GENERAL INFORMATION

Current Prospectus
Copies of the latest Eastspring Investments' (the "SICAV") Articles of Association and Prospectus dated July 2026 and Key Investor Document may be obtained, free of charge, from the Registered Office of the SICAV.

Please refer to the Prospectus dated July 2026 to have the current applicable terms and conditions.

The SICAV is governed by the Luxembourg Law dated December 17, 2010, as amended (the "2010 Law").

The SICAV complies with the provisions of the Directive 2009/65/EC of the European Parliament and of the Council of July 13, 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS).

Annual General Meeting
The annual general meeting of Shareholders of the SICAV will be held at the Registered Office of the SICAV or at such other place in Luxembourg at a date and time decided by the Board of Directors being no later than 6 months after the end of the Company's previous financial year.

Notices of all general meetings will be sent to the holders of registered Shares by post 8 days prior to the meeting at their addresses in the register of Shareholders.

The notices of all general meetings of Shareholders may be published in any newspapers as the Board of Directors may decide.

Report and Accounts
The financial year-end of the SICAV will be the last day of December of each year.

Annual Reports and Audited Financial Statements will be published within 4 months after the financial year-end and Condensed and Unaudited Semi-Annual Report will be published within 2 months after the end of the relevant period. Such reports will be made available at the Registered Office of the SICAV during normal business hours.

Publication of Prices
The Net Asset Value ("NAV") and the Issue, Conversion and Redemption Prices of the Shares in any Sub-Fund will be made public and available at the website of the Management Company (https://www.eastspring.com/lu) and at the Registered Office of the SICAV.

Prices for the Share classes listed on the Luxembourg Stock Exchange (Euro MTF market) are available on the Bourse de Luxembourg (www.bourse.lu).

At period-end, the following share classes were listed on the Euro MTF market segment of the Luxembourg Stock Exchange:

US High Yield Bond Fund Class A_{DM}
US High Yield Bond Fund Class C

Purchases and Sales
A detailed list of investments purchased and sold and statement of changes in portfolio for any Sub-Fund during the year/period is available upon request, free of charge, from the Registered Office of the SICAV.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

* In accordance with IFRS, redeemable shares issued by the Sub-Funds are classified as liabilities, which are measured at the value of net assets attributable to holders of redeemable shares. Changes in these liabilities are recognised in profit or loss as finance costs. Net profit under IFRS is determined after such finance costs and represents the profit attributable to equity shareholders. The Sub-Funds have no equity shareholders as defined by IFRS; therefore, the net profit under IFRS is zero. “Profit/(loss) before tax” is attributable to both debt and equity holders, while “Net profit” is attributable to equity holders.

2. Summary of Material Accounting Policies

The condensed interim financial statements of the Fund and each of its Sub-Funds have been prepared on a going concern basis.

The condensed interim financial statements of the SICAV have been prepared in accordance with IAS 34 'Interim Financial Reporting'.

Notes to the financial statements as at June 30, 2026 (continued)

2. Summary of Material Accounting Policies (continued)

The same accounting policies and methods of computation are followed in the preparation of these condensed interim financial statements as were followed in the preparation of the audited annual financial statements prepared for the financial year ended December 31, 2025.

Comparative information for the prior interim period has been restated from Luxembourg generally accepted accounting principles applicable to investment funds ("Lux GAAP") to IFRS Accounting Standards as adopted by the European Union ("EU") so that it is presented on a basis consistent with the current period condensed interim financial statements. Further details of the SICAV's transition to IFRS are included in the audited annual financial statements for the financial year ended 31 December 2025.

These condensed unaudited interim financial statements should be read in conjunction with the audited annual financial statements for the financial year ended 31 December 2025.

The following are the material accounting policies applied by the SICAV in preparing its condensed unaudited interim financial statements:

(a) Conversion of Foreign Currencies

The SICAV's condensed unaudited interim financial statements are presented in US Dollars ($), which is the currency of the primary economic environment in which it operates (its functional currency).

However, the SICAV operates a number of Sub-Funds, each with its separately determined functional currency which is its presentation currency as stated in the Condensed Statement of financial position.

Foreign currency transactions are translated into the relevant functional currency using the exchange rates prevailing on the dates of the transactions. Assets and liabilities denominated in foreign currencies are translated at the exchange rates prevailing at the reporting date.

The rates used to convert assets and liabilities at June 30, 2026, for all Sub-Funds and the SICAV, were as:

(b) Total Combined Figures

The combined figures* of the SICAV are expressed in USD and are equal to the sum of the net assets of the various active Sub-Funds translated into USD (where required):

a. at the rates of exchange prevailing in Luxembourg at the Sub-Fund's relevant valuation dates in the Condensed Statement of financial position, and

b. at the average yearly rates of exchange prevailing in Luxembourg in the Condensed Statement of comprehensive income, the Condensed Statement of changes in net assets attributable to holders of redeemable shares and the Condensed Statement of cash flows. The exchange rate differences resulting from the application of the average exchange rates are reflected under the line "currency translation" in the Condensed Statement of changes in net assets attributable to holders of redeemable shares and the Condensed Statements of Comprehensive Income.

* The combined opening balance was translated in USD using the average yearly rates of exchanges of 2026. The same net assets after dilution when combined using the average yearly rates of exchanges of 2025 reflected a figure of USD 18,749,282,781.

The combined figures of the Company are expressed in USD and include the total of the financial statements of the different Funds. For the Condensed Statement of financial position, the exchange rates prevailing at the Fund's valuation point on Luxembourg on June 30, 2026 are:

USD/EUR	0.8776	(2025: 0.8526)
USD/JPY	162.5000	(2025: 156.9450)

Notes to the financial statements as at June 30, 2026 (continued)

2. Summary of Material Accounting Policies (continued)

(b) Total Combined Figures (continued)

For the Condensed Statement of comprehensive income and the Condensed Statement of changes in net assets attributable to holders of redeemable shares, the exchange rates are the average rate calculated over the period:

USD/EUR	0.8572	(2025: 0.8845)
USD/JPY	158.1135	(2025: 149.4566)

Some of the Sub-Funds use cross investment techniques, meaning that the Sub-Funds invest into other Sub-Funds of the SICAV. The Condensed Statement of financial position, the Condensed Statement of comprehensive income and the Condensed Statement of changes in net assets attributable to holders of redeemable shares have not been adjusted to remove the impact of the cross investments.

The following Sub-Funds held cross umbrella investments as at June 30, 2026, outlined in the Schedule of Investments of the SICAV, the market value of which represents 1.35% of the combined assets.

2. Summary of Material Accounting Policies (continued)

(c) Dilution and Fair Value Adjustment Policy

(i) Price Adjustment Policy / Swing Pricing

The basis on which the assets of each Sub-Fund are valued for the purposes of calculating the NAV is set out in the Prospectus and in the Articles of Incorporation. The actual cost of purchasing or selling assets and investments for a Sub-Fund may however deviate from the latest available price or net asset value used, as appropriate, in calculating the NAV per Share due to duties, charges and spreads from buying and selling prices of the underlying investments. These costs have an adverse effect on the value of a Sub-Fund and are known as "dilution".

As at June 30, 2026, no dilution adjustment was applied to the closing NAV of the Sub-Funds, except for Sub-Fund Global Equity Navigator Fund and Global Multi Asset Income Plus Growth Fund (December 31, 2025: Global Multi Asset Income Plus Growth Fund). All Sub-Funds are subject to dilution, and all Sub-Funds applied a dilution during the period, except for the Sub-Funds Asia Multi Asset Income Plus Growth Fund, Asia Pacific Equity Fund, Asia Technology Innovation Fund, Asian Multi Factor Equity Fund, China A Shares Growth Fund, China Bond Fund, China Equity Fund, Global Market Navigator Fund, Global Multi Asset Balanced Fund, Global Multi Asset Conservative Fund, Global Multi Asset Dynamic Fund, India Opportunities Equity Fund, and Philippines Equity Fund (December 31, 2025: Asia Pacific Equity Fund, China Equity Fund, Global Technology Fund, Greater China Equity Fund and India Equity Fund). For those Sub-Funds, the dilution adjustment calculated in accordance with the principles of the "Price Adjustment Policy" disclosed in the Fund's Prospectus and applied on its closing NAV as at June 30, 2026 is disclosed in the Condensed Statement of financial position under the caption "Adjustment due to dilution".

(ii) Fair Value Adjustment Policy

In addition to "dilution" adjustments and as stated in the Prospectus under the section "Price adjustment policy", price adjustments may also be applied to prevent arbitrage.

As at June 30, 2026 and December 31, 2025, there were price adjustments applied to a number of Sub-Funds' year end NAVs to prevent arbitrage. Such price adjustments were not material.

4. Investment Management Fees (continued)

When the Sub-Fund invests a substantial proportion of its assets in other UCITS and/or other UCIs, the maximum level of the management fees that may be charged by the other UCITS and/or other UCIs in which it intends to invest shall not exceed 1% per annum of the relevant net assets. No management fee will be charged by other sub-funds of the SICAV.

For the period ended June 30, 2026, and year ended December 31, 2025, the Management Fees charged to the Sub-Funds for their holdings in the shares or units of other UCITS and/or other UCIs that are managed were as follows:

5. Operating and Servicing Expenses

The Management Company is entitled to receive a fee from the SICAV to cover certain operating and servicing expenses which are incurred throughout the lifetime of the SICAV, its Sub-Funds or Share Classes.

The expenses attributable to the individual Sub-Funds shall be allocated directly to them. Otherwise the expenses shall be allocated among the individual Sub-Funds in proportion to the Net Asset Value of each Sub-Fund.

The Management Company is responsible for paying out of this fee, the fees and expenses payable to the Depositary, the Administration Agent and the Registrar and Transfer Agent or any other appointed entity.

The following list is indicative but not exhaustive of the types of services that the operating and servicing expenses cover:

- Management Company expenses
- Custody, depositary and safekeeping charges
- Transfer, registrar and payment agency fees
- Administration, domiciliary and fund accounting services
- Transaction fees
- Collateral management fees
- Audit fees
- Registration fees
- Taxe d'abonnement – an annual subscription tax in Luxembourg
- Listing fees
- SICAV Directors' fees
- Professional costs (including, without limitation, the fees and disbursements of counsel, consultants, tax and other advisers or third party support services) that may be incurred by the SICAV, the Management Company, the Depositary, the correspondents or the Administration Agent while acting in the interest of the Shareholders
- Documentation costs – preparing, printing, translating and distributing documents including, but not limited to, the Prospectus, Key Information Documents, annual reports, semi-annual reports and other offering documents necessary under local regulations made available directly or through intermediaries to its shareholders in markets in which the Sub-Funds are registered for sale in compliance with local regulations
- Costs associated with the collection, reporting and publication of data about the SICAV, its investments and shareholders as required by laws and regulations from time to time
- Fees charged by third party vendors for publishing fund performance data
- Any industry association fees for the benefit of the SICAV.

To preserve Shareholders from fluctuations in a Sub-Fund's operating and servicing expenses, the SICAV has agreed with the Management Company that the fee charged to cover operating and servicing expenses is normally set, for each Sub-Fund and/or Share Class, at a fixed annual percentage of the net asset value of the relevant Sub-Fund or Share Class. Such fixed annual percentage will correspond to anticipated expenses determined on an arm's length basis by the SICAV and the Management Company. The excess of such expenses above such annual percentage will be borne directly by the Management Company or its affiliates, and equally the Management Company or its affiliates may retain any surplus.

The expenses will be accrued daily and will be payable monthly in arrears.

The actual amount paid for operating and servicing expenses are disclosed in the Statement of comprehensive income.

For the period ended June 30, 2026, and year ended December 31, 2025, the Operating and Servicing Expenses per Class A, F, G, R, T3 and V are 0.25% per annum, and Class B, C, D, E, J, Q and Z are 0.10% per annum. The Operating and Servicing Expenses are calculated based on these share classes for the period ended June 30, 2026, and year ended December 31, 2025.

Notes to the financial statements as at June 30, 2026 (continued)

6. Distribution Fee
The Management Company shall receive from the SICAV a fee payable monthly in arrears as a percentage per annum of the average monthly NAV of the Sub-Fund during the relevant month and typically uses some or all of this fee to compensate the Global Distributor for their services in connection with marketing and distributing Class T3 Shares. The maximum distribution fee will be 1.00% as indicated in the Prospectus.

7. Tax Status
The SICAV is registered under Luxembourg law as an investment company. Accordingly, no Luxembourg income or capital gains tax is at present payable by the SICAV. However, it is subject to an annual "taxe d'abonnement" calculated at an annual rate of 0.05% of the net assets, such tax being payable quarterly and calculated on the basis of the net assets of all Sub-Funds at the end of the relevant calendar quarter. This tax is reduced to 0.01% per annum of the net assets relative to shares reserved to institutional investors. The portion of the net assets invested in undertakings for collective investments already subject to the "taxe d'abonnement" are exempt from this tax. Dividends, interest and capital gains on securities held by the SICAV may be subject to non-recoverable withholding tax or capital gains tax in the country of origin.

On 20 December 2023, legislation was enacted in Luxembourg to introduce with effect from January 1, 2024 the OECD's Pillar Two global minimum tax rules and qualified domestic minimum tax, both at a rate of 15 per cent. The SICAV, as an investment entity, is not subject to the Luxembourg domestic minimum tax rules and the global minimum tax rules will not apply to the SICAV because it does not hold a controlling interest in an overseas constituent entity. As such, no material impact to the SICAV's tax charge for the 2026 financial period is expected. The SICAV has applied the IAS 12 paragraph 4A mandatory exception from recognising and disclosing information on deferred tax assets and liabilities related to Pillar Two income taxes as at June 30, 2026.

For Austrian residents only:
Some share classes of the SICAV are tax transparent in Austria. The list of share classes considered as tax transparent in Austria is available on the website of the Oesterreichische Kontrollbank AG ("OeKB") at https://www.profitweb.at under section "Liste KESt-Meldefonds".

The Deemed Distribution Income (or "DDI") or any distribution payments to investors are likely available no later than seven months after year-end of the fund or rather one day before the payment date of distribution. It will be published on the OeKB website upon availability. If the shares are held by individuals and corporations tax resident in Austria and subject to Austrian withholding tax at an Austrian deposit, Austrian banks deduct the Austrian withholding tax at investor level.

For German residents only:
Investors are advised that the following Sub-Funds: Eastspring Investments – Japan Dynamic Fund, Eastspring Investments – Global Emerging Markets Dynamic Fund, Eastspring Investments – China A Shares Growth Fund, and Eastspring Investments – Global Low Volatility Equity Fund qualify as equity funds ("Aktienfonds") within the meaning of section 2 paragraph 6 of the German Investment Tax Reform Act dated July 8, 2016 (GITA) effective since January 1, 2018.

In accordance with the partial tax exemption regime as it is defined in the section 20 paragraph 1 of the GITA, all the above listed Sub-Funds invest and will continuously invest at least 51% of their assets in equity participations in accordance with section 2 paragraph 8 of the GITA.

For Swiss residents only:
Some share classes of the SICAV are tax transparent in Switzerland and are visible on https://www.ictax.admin.ch.

The Net Investment Income ("NII") will be published on the website of the Swiss Federal Tax Administration upon availability at https://www.ictax.admin.ch.

Investors are responsible for reporting and disclosing the relevant tax figures and distributed income where necessary in their own tax return.

For UK residents only:
The United Kingdom Reporting Fund Status ("UK RFS") has been granted to some share classes of the SICAV. Details of which funds have UK RFS can be found on the HMRC's website at https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds. This list reflects as well the ceased date when the share classes withdraw from the regime.

Notes to the financial statements as at June 30, 2026 (continued)

7. Tax Status (continued)

Reportable income figures are available six months after year end and will be published on the website of the Management Company (www.eastspring.lu) upon availability, as well as on the website https://www.kpmgreportingfunds.co.uk/.

Investors are responsible for reporting and disclosing the relevant excess of reportable income and distributed income where necessary in their own tax return.

India Tax

Gains arising from transfer/sale of Indian securities are subject to tax in India ("Capital Gains Tax"). With effect from August 28, 2017, based on current best estimates, SICAV has made a provision of the potential Capital Gains Tax ("CGT") using the applicable tax rates enacted during the financial year. This amount refers to the daily provision calculated which reflects the potential tax to be paid considering the aging of the assets and their current prices on the market. The provision is reflected into the NAV to ensure the potential CGT is accounted for and hence negligible impact on the NAV once CGT arising from the sale of Indian securities will actually be paid. The actual CGT payment will be offset against the daily provision such that the NAV will not be hit by this tax payment. Subject to relevant tax adjustments, the actual CGT assessment may slightly differ from the provision estimates.

China Withholding Income Tax and Value-Added Tax

By investing in China-A shares or People's Republic of China ("PRC") debt securities, the SICAV or the relevant Sub-Fund(s) may be subject to Withholding Income Tax (WHT) and Value-Added Tax (VAT) at the applicable tax rates. From May 7, 2018 until November 6, 2018, WHT & VAT provisions were included in the NAV on interest income received from the PRC debt securities investments. No further provisions were made in view of the 3 years exemption of PRC corporate income tax and Value-Added Tax on bond interest derived by foreign institutional investors from investment in bonds in China bond market. The exemption is from November 7, 2018 to December 31, 2025. In January 2026, the State Taxation Administration announced that this exemption has been further extended to be effective from January 1, 2026 until December 31, 2027.

8. Fair value information

IFRS 13 Fair Value Measurement requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised for assets and liabilities in the Statement of financial position. The disclosures are based on a three-Level fair value hierarchy for the inputs used in valuation techniques to measure fair value.

The fair value hierarchy has the following levels:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The Level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest Level input that is significant to the fair value measurement in its entirety. For this purpose the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Level 3 valuations are reviewed on a monthly basis by the SICAV's valuation committee which reports to the Board of Directors on a quarterly basis. The committee considers the appropriateness of the valuation model inputs, as well as the valuation result using various valuation methods and techniques generally recognised as standard within the industry. In selecting the most appropriate valuation model, the committee performs back-testing and considers which model's results have historically aligned most closely to actual market transactions.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The Sub-Funds consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Notes to the financial statements as at June 30, 2026 (continued)

8. Fair value information (continued)

The fair value of financial assets and liabilities traded in an active market (such as trading securities) are based on quoted market prices at the close of trading on the financial year-end date.

A financial instrument is regarded as quoted in an active market if the quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions.

In the event that market quotes are not readily available for either of these inputs, the value of the relevant input shall be determined in good faith by the Administrator, the Management Company, or another independent service provider, generally based upon recommendations provided by the Investment Manager.

The carrying values of cash and cash equivalents, other receivables and payables are assumed to approximate their fair value.

Investments, whose values are based on quoted market prices in active markets and therefore classified within Level 1.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2.

The Schedule of investments shows the investments split by country of origin.

The following tables analyse within the fair value hierarchy the Sub-Funds' financial assets and liabilities (by class) measured at fair value.

Valuation of Investments and Other Assets

1 the value of any cash on hand or on deposit, bills and demand notes, account receivables, prepaid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof, unless unlikely to be paid or received in full, in which case the value will be discounted as the Directors may consider appropriate in such case to reflect the true value thereof;

2 the value of securities which are quoted or dealt in on any Stock Exchange shall be in respect of each security, the last known price, and where appropriate, the middle market price on the Stock Exchange which is normally the principal market for such security;

In accordance with the pricing policy of the relevant Sub-Funds, the market prices applied to equity Sub-Funds and bond Sub-Funds are the mid prices and the bid prices respectively.

3 securities dealt in on another regulated market are valued in a manner as near as possible to that described in the preceding paragraph;

4 in the event that any of the securities held in any portfolio on the relevant valuation day are not quoted or dealt in on a Stock Exchange or another regulated market or, for any of the securities where no price quotation is available, or if the price as determined pursuant to sub-paragraphs (2) and/or (3) is not in the opinion of the Directors' representation of the fair market value of the relevant securities, the value of such securities will be determined based on the reasonably foreseeable sales price determined prudently and in good faith;

5 all other assets will be valued at their respective fair values as determined in good faith by the Directors in accordance with generally accepted valuation principles and procedures.

Valuation of Corporate Bonds and Securitisations

Corporate bonds and securitised assets are valued based on either indicative prices communicated by brokers or calculated prices from sources such as FT Interactive Data or Valuelink. The Directors believe that such quotes and prices correspond to the market practice valuation of these securities.

17. Soft Commission

There were no material changes during the period in relation to soft commission arrangements as disclosed in the audited annual financial statements for the year ended 31 December 2025.

18. Transactions with Connected Persons

Certain Directors of the SICAV are or may also be officers and/or directors of one or more of the Investment Manager or the Investment Sub-Managers of the SICAV. During the year, none of the Directors of the SICAV held shares in any of the Sub-Funds of the SICAV. Any potential conflict of interest in this respect is being disclosed and monitored under Management Company's conflicts of interest policy, which also applies to SICAV Board members.

The SICAV has entered into, via the Management Company, agreements and arrangements with the Investment Manager and Global Distributor, who is considered a connected person, under which the Investment Management Fees and Distribution Fees are payable.

The SICAV has entered into, via the Management Company, agreements and arrangements with the Management Company and Directors, who are considered connected persons. These agreements and arrangements cover Management Company expenses and SICAV Directors' fees, under which Operating and Servicing Expenses are payable.

The Investment Management Fees that are paid by the SICAV to the Investment Manager, via the Management Company, are detailed in Note 4 to the financial statements.

No transactions of the SICAV were effected through a broker who is a connected person of the SICAV, the Investment Manager or the Directors of the SICAV. All transactions with connected parties were entered into in the ordinary course of business and under normal commercial terms.

Notes to the financial statements as at June 30, 2026 (continued)

Appendix 4
Securities Financing Transactions Regulation (SFTR)

The Investment Manager is required to make available an Annual Report for the financial year for each of its Sub-Funds, containing certain disclosures as set out in Article 13 of the European Commission Regulation 2015/2365 on transparency of securities financing transactions and of reuse of collateral (the "Regulation"). The disclosures set out below are included to meet the requirements of the Regulation.

Securities lending

During the year ended and as at June 30, 2026 the SICAV was engaged in securities lending as type of securities financing transaction in scope of the Regulation.

Please refer to Note 12 Securities Lending for details on revenue arising from security lending for the year ended December 31, 2025 together with direct and indirect operational costs/fees incurred.

All securities lending transactions entered into by the Sub-Funds are subject to a written legal agreement between the Sub-Funds and the Securities Lending Agent, The Bank of New York Mellon SA/NV, and separately between the Securities Lending Agent and the approved borrowing counterparty.

The following table details the aggregate value of securities on loan by Sub-Fund as a proportion of total lendable assets and each Sub-Fund's NAV as at June 30, 2026:

The type and quality of collateral obtained in respect of securities lending transactions are as follows:

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received or posted as collateral is based on the respective contractual maturity date, while for equity securities and ETFs received or posted as collateral are presented as open transactions as they are not subject to a contractual maturity date.

Appendix 4 (continued)
Securities Financing Transactions Regulation (SFTR) (continued)

All cash received or posted as collateral has an open maturity tenor as it is not subject to a contractual maturity date.
