Notes:

As announced by the CPF Board in March 2018, for funds offered through the CPF Investment Scheme (CPFIS), sales charge will be removed progressively to reduce the cost of investing for CPFIS members. Refer to https://www.cpf.gov.sg/Assets/common/Documents/Sales_charge_FAQ.pdf for further details (URL link as of Aug 2020).

#The CPF interest rate for the Ordinary Account (OA) is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate. The interest rate for the Special Account (SA) and Medisave Accounts (MA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or current floor interest rate of 4% per annum, whichever is the higher. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio of Special Government Securities (SSGS) which the RA savings are invested in, which earn a fixed coupon equal to the 12-month average yield of the 10YSGS plus 1% computed for the year, or current floor rate of 4% per annum, whichever is higher. As announced in September 2019, the Government has decided to further extend the 4% floor rate for interest earned on SA, MA and RA monies for another year until 31 December 2020. In addition, the CPF Board will pay extra interest rate on the first S\$60,000 of a CPF member's combined balances, capped at S\$20,000 in the OA. Only monies in excess of S\$20, 000 in the OA and S\$40,000 in the Special Account can be invested.

Investors should note that the applicable CPF policies and interest rates for each of the CPF accounts may be varied by the CPF Board from time to time. Please visit the CPF Board Website for further information on CPF policies and interest rates.
