distribution by way of investment in the form of new Units will be regarded as having purchased the new Units out of their income distribution after tax.

Unit splits issued by the Funds are not taxable in the hands of Unit Holders.
The issuance of Units by the Funds is an exempt supply. The selling or redemption of the
Units is also an exempt supply and therefore is not subject to GST. Any fee based charges
related to buying of the Units such as sales or service charge or switching fees will be
subject to GST at a standard rate of 6 per cent.

We hereby confirm that the statements made in this report correctly reflect our
understanding of the tax position under current Malaysian tax legislation. Our comments
above are general in nature and cover taxation in the context of Malaysian tax legislation
only and do not cover foreign tax legislation. The comments do not represent specific tax
advice to any investors and we recommend that investors obtain independent advice on the
tax issues associated with their investments in the Funds.

Yours faithfully,
for and on behalf of

PRICEWATERHOUSECOOPERS TAXATION SERVICES SDN BHD

Lim Phaik Hoon
Senior Executive Director

PricewaterhouseCoopers Taxation Services Sdn Bhd have given their written consent to the
inclusion of their report as taxation adviser in the form and context in which they appear
in this Master Prospectus and have not, before the date of issue of the Master Prospectus,
withdrawn such consent.
Section 2(7) of the Income Tax Act 1967, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transaction conducted in accordance with the principles of Shariah.

The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

Structured products approved by the SC are deemed to be “debenture” under the Capital Markets and Services Act, 2007 and fall within the scope of exemption.

Pursuant to the Finance Act 2017 which was gazetted on 16 January 2017, interest income received for a wholesale fund which is a money market fund, the exemption shall only apply to a wholesale fund which complies with the criteria as set out in the relevant guidelines of the Securities Commission Malaysia effective from year of assessment (“YA”) 2017.

Exemption granted through letters from Ministry of Finance Malaysia dated 11 June 2015 and 16 June 2015 and it is with effect from YA 2015.

A real property company is a controlled company which owns or acquires real property or shares in real property companies with a market value of not less than 75 per cent of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

Pursuant to Goods And Services Tax Guide on Fund Management (as at 11 April 2016) issued by the Royal Malaysian Customs.

Resident companies with paid up capital in respect of ordinary shares of RM2.5 million and below will pay tax at 19% per cent for the first RM500,000 of chargeable income with the balance taxed at 24 per cent.

With effect from YA 2009, the above shall not apply if more than –

(a) 50 per cent of the paid up capital in respect of ordinary shares of the company is directly or indirectly owned by a related company;
(b) 50 per cent of the paid up capital in respect of ordinary shares of the related company is directly or indirectly owned by the first mentioned company;
(c) 50 per cent of the paid up capital in respect of ordinary shares of the first mentioned company and the related company is directly or indirectly owned by another company.

“Related company” means a company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of the basis period for a YA.

Pursuant to the Finance Act 2017 which was gazetted on 16 January 2017, the income tax rate for the first RM500,000 of chargeable income will be reduced to 18 per cent effective from YA 2017.

- writ and relevant cause papers for all material litigation and arbitration disclosed in this master prospectus; and
- consents given by experts disclosed in this master prospectus.
UNIT TRUST LOAN FINANCING
RISK DISCLOSURE STATEMENT
16. UNIT TRUST LOAN FINANCING RISK DISCLOSURE STATEMENT

Investing in a unit trust fund with borrowed money is more risky than investing with your own savings.

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

1. The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.

2. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.

3. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal installments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan.

4. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.

Acknowledgement of Receipt of Risk Disclosure Statement

I acknowledge that I have received a copy of this Unit Trust Loan Financing Risk Disclosure Statement and understand its contents.

COMPLIANCE WITH LAWS IN VARIOUS JURISDICTIONS
17. COMPLIANCE WITH LAWS IN VARIOUS JURISDICTIONS

In managing the Fund, the Manager may be obliged to comply with, observe or fulfill the requirements or expectations of the laws, regulations, orders, guidelines, codes, market standards and requests of or agreements with any public, judicial, tax, governmental or other regulatory authorities or self-regulatory bodies (the “Authorities” and each is an “Authority”) in various jurisdictions relating to any matter in connection with the Fund and/or the Manager’s business including without limitation, tax compliance, anti-money laundering, sanctions, anti-terrorism financing or the prevention and detection of crime (the “Applicable Requirements”) which may be amended, promulgated or introduced from time to time.

In this connection, the Manager may take all reasonable steps to ensure compliance with and adherence to the Applicable Requirements subject to compliance with the relevant laws in Malaysia.

Disclosure of information to the Authorities

In complying with the Applicable Requirements and subject to the following, the Manager may be required to disclose any information relating to a Unit Holder and/or a Unit Holder’s investments to any Authority, including without limitation:

(a) the Unit Holder’s account number, investment and redemption details, and the amount of income distribution paid to the Unit Holder;
(b) if the Unit Holder is an individual, the name, nationality, address, tax identification number, and his United States person (“U.S. person”) status (if applicable); and
(c) if the Unit Holder is a corporation or any other type of entity, the name, registered office, business address, place of establishment, tax identification number, information of the management, substantial shareholders, legal and beneficial owners or controllers and its U.S. person status (if applicable).

If the Manager intends to disclose the information of a Unit Holder and/or a Unit Holder’s investments to any Authority, the Manager will seek the prior consent of such Unit Holder (unless such consent has already been given by the Unit Holder in the subscription or application form or in any other subsequent document, or unless the relevant laws in Malaysia provide otherwise) whether by mail or such other mode of communication as it deems appropriate.

Such disclosure may be sent by the Manager, its delegates or related corporations, or any other entity as the Manager deems fit.

If the Manager requires any further information or documents for the purposes of its disclosure to an Authority, the Manager may request and a Unit Holder shall provide the Manager with such further information or documents within such time as may be reasonably required by the Manager.

Notwithstanding the above, if such disclosure becomes mandatory under the relevant laws in Malaysia, the Manager shall be entitled to make such disclosure to the Authority without the prior consent of, or any notification to, a Unit Holder.
Updating of information by Unit Holder

A Unit Holder shall provide his or her assistance as may be necessary (including, where required, providing the Manager with further information and documents relating to the Unit Holder, associated persons or affiliates and where the Unit Holder is a corporation or any other type of entity, further information and documents relating to its management, and legal and beneficial owners) to enable the Manager to comply with its obligations under the Applicable Requirements.

The Unit Holder will update the Manager in a timely manner of any change to any of the details previously provided to the Manager whether at the time of subscription or at any other times. In particular, it is very important that the Unit Holder notifies the Manager immediately if:
(a) the Unit Holder is an individual, and there is a change in his or her nationality, he or she acquires additional nationality or citizenship, or changes in his or her tax residency; or
(b) the Unit Holder is a corporation or any other type of entity, and there is a change in its registered office, business address, substantial shareholders or their details, legal and beneficial owners or controllers or their details.

If any of these changes occurs or if any other information comes to the Manager’s attention concerning such changes, the Manager may be required to request certain documents or information from the Unit Holder. Such information and documents include but are not limited to duly completed and/or executed (and, if necessary, notarized) tax declarations or forms.

Effect of non-compliance by Unit Holder

If:
(a) a Unit Holder does not provide the Manager with the information or documents or any other assistance requested by the Manager in a timely manner;
(b) a Unit Holder does not update the Manager in a timely manner of any change to any of the details previously provided to the Manager whether at the time of subscription or at any other times; or
(c) any information or document provided by a Unit Holder is not up-to-date, accurate or complete such that the Manager is unable to comply with or adhere to the Applicable Requirements,

the Manager will continue to request for such information or document from the Unit Holder by letter, email, telephone or any other manner which the Manager may deem appropriate. Such information or document is required to ensure that the Manager complies with or adheres to the Applicable Requirements and protects the interests of the Fund.
Notice on Personal Data Protection

All personal data of a Unit Holder contained in the subscription or application form and all and any further personal data collected in the course of the business relationship with the Manager may be processed by the Manager or its delegates and other related corporation, including those established outside Malaysia, the Trustee or its delegates and any other intermediaries related to the Fund. Such data shall be processed for the purposes of account opening and administration, anti-money laundering requirements, tax identification (including for the purpose of compliance with the Applicable Requirements), processing of transaction(s) and/or any other general business purposes (except for direct marketing and promotion of the Manager’s other products and services) by the Manager.

For the purposes of the aforesaid notice, the term “personal data” shall have the same meaning prescribed in the Personal Data Protection Act 2010 (“the PDPA”) and the term “processed” shall have the same meaning as “processing” as prescribed in the PDPA.

Please refer to the subscription or application form for further details on the personal data protection requirements.

DETAILS OF EASTSPRING UNIT TRUST CONSULTANT (“UTC”)
1. Instructions/Voice Recordings

1.1. All instructions given or purported to be given via any written or facsimile transmission by the persons authorised to operate the Eastspring Master Account as recorded in the Eastspring Master Account Documents ("the Form") or by oral instructions in writing are binding on the Applicant. Eastspring shall have no obligation to verify the authenticity of any such instructions or the identity of any person giving such instructions.

1.2. Eastspring shall be entitled to use voice recording devices to record instructions communicated to it and such recording(s) may constitute evidence of the instructions.

2. Agent

2.1. If an Agent is named in the Form, Eastspring is entitled to process any instructions received from the Agent. Without further reference to the Applicant, Eastspring has received prior contrary instructions in writing duly signed by the Agent.

2.2. Eastspring shall be entitled to regard the Agent as the Applicant’s agent throughout the period of operation of the Eastspring Master Account unless otherwise notified in writing. Eastspring shall not be responsible for any action or omission on the part of the Agent and shall be under no obligation to verify the authenticity of the instructions received or to determine whether or not such instructions were authorised. The Applicant shall have no right of action against Eastspring in connection with the execution by Eastspring of such instructions and undertakes not to make any claim against Eastspring in connection therewith.

2.3. Eastspring reserves the right to reassign another qualified person to replace the Agent at any time deemed fit and without having to give any reason whatsoever by prior notice.

3. Confirmation Advises/Statements

Confirmation advises, statements, cheques and other documents shall be sent at the risk of the Applicant to the Applicant’s address as detailed in the Form. If the Applicant fails to notify Eastspring in writing of any errors in the confirmation advise within 14 calendar days from the date of issue, the Applicant shall be deemed to have waived any right to raise any objection to the transaction by the persons authorised to operate the Eastspring Master Account as recorded in the Eastspring Master Account Documents ("the Form") or by oral instructions in writing binding on the Applicant. Eastspring shall have no obligation to verify the authenticity of any such instructions or the identity of any person giving such instructions.

4. Monies

4.1. All application monies must be paid or remitted as instructed and any cheque(s) must be honoured when presented.

4.2. If an application is rejected in whole or in part, the application monies or balance thereof will be returned without interest, or any returns in the case of Islamic funds) by Eastspring by cheque or, at the cost of the Applicant, by telegraphic transfer, within 30 calendar days from the date of application.

4.3. The Applicant confirms that Eastspring may issue a cheque in Ringgit Malaysia to settle any redemption or other monies (if any) payable by Eastspring. Such cheque shall be made payable to the Unit Holder(s) registered from time to time and sent to the last registered address of the Unit Holder(s) on Eastspring’s records unless otherwise notified in writing.

4.4. In the absence of any expressed instructions in the Form, the Applicant hereby authorises Eastspring to automatically reinvest any distributions in the relevant Fund(s) without further reference to the Applicant.

5. Rejection/Cancellation of Application

Eastspring as the Manager of the respective Funds is entitled to:
(a) Reject any Form, which is not completed in full and supported by the requested documents and payments;
(b) Cancel any units issued if the payment for the units cannot be matched within 7 days of the date of receipt of the application or subscription instruction; and
(c) In its absolute discretion (without giving any reason) reject in whole or part hereof any application for subscription or switching and suspend the operation of the Eastspring Master Account.

6. Representation

The Applicant shall not rely on any information or representations other than those contained in the relevant Deed, Offering Documents and their supplements, if any.

7. Notices

All notices and other documents shall be sent at the risk of the Applicant to the Applicant’s permanent address as stated in the Form. Unless due to wilful default or negligence of Eastspring, Eastspring shall not be responsible for any inaccuracy, interruption, error, delay or failure in transmission or delivery of any notices via whatever means as agreed by the Applicant, or for any equipment failure or malfunction.

8. Indemnity

8.1. The Applicant hereby indemnifies Eastspring and the Trustee and any of their Agents against any actions, proceedings, claims, losses, damages, costs and expenses which may be brought or incurred by any of them arising either directly or in connection with this Form or in connection with Eastspring accepting, relying on or failing to act on any instructions given by or on behalf of the Applicant unless due to the wilful default or negligence of Eastspring.

8.2. The Applicant acknowledges and accepts that Eastspring has absolute discretion to rely on facsimile confirmation from the Applicant and undertakes to indemnify and hold harmless Eastspring, its employees and Agents against all costs, expenses, loss of liabilities, claims and demands arising out of relying on the Applicant’s confirmation.

9. Set Off

Eastspring is entitled to set off any claim, which Eastspring or the Trustee may have against any of the assets, units or cash of the Applicant held by Eastspring or relevant Trustee(s).

10. Tax Implications

The Applicant/Unit Holder shall be acquainted with the relevant tax laws and exchange control regulations in force in the countries of domicile, registration or incorporation of the entity. The Applicant/Unit Holder shall be liable to pay and/or settle all the relevant taxes payable by the Applicant/Unit Holder in accordance to the relevant laws and exchange control regulations in force in the countries of domicile, registration or incorporation of the entity. Eastspring in compliance with the Malaysian Tax law and any other applicable law shall deduct the relevant applicable taxes accordingly wherever applicable to the Applicant/Unit Holder without prior notification to the Applicant/Unit Holder. All the deduction will be incorporated in the statements of the applicant and Eastspring shall not be held liable for whatsoever reasons for any tax payments deducted on behalf of the Applicant/Unit Holder according to the Malaysia’s Tax-regulations and any other applicable law.

11. Sophisticated Investors

Only a sophisticated investor(s) may invest in a Wholesale Fund. The Guidelines on Unlisted Capital Market Products under the Lodge and Launch Framework defines a sophisticated investor to include any person who comes within any of the categories of investors as set out below:
(a) a holder of a Capital Markets Services License.
(b) a unit trust scheme under prescribed investment scheme or private retirement scheme.
(c) Bank Negara Malaysia.
(d) a closed end fund approved by the Commission.
(e) a bank licence or insurance licence as defined under the Labuan Financial Services and Securities Act 2010,
(f) an Islamic bank licensee or takaful licensee as defined under the Labuan Islamic Financial Services and Securities Act 2010,
(g) a licensed institution as defined in the Banking and Financial Institutions Act 1989 or an Islamic bank as defined in the Islamic Banking Act 1983,
(h) an insurance company registered under the Insurance Act 1996 or a takaful operator registered under the Takaful Act 1984,
(i) a company that is registered as a trust company under the Trust Companies Act 1949 which has assets under management exceeding RM10 million or its equivalent in foreign currencies; or
(j) a corporation that is a public company under the Companies Act 1965 which is approved by the Commission to be a trustee under the Act and has assets under management exceeding RM10 million or its equivalent in foreign currencies;
(k) a corporation with total net assets exceeding RM10 million or its equivalent in foreign currencies which is listed on a stock exchange in Malaysia;
(l) a partnership with total net assets exceeding RM 10 million or its equivalent in foreign currencies;
(m) a statutory body established by an Act of Parliament or an enactment of any State;
(n) a pension fund approved by the Director General of Inland Revenue under section 150 of the Income Tax Act 1967.

12. Miscellaneous

12.1. References to persons included entities, references to one gender include both genders and references to a singular includes the plural and vice versa.

12.2. The Form is personal to the Applicant and cannot be changed, assigned or transferred in any way by the Applicant.

12.3. Eastspring reserves the right to vary the Terms and Conditions at any time without notifying the Applicant.

13. Compliance with laws in various jurisdictions

13.1. Eastspring may be obliged to comply with or, at its sole and absolute discretion, choose to have regard to, observe or fulfil the requirements or expectations of the laws, regulations, orders, guidelines, codes, market standard, good practices and practices of or agreements with public, judicial, taxation, governmental and other regulatory authorities or self-regulatory bodies (the “Authorities”) in various jurisdictions relating to any matter in connection with its business including without limitation, tax, compliancy, anti-money laundering, sanctions, terrorism financing or the prevention and detection of crime as amended, promulgated and introduced from time to time (the “Applicable Requirements”).

13.2. In this connection, Eastspring may disclose the particulars or any information concerning Unit Holders and/or their investments to any Authority in connection with their compliance or adherence (voluntary or otherwise) with the Applicable Requirements.

13.3. If a Unit Holder where applicable does not:
(a) provide to Eastspring in a timely manner with the information or documents required as set out in the Offering Document/Eastspring Master Account or additional information as requested from time to time; and/or
(b) provide to Eastspring with information or documents that are up-to-date, accurate or complete, such that Eastspring is unable to ensure its ongoing compliance or adherence (whether voluntary or otherwise) with the Applicable Requirements, the Unit Holder, where applicable accepts and agrees that Eastspring may take such steps as it deems fit as set out in the Offering Document of the relevant funds.

Eastspring shall not be liable for any direct or indirect consequential losses arising from the foregoing.

UNIT TRUST LOAN FINANCING RISK DISCLOSURE STATEMENT

Investing in a Unit Trust Fund with Borrowed Money is More Risky than Investing with Your Own Savings

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

1. The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.

2. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.

3. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan.

4. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.

GENERAL INFORMATION ON PAYMENT

1. If payment is made by cheque:
   (a) Cheque/bank drafts should be made payable to “EASTSPRING INVESTMENTS BERHAD” and must be drawn on a bank located in Malaysia. The investor should write his/her full name and NRIC No. on the back of each cheque.
   (b) The cheque(s)/bank draft(s) must be attached to this Transaction Form. Alternatively, should the investor wish to deposit his/her cheque(s) into any of the Eastspring Investments Berhad bank accounts stated below, the investor is required to attach the cheque deposit slip stating his/her full name, NRIC No. and Master Account No. (if any).

2. If payment is made by EPF’s Members Investment Scheme, please fill in the KWSP 9N form and send it back to us with this Transaction Form.

3. If payment is made by Online Transfer, please provide a copy of the online transfer receipt together with this Transaction Form.

4. Third party cheques and third party online transfers are not allowed.

5. Upon the implementation of Goods and Services Tax (“GST”) effective from 1 April 2015, all fees, charges and expenses charged to the fund will be subjected to 6% GST and will be borne by investors, unless stated otherwise.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.

GENERAL INFORMATION ON PAYMENT

1. If payment is made by EPF’s Members Investment Scheme, please fill in the KWSP 9N form and send back to us with this Transaction Form.

2. If payment is made by Online Transfer, please provide a copy of the online transfer receipt together with this Transaction Form.

DIRECT DEBIT

Direct Debit is a collection model that directly debits your bank account by giving authorisation to Eastspring to initiate the transactions. You are to complete the Direct Debit Authorisation Form authorising Eastspring Investments Berhad to debit account at a certain amount and on a specified date. This is a FREE facility provided to Eastspring investors.

The participating banks are:
- Bank Islam • Bank of America (M) Berhad • Bank Kerjasa Rakyat • CIMB Bank • Citibank • Deutsche Bank • Hong Leong Bank • HSBC Bank • JP Morgan Chase Bank • Maybank • OCBC Bank • Public Bank • RHB Bank • Standard Chartered Bank

The above list is non-exhaustive, as the service provider will review the list from time to time.

Eastspring requires one (1) month to process and enrol your application with the bank. Therefore, you are advised to submit the complete application one month prior to the deduction date. For example, if you wish to commence deduction starting from 28 June 2011, the complete application should be submitted to Eastspring by 27 May 2011. However, the deduction effective date will depend on the date Eastspring receives the complete application as well as the bank processed date.

Investments pricing will be calculated based on the date Eastspring receives the money, which is before the 4.00 p.m. cut off time regardless of your deduction date.

TERMS AND CONDITIONS

Compliance with laws in various jurisdictions

1. Eastspring may be obliged to comply with or, at its sole and absolute discretion, choose to have regard to, observe or fulfil the requirements or expectations of the laws, regulations, orders, guidelines, codes, market standard, good practices and requests of or agreements with public, judicial, taxation, governmental and other regulatory authorities or self-regulatory bodies (the “Authorities”) in various jurisdictions relating to any matter in connection with its business including without limitation, tax compliance, anti-money laundering, sanctions, terrorism financing or the prevention and detection of crime as amended, promulgated and introduced from time to time (the “Applicable Requirements”).

2. In this connection, Eastspring may disclose the particulars or any information concerning Unit Holders, Joint Holders and/or their investments to any Authority in connection with its compliance or adherence (voluntary or otherwise) with the Applicable Requirements.

3. If a Unit Holder and Joint Holder, where applicable do not:
   (a) provide to Eastspring in a timely manner with the information or documents required as set out in the Offering Document/Eastspring Master Account or additional information as requested from time to time, and/or
   (b) provide to Eastspring with information or documents that are up-to-date, accurate or complete,

such that Eastspring is unable to ensure its ongoing compliance or adherence (whether voluntary or otherwise) with the Applicable Requirements, the Unit Holder and Joint Holder, where applicable accept and agree that Eastspring may take such steps as it deems fit as set out in the Offering Document of the relevant Funds.
