Under certain circumstances (not limited to the liquidity of the underlying investments in the underlying fund and the Fund) as detailed in the Prospectus, your realisation request may be deferred or suspended.

Product-Specific Risks

- **You are exposed to derivatives risks.** The Fund and/or the underlying fund may use derivative instruments for efficient portfolio management and/or hedging purposes. Derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments.
